GREEK ANGER IS MANIFEST

Grave Trouble Breaks Out With News of Bulgarian Invasion.

AUSTRIANS ARE DRIVING AHEAD

Italians Fight Desperately in Effort to Stay Their Progress.

Today's War News Given in Summary

The Austrian drive against the Italians in the southern Tyrol continues to progress in the region of Arsiero, southeast of Roverto, where Gen. Cadorna's forces are fighting desperately to prevent their foe from breaking through and gaining the route to the Venetian provinces.

Vienna reports the capture of fortified works at Cornowo, west of Arsiero, and an important position in the fortified district of Asiago, northeast of Arsiero.

The Germans have renewed their activities on the west bank of the Meuse in the region of Verdun, debouching at Corbeaux wood and driving against the French lines to the west of Cumieres village. Paris declares these attacks were repulsed.

The lull in infantry activity on the ...st bank of the river is being filled ... by the artillery which has been ...tably busy in the vicinity of Fort ...x, southeast of Fort Douaumont, ...ar which most of the heaviest fighting in this sector of the Verdun front ...as occurred recently.

The situation in the Balkans indicates important developments in the near future.

Athens advices report the breaking out of serious troubles in the Greek capital after it became known there that Bulgarian forces had invaded Macedonia. The Bulgarians now on Greek soil are estimated to number 25,000.

The entente forces at Salonika are reported to have just been reinforced by the arrival of some 80,000 to 100,000 Serbians, the remainder of King Peter's army.

Dispatches via London from the field of war in German East Africa report the slow but sure formation of a cordon around the German forces there.

Paris, May 29.—A news dispatch from Athens says that grave trouble has broken out there following the news of the invasion of Macedonia by the Bulgarians.

Bulgarian troops crossed the Greek grontier on May 26 and occupied the Greek forts of Rupel, Dragotin and Spatova. The Greek troops, which had garrisoned these forts, withdrew on the advance of the Bulgarians, who claimed permission from the Athens government for their act.

HOERNER PRESIDES AT WALTHER LEAGUE

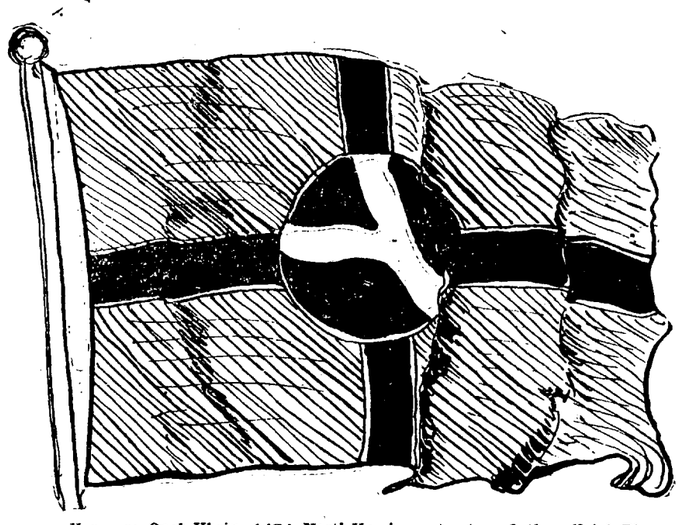
Evansville, Ind., May 29.—The business sessions of the Indiana district convention of the Walther league opened this morning with President A. J. oHerner, of Fort Wayne, presiding.

Mayor Bosse delivered the welcoming address and Walter W. Meier spoke in behalf of the local society. Two hundred delegates from Indiana cities are attending the meeting.

The belief obtains here that F. A. Diekman, of this city, will be chosen as the new president of the state organization.

NEW BLOOMINGDALE FLAG A...

GIRL WHO DESIGNED IT.



Here are Opal Uhrig, 1424 North Harrison street, and the official Bloomingdale flag which she designed, and which a committee has accepted as the emblem of the neighborhood. Opal tried her best to be dignified, but the camera man was so foolish that she was compelled to smile.. Then "click!" and that was all.

The deep black on the flag is red in the original, the lighter shaded portions blue and the remainder white.

MORE BOOMS AT CHICAGO

Those of Mr. Hughes and Mr. Dupont Arrive at Convention City.

DELAWARE MAN IS CARRYING HIS OWN

More Indiana Republicans on Hand to Aid Fairbanks Cause.

Chicago, May 29.—Two additional booms of candidates for the republican nomination for president were brought to Chicago today. They were those of Charles Evans Hughes, of New York, and Coleman Dupont, of Delaware.

Frank H. Hitchcock, accompanied by William E. Edward, former national committeeman from New York, launched the pre-convention campaign in the interest of Justice Hughes. Headquarters for Hughes will not be opened in Chicago, according to Mr. Hitchcock.

Mr. Hughes is not an active candidate for the presidential nomination and therefore no headquarters for him will be opened here, but his friends who are urging his nomination will work in his interest as individuals, said Mr. Hitchcock.

Dupont on the Job.

Coleman Dupont and a score of friends arrived early in the day and headquarters for him, it is said, will be opened

BLIND TIGER MAN IS IN BAD AGAIN

Walter Wedlaw, colored, who conducts a restaurant for negro patronage on Lafyette street near the Curry saloon, is in bad again. He was arrested Monday morning on a blind tiger charge after Walter Hall, a negro from Garrett, Ind., had testified that he bought a drink of whisky Sunday in Wedlaw's place. Hall was arrested Sunday evening by Officer John Godfrey, and in the course of his hearing gave the testimony on which Wedlaw was arrested. A warrant was issued for Wedlaw forthwith and he was brought in before court adjourned. He retained Frank H. Kleekamp to defend him, and after pleading not guilty the case was continued until Wednesday. His bond was fixed at $400 and Hall, who had been fined $5 and costs on a drunk charge, was put under $200 bond as a witness. Wedlaw was fined $50 and costs in the circuit court a few days ago on a similar charge.

EMPEROR WANTED TO SEE ART FLY

Will Schnorr, who is with Art Smith the Fort Wayne birdboy, in Japan, has written to his brother, Henry Schnorr, that Art has taken the Japanese by storm and that "even the Emperor wants him to fly for him up at his castle which is an honor no other person ever had."

Schnorr writes as follows: "Art flew in a wind the other day at Nagoya, Japan, that you could not stand up in and looped the loop. You ought to have seen the crowd go wild when he landed. One of the big high officers took him in his arms and just hugged the life out of him. They thought it was impossible for him to do anything like that. Art is the whole thing in Japan. All day you hear nothing but Art. He is liked here so well they will not leave him out of their sight."

Schnorr is a son of Tobias Schnorr, a contractor residing at 2011 Maumee avenue. From Japan Smith and his party will go to Honolulu.

REHEARSALS AT PAGEANT GROUNDS.

Tonight everybody in scenes 1, 2 and 3 will rehearse at the pageant grounds, Reservoir park, at 8 o'clock.

No rehearsal of the people on Memorial day. Tuesday evening will be devoted to a rehearsal of scenery, lights and properties only.

On Wednesday evening everybody of scenes 4, 5 and 6 will meet at the grounds for rehearsal.

(In case of rain, rehearsals will be held at Shrine hall.)

ARMY NURSE OBSERVES EIGHTIETH BIRTHDAY

Mrs. Helena Wolff, who was a nurse in the civil war from 1861 to 1863 and who served her country during these perilous days as faithfully and as devotedly as any soldier who carried a musket, celebrated her eightieth birthday Monday. Mrs. Wolff was the recipient of many beautiful presents from friends. For a number of years she has been making her home in the Bank building, where she has furnished rooms. Although 80 years old she possesses all of her faculties and has never been known to wear glasses. She is as spry as a woman half her age.

LAST MINUTE NEWS.

NO STRIKE OF WIRE MEN ON EVE OF CONVENTION

New York, May 29.—The possibility of a strike of commercial telegraphers on the eve of the republican national convention at Chicago was virtually dismissed by S. J. Konenkamp, president of the Commercial Telegraphers' union, which opened its eighth biennial convention here.

WHITE HOUSE EMPLOYES WILL MARCH IN PARADE

Washington, May 29.—Led by Secretary Tumulty, employes of the white house will march in the preparedness parade here on Flag day, June 14. President Wilson probably will review the parade.

MURDER, SAYS THE CORONER

Hartford City Man is Hurried to State Prison for Safe-Keeping.

HURLS BUCKET OF CORN; KILLS CHILD

Albert Thomas, Prominent Farmer, Vents Anger at Autoists.

Hartford City, Ind., May 29.—Coroner Charles Rutledge filed a report of murder with the county prosecutor today after he had held an inquest in the death of Geraldine Stout, 8, who, while riding in an automobile yesterday with her parents Mr. and Mrs. C. E. Stout, was struck and killed by a bucket of corn hurled by Albert Thomas, 45, a well-known farmer, as he stepped aside to let the machine pass in the road.

Thomas was taken to Muncie last night and on to Michigan City today for safe keeping, as the feeling against him here and at Upland, the home of the Stouts, is great. The grand jury, which convened today, also was expected to take up the investigation of the case at once.

Thomas, before being taken away explained his act by saying that he was startled by the sudden appearance of the machine and threw up his hands, accidentally letting the bucket fly into the machine. Members of the Stout party, however, assert that Thomas cursed them as he let go of the bucket. The little girl was sitting on her father's lap when hit. Dr. Stout jumped from the car and attacked Thomas with a knife. He was restrained by a crowd, which quickly collected.

Examination of the girl's body showed that the bucket of corn struck the girl's head, breaking her neck and causing instant death.

ONE TROUBLE WITH RIDING IN A JITNEY

One trouble with riding in a jitney at busy hours is that folks get mixed up and some of the conventions are difficult to keep. Cy Wright, tried in the city court Monday morning on a drunk charge, knows it. Cy was arrested Saturday night on complaint of a young lady he says is his best girl. He said they had been to a movie show down town and started home in a jitney so badly crowded that another girl had to sit on his lap. When Cy and his young woman left the nickel carryall his steady was all fussed up over the seat Cy had furnished the other lady passenger and would have nothing to do with him. Cy trailed along trying to explain and make his peace until he got to be a bore and his girl took refuge in a house at Runnion avenue and Third street, about two blocks from her home. Cy stuck around and tried to get her to come out to talk it over. The girl didn't come. She was too busy calling the police. Motorcycle Officer Jack Lynch, who was detailed, found Cy hiding in the shadow of the lattice on the front porch and pinched him. Most of this is Cy's version of the affair. Judge H. Waveland Kerr didn't seem much impressed by the virtue of the circumstances for he fined Cy $5 and costs.

CONFERENCE IS HELD AT THE WESTERN GAS

Statement Issued by Machinists on Strike at Wayne Oil Tank Plant.

Officials of the Western Gas Construction company and a committee representing the union machinists who are on strike were in conference Monday for the purpose of discussing a plan for a settlement of their differences.

Both sides are willing, it is understood, to give concessions and with this spirit manifested an early settlement of the strike is predicted.

Conditions at the Wayne Oil Tank and Pump company, the Fort Wayne Engineering and Manufacturing company and the American Steel Dredge works remain unchanged. All the plants where strikes have been declared are still in operation.

Committee Issues Statement.

A committee composed of L. R. McColley, H. Nogel and W. F. Horman, of the machinists on strike at the plant of the Wayne Oil Tank and Pump company, issued the following statement Monday:

"The management of the Wayne Oil Tank and Pump company has persistently given out the statement that the break between this firm and its machinists came over the question of an open or closed shop. We wish to state that this question was of minor importance when compared with other questions under consideration.

"Mr. Griffin, president of the Wayne, and Mr. Diserens, general manager, seemingly have not been able to agree between themselves as to what the employes should have. Mr. Griffin is willing to sign a bulletin stating conditions of labor and rates of wages, while Mr. Diserens will sign nothing, leaving the men uncertain as to the future and also leaving many opportunities for future disagreements over misunderstandings that could easily arise due to a verbal agreement between the manager and a committee of three employes.

"This above everything else caused the break. Machinists have learned through experience that verbal agreements are all too often the causes of future trouble and this we are trying to avoid."

RAIN DELAYS FINAL QUALIFYING TRIALS

Indianapolis, May 29.—Rain today delayed the final qualifying trials for the automobile race tomorrow in which Ralph Mulford, Gaston Chevrelot and Robert Delno were to have tested the ability of their mounts to circle the brick track at the rate of 80 miles an hour. By special arrangement, if they do not get to make the trials today they will be run off early in the morning.

Despite the heavy rain here today the Speedway management announced that the race would not be postponed if the weather clears before 1:30 tomorrow afternoon, the starting time set for the race.

JAMES J. HILL PASSES AWAY

American Empire Builder Expires at His Home in St. Paul.

NOTED RAIL KING WAS 78 YEARS OLD

Man Who Did Most to Develop Northwest Had Striking Career.

St. Paul, May 29.—James J. Hill, railroad builder, capitalist and most widely known figure of the northwest, died at his Summitt avenue residence at 9:30 o'clock this morning as the result of an infection due to bowel trouble.

Mr. Hill was unconscious for nearly twelve hours before he died. Dr. Herman M. Biggs and Dr. Stanley Seager together with members of the immediate Hill family were at the bedside when the end came.

Secretary Makes Announcement.

Mr. Hill's personal secretary, M. R. Brown, made the announcement of his employer's demise to waiting newspaper correspondents at the Hill residence. His statement was made verbally, with the intimation that a written bulletin might be issued later.

Questioned regarding a date for obsequies Mr. Brown said that no arrangements had been discussed.

Was Sinking Rapidly.

Mr. Hill at 8:40 o'clock this morning was sinking rapidly and members of the pioneer railroad builders' family were prepared to meet the end at any hour.

The following bulletin, signed by Dr. Herman M. Biggs, of New York, was issued at that time:

"Mr. Hill has failed rapidly during the night and his condition early this morning became critical. It is not likely that he will live through the day."

His Remarkable Career.

James J. Hill discovered "the bread basket of the world" in the great northwest; he led in its development from a wilderness into what now comprises six wealthy states dotted with 400,000 farms, and he blazed a trail for transportation which reached eventually from Buffalo to Asia, with a total mileage of rail and steamship facilities that would nearly girdle the earth.

That but roughly spans the story of his achievement.

Near Guelph, in Ontario, where James (Jerome) Hill was born in 1838, the son of an Irish-Canadian farmer, who died when the boy was 15, there stands a tree stump labeled: "The last tree chopped by James J. Hill."

It marked the lad's resolution to go to the United States. He had been prompted by an odd incident. According to the story that is told, a strange traveler had stopped at the Hill farm to take dinner, and left his horse at the gate. Young Hill saw the animal was tired and he carried it a pail of water. The stranger was pleased with the lad's thoughtfulness and as he drove off he tossed him a newspaper from the United States, and called out gravely:

"Go there, young man. That country needs youngsters of your spirit."

Hill read the paper carefully. It contained glowing accounts of opportunities in the states. He resolved to investigate for himself. It was the next morning that he chopped his last tree.

AMBITIOUS PLANS FOR FOURTH WARD

Civic Beauty Plans Look to Unique Treatment for Each Street.

Ambitious plans are contemplated for the civic beauty scheme in the Fourth war in the general clean up and beautification campaign now engaging the whole city and if these plans are carried out each street in the ward will be given unique treatment. John Volland, counselor for the ward in the campaign, and County Treasurer William F. Ranke, who resides in the ward, are the leaders of this movement to work out distinctive plans for the beautification of each street so that beauty with variety may be presented. The people of the Fourth are much interest and that district of Fort Wayne gives promise of a striking transformation.

Residents of Pontiac place have under way a movement for the organization of a civic improvement association and will meet at the James H. Smart public school at 7:30 Monday evening, May 29, when it is expected the movement will take definite and permanent form.

THE DEATHS

NAGLE.

While seated on the porch at the office of Mrs. Ella Fitzgerald, at 201 West Washington street, Louis Nagle, aged forty-eight years, died very suddenly Saturday evening at 7 o'clock. Coroner McArdle stated that death was due to organic heart trouble, from which the deceased had suffered for some time.

The deceased had been the janitor at the Fitzgerald employment offices for two years and was at one time employed as elevator man at the Anthony hotel. He is survived by two children and a brother residing at Greenville, Ohio.

The body was shopped to Greenville for burial.

MANN.

Mrs. Ida J. Mann, wife of Theodore Mann, of 1157 Cedar street, died at 4:10 o'clock Monday morning at the Hope hospital where she had undergone an operation just a week ago. She had attained the age of 45 years and had been a resident of Fort Wayne for five years.

She was born in Marion county, Indiana, but shortly after marriage came to this city. She was an active member of the First M. E. church and for two years served as superintendent of the Junior League.

Besides the husband she is survived by the parents, Mr. and Mrs. H. Reddick, of Castleton, Ind.; one brother, Harry Reddick, of Indianapolis, and three sisters—Mrs. Charles Calvin and Mrs. Harry Markley, of Indianapolis, and Mrs. J. B. Ritter, of Salem, Neb.

Funeral services Tuesday evening at 7:30 o'clock at the residence. The body will be shipped to Indianapolis Wednesday morning and funeral services will be held there Thursday.

MADDEN.

John Madden, for several years manager of the city crematory and well known in Fort Wayne, died at 3 o'clock Monday morning at the family home, 919 West Main street, at the age of 73 years and 3 months. Death was due to a complication of diseases.

Mr. Madden was born and reared in Fort Wayne and had resided here in Fort Wayne for forty-five years. Besides the widow he is survived by a daughter, Miss May; two brothers, Kennedy Madden, of Churubusco, and James Madden, of Hutchinson, Kas., and several nephews and nieces. The deceased was a member of the Cathedral congregation.

PUT WOMAN OFF CAR; FINED.

Conductor Appeals From Ruling Favoring Colored Passenger.

Indianapolis, May 29.—Ralph Crippen, a street car conductor, was fined $10 and costs in city court for assault and battery on Nettie Crowdus, colored, who lives in the rear of 1516 College avenue. Crippen and the woman were arrested, both accused of assault and battery, after the conductor had put her off a College avenue car, at Delaware and Massachusetts avenue, Saturday night.

The testimony was that Crippen struck the woman twice. Crippen said he put her off the car because she had given him a Pennsylvania street car transfer. She denied this and said she paid a cash fare. Crippen appealed the case.

FINALLY WINS VICTORY.

Boy Enters Hollow Sycamore and Encounters Owl Family.

Shelbyville, Ind., May 29.—Lawrence Cotton, Oscip Fisher, Fred Fagel, Claude Fulps and Charles Archey, who live near Shelbyville found in the woods a large hollow sycamore tree. All the boys wished to enter the tree, and all wished to be the first. They settled the question by drawing straws, and Archey won. He climbed the tree and dropped into the hollow. Immediately there was a flutter, followed by muffled shouts. From the top of the hollow tree flew a large owl and immediately after it came Archey. Trailing after him were four other owls. The boys, reinforced by their elders, returned to the tree later and captured the owl family.

NEW WAY TO END LIFE.

New York Suicide Found in Trunk Made Into Gas Tank.

New York, May 29.—Shutting himself in an old trunk, after he had connected a gas tube to it, Lacey Stewart, 25, of 425 West Fiftieth street, ended his life in the office of R. H. Harris, wholesale liquor dealer, 99 Hudson street, where he was employed as shipping clerk. Stewart drilled a hole in the trunk, through which he passed the end of the tube, turned on the gas.

BIKE THIEF UNDER ARREST CONFESSES

Carl Haines, formerly an inmate of the Allen county orphan asylum, and now a grown man, was arrested Monday by Detective Sergeant W. F. Pappert and charged with larceny. He was trying to sell downtown a new $35 wheel belonging to Charles Anderson, an employe of the Fort Wayne Electric works. The wheel was taken from the factory. After his arrest Haines confessed that two weeks ago he stole from the Dudlo company's plant on Wall street, a new wheel belonging to a man named Kohrman, residing on West Superior street, and sold it to L. Brudi, auto supplies dealer at 618 Clinton street, for $10. Mr. Brudi had sent the wheel to the country for his boy, but it has been turned over to the police. Haines paid back to Brudi the $10 he got.

AUTO TURNS OVER.

Six Persons Narrowly Escape Injury In Accident on Bluffton Road.

Six persons narrowly escaped serious injuries Sunday evening when the automobile belonging to Casper Harber, a farmer, went into a ditch eight miles south of the city on the Bluffton road. The car turned over on its side, scattering the occupants in every direction, all of whom, however, escaped without so much as a scratch. The car was not seriously damaged.

CENTENNIAL SONG.

It Is Being Sung in Many of the Cafes of the City.

"Little Indian Diana" is the title of the Indiana centennial song just off the press, and which is being played by the Elks' band, and is making a big hit in the cafes of the city. The music is by "Duke Baier and the lyrics by Myron Parrot, both Fort Wayne boys. Both music and words are catchy and very appropriate. The cover design is a reproduction of Fort Wayne's municipal flag.

ASKS FACTORIES TO CLOSE ON AFTERNOON OF 'FRATERNAL DAY."

To the Manuaicturers of Fort Wayne:

In arranging to close your places of business for a portion of centennial week, in the interest of a greater Fort Wayne, we would request that you include as a part of your closed period the afternoon of Tuesday, June 6, "Fraternal Day." This will allow your employes to participate in the parade, if eligible, and at least to witness it if they have no place in line.

We believe that this imposing parade, miles in length, showing every phase of Fort Wayne's modern development, will impress our thousands of visitors with the truth of the greatness of our city. The parade will be made up of every manner of organizations designed to make Fort Wayne a better city. Such a demonstration will be an inspiration to our own people and a revelation to our visitors. We hope you will find it agreeable to comply with the request.

Respectfully,
FORT WAYNE'S CENTENNIAL ASSOCIATION.
By E. C. Miller, General Chairman.

The site and building committee is authorized to look for a desirable site at once. However, great care will be taken in this matter. No hasty decision will be reached.

Campaign Cost $3,000.

The campaign which came to such a successful close last Friday night cost slightly in excess of $3,0000. This includes the salary received by E. L. Mogee, the efficient campaign director, the noon-day lunches, printed matter and all other expenses. The committee is convinced that it was money well spent.

Check From Congressman Cline.

Arthur E. Smith is in receipt of a check for $100 from Congressman Cline for the Y. M. C. A. fund, which should have reached here last Wednesday, having been mailed at Washington, D. C., May 22. Congressman Cline writes to Mr. Smith as follows: "I want a part in the noble work now being pushed in the city of Fort Wayne for a Y. M. C. A. I am subscribing $100 under conditions named in newspapers. I trust that this amount will be received in the spirit in which it is given."

Austro-Hungarians Capture Fortified Position Near Arsiero.

Vienna, Sunday, May 28.—(Via Berlin and Wireless to Sayville.)—Austro-Hungarian troops have captured a fortified position west of Arsiero, Italy, the war office announced today.

SAYS ASSAULTS FAIL.

Paris, May 29.—11:45 a. m.—Two attacks were made by German troops advancing last night from Corbeaux wood, on the Verdun front. The French war office report of today says these assaults resulted in failure.

East of the Meuse the night was comparatively calm except for heavy artillery action in the vicinity of Fort Vaux.

Fifteen aerial encounters occurred and two German machines were brought down, one of them falling in flames.

WERE EASILY REPULSED.

Berlin, May 29.—Violent artillery duels are continuing on both banks of the Meuse, on the Verdun front, the war office announced today. French troops made two weak attacks on Cumieres village, taken last week by the Germans, but these were easily repulsed.

BANK CLEARINGS.

The bank clearings last week were $1,272,673.75, as compared with $1,353,109 the same week last year and $1,575,678.87 the previous week. The balance is $151,770.30.

NEWS OF FORT WAYNE'S NEIGHBORS

WAS MILKING HER BOSSY.

Woman Near Montpelier Injured When Thunderbolt Strikes.

Montpelier, Ind., May 29.—Mrs. Dan Schuller, a resident of this city, narrowly escaped death when lightning struck the barn in which she was milking a cow. The cow which Mrs. Schuller was milking, a horse and a calf were all killed. Mrs. Schuller was burned. Mrs. Schuller was thrown into one corner of the barn, but was not apparently seriously injured. Today she is in a rather dazed condition, but seems little the worse for her experience this morning. The barn was only slightly damaged by the bolt. Montpelier was hard hit by the rain and considerable damage was done. Streets were overflowed with water and lightning damaged a number of trees.

SOUTH WHITLEY CITIZEN DIES.

South Whitley, Ind., May 29.—James Menaugh, an old resident and citizen aand a civil war veteran, aged 73, passed awaay Saturday at his home. Mr. Menaugh had been in quite poor health for several years. He was born in Lancaster county, Penn. He grew to manhood there and was united in marriage to Miss Mary Shuttle. To this union were born four children, all of whom survive to mourn his death. In 1880 he, with his family, moved to this state. Soon after their removal here his wife died. He located in Cleveland township and bought a farm there, later moving to South Whitley, and living a retired life. He was united in marriage a second time to Martha Glower, of Churubusco, who still survives. The surviving children are Albert, of Goshen; William, of Warsaw; Mrs. L. H. Wrigley, of Albion, and Mrs. Ralph Lancaster, of South Whitley.

DECATUR CHILD SCALDED.

Decatur, Ind., May 29.—Little Richard Parrish, son of Mr. and Mrs. Frank Parrish, was painfully scalded yesterday morning. The little fellow, who is about two years old, was playing about the home, while the mother was busy attending to her household duties and in his childish ignorance of consequences pulled over a vessel containing boiling water on himself. The hot waer caught both legs, inflicting ugly burns. The injury was most painful, and the child's screams were pitiful. A physician was hastily called who dressed the injuries.

MYSTERIOUS STRANGER LEAVES.

Portland, Ind., May 29.—Clarence Sherwood, alias Wilbur Smith, the tramp mason who was found on the streets here and whose account of a brutal assault on board a fast freight train on the L. E. & W. railroad startled local police officers and others, left the city unceremoniously. The injured man arose from a cot in the office of Dr. F. W. Mincks, where he had been permitted to stay during the night and where Policeman Ed Wingate had ministered to him, and departed.

DYNAMITE WAS STOLEN.

Montpelier, Ind., May 29.—It has just been made public that the dynamite house at the Baltes quarry, east of the city, was broken into recently. The theft occurred a few days before the Van Buren dynamiting and a number of the sticks were taken. The stuff taken before Dr. Derbyshire's residence at Van Buren, northwest of here, was blown up, looks as if it might have been taken from the local plant by persons perpetrating the cowardly act at Van Buren.

FORGOT TO CHASE THE FUMES.

Huntington, Ind., May 29.—George (Doc) Burley was severely burned, and his room in the Johnson block on South Jefferson street was gutted by flames wheen Burley struck a match to light his pipe after giving the suspected bedbugs on his bed a bath of gasoline. Burley must have seated himself on the bed before striking a match, as the back of his coat was burned almost entirely away.

VAN WERT BACCALAUREATE.

Van Wert, O., May 29.—The first of the commencement activities occurred last evening when the baccalaureate sermon was delivered before the 1916 graduating class of the Van Wert high school by Rev. Jesse Corley, of the First M. E. church.

FIRST REHEARSAL AT RESERVOIR PARK

Pageant Actors Will Take the Stage There This Evening.

SPECIAL NOTICE.

Everybody who takes part in the pageant will observe a change has been made in the printed schedule, held in accordance with the following schedule:

Monday, May 29—At the pageant grounds, everybody in scenes 1, 2 and 3.

Tuesday, May 30—No member of the cast will be required. The evening will be spent in rehearsing the scenes, lights and properties. Enjoy your Decoration day holiday.

Wednesday, May 31—Everybody of scenes 4, 5 and 6.

Thursday, June 1—Everybody—Full rehearsal.

Friday, June 2—Everybody—Full rehearsal.

Saturday, June 3—Everybody—Dress rehearsal.

Monday, June 5 (the night before the opening date)—Line rehearsal, a brief rehearsal of lines, after which the cast will be excused for rest before the opening of the pageant series.

The first rehearsal for the great Fort Wayne pageant to be held on the pageant grounds is announced for this evening. Heretofore all rehearsals have been held at Shrine hall. Seven closing rehearsals will be held on the monster stage, where the production will take place, closing with a "line" rehearsal the night before the pageant opens.

While the stage is as yet in an uncompleted state, it is near enough to a completed condition to allow the company of 1,100 actors to become thoroughly acquainted with the place and its surroundings.

As announced in the above schedule, scenes 1, 2 and 3 will receive attention this evening. Tomorrow, Memorial day, the actors will be given a rest from their labors, while the lighting, properties and scenery are tried out to see that everything "works" properly.

The participants in scenes 4, 5 and 6 will be summoned for the evening of Wednesday, May 31. Full rehearsals will then be held every night, with a full dress rehearsal on the evening of Saturday, June 3. On Monday evening, June 5, everybody will assemble for the final rehearsal, which will be cut short to allow the cast to enjoy a rest before the first presentation of the pageant.

THIRTY MEN REQUIRED.

One Company is Using That Many on Street Decorations.

Eleven different decorating firms are now busy adorning Fort Wayne for the great centennial celebration. One of these, the Gastoff company, represented by Wolf & Dessauer, to whom was awarded the contract for the decoration of the streets, is on hand with a corps of thirty men. Their work will be done with a rush.

By the end of the present week Fort Wayne will hardly recognize itself. While the work of last week consisted largely of the stringing of invisible wires spanning the side streets, from now forward the archings of brilliant colors will go on with rapidity.

The adornment of the buildings has already begun, and the end of the week will show very few bare walls in the down town district. Many of the homes will take unto themselves a liberal supply of the national colors, especially those located along the route of the home-comers' parade.

Calhoun street, from the Nickel Plate tracks to Creighton avenue, will be one fluttering highway of patriotic color, and many of the side streets will be converted into a gay archway of brilliancy.

The night illuminations will convert the thoroughfare from the industrial exposition to the pageant grounds into one great glaring highway of color.

TELL OF ITS SIGNIFICANCE.

Robertson and Rice Speak at Centennial Mass Meeting.

Addressing the mass meeting at the Commercial club Saturday evening, Donald Robertson, the pageant master, and Wallace Rice, the author of the Book of the Pageant, "The Glorious Gateway of the West," enthused the audience with the deep significance and the high value of the coming production.

Author Wallace Rice, Supt. J. N Study and General Chairman E. C. Miller added to the value of the program.

Mr. Miller enthused the audience with the statement that the work of the various committees is so far advanced that if necessary the entire celebration could be opened by Thursday of the present week.

Mr. Rice stated that the Fort Wayne pageant is modeled on the same lines as Shakespeare's Henry V., in which the episodes are introduced and connected by the spoken line.

Mr. Rice predicted that the people of Fort Wayne, through the seeing of the pageant, would see the marvellous beauties of Fort Wayne history as they have never seen it before. The creation of civic pride, a great and valuable asset to any community, must inevitably follow.

Superintendent Study told of the work of the school children in adding to the success of the centennial program with their great chorus of Thursday morning and the exhibition drill of Friday afternoon.

The entire session was one of splendid boost for the celebration.

Peter Henkenius, who was oversome by the heat while working at the base ball park Friday, is reported as improving. He is still at St. Joseph hospital.

Captain T. W. Blair spent Memorial Sunday at his boyhood home in Antwerp, Ohio. He was one of the speakers at the memorial services held in that city.

IT OUGHT TO CURE HIM.

Ten-Day Castor Oil Diet for This Wife-Deserter.

Milwaukee, May 29.—Because Roy T. Baxter abandoned his wife at a time when she wanted him with her during her approaching motherhood the court has ordered that he be put on a ten-day diet of castor oil. Roy, in court, said he had left home because he was not well. He admitted smoking many cigarettes and having a bad liver. The court then ordered that he be given treatment which would clear the nicotine out of his system effectually and make him able to work and support his family.

E. F. Delagrange, carpenter contractor, was operated upon Monday at St. Joseph's hospital for appendicitis. Mr. Delagrange was taken to the hospital Sunday.

Trolley Car Crashes Into Automobile Near Shelbyville.

Shelbyville, Ind., May 29.—Peter Straub, 55 years old, and Charles Veatch, 35, are dead; Will Hulshart, 41, a grocer, is in a precarious condition, and Harry Fritts, 30, suffered a broken leg as the result of the collision of an automobile driven by Hulshart and an Indianapolis and Cincinnati traction car here last evening.

The accident occurred at a crossing near the traction car barns as the men, all residents of Shelbyville, were starting for a ride in the country. The view was obstructed by a house and the barns and the men did not know of the approach of the car until a few seconds before the automobile was crushed.

DAILY BIBLE READINGS FOR THE HOME

Romans 3:21-31.

21 But now the righteousness of God without the law is manifested, being witnessed by the law and the prophets;

22 Even the righteousness of God which is by faith of Jesus Christ unto all and upon all them that believe; for there is no difference:

23 For all have sinned, and come short of the glory of God;

24 Being justified freely by his grace through the redemption that is in Christ Jesus:

25 Whom God hath set forth to be a propitiation through faith in his blood, to declare his righteousness for the remission of sins that are past, through the forbearance of God;

26 To declare, I say, at this time his righteousness: that he might be just, and the justifier of him which believeth in Jesus.

27 Where is boasting then? It is excluded. By what law? of works? Nay; but by the law of faith.

28 Therefore we conclude that a man is justified by faith without the deeds of the law.

29 Is he the God of the Jews only? is he not also of the Gentiles? Yes, of the Gentiles also:

30 Seeing it is one God, which shall justify the circumcision by faith, and uncircumcision through faith.

31 Do we then make void the law through faith? God forbid; yea, we establish the law.

And that kind of faith works out in righteousness. It remembers the pit from whence it was digged. Believing in the redemption which is ours in Christ, we let Lots choose and take cheerfully what is left—with God.

Help the Centennial

Fort Wayne's contribution to the celebration of the centennial anniversary of Indiana statehood is now but a week distant. The results of weeks of planning and of effort upon the part of many thousands of people and the generous outlay of funds in order that the event might be in keeping with the occasion which brings it forth are to find fruition next week in a program of unusual magnitude and of commaning excellence. Several Indiana cities have already held these celebrations and many more are yet to do so. Splendid as these have been, none of them has approached in extent or in splendor the entertainment which Fort Wayne is preparing for its uncounted thousands of visitors next week. Indeed, it is doubtful if the celebration in any other Indiana city will seriously rival the offering which Fort Wayne s planning to enjoy with its guests.

All this is but preliminary to the urgent request that every man, woman, boy and girl in Fort Wayne get behind the big enterprise and give it undivided interest and support. Perhaps you have failed as yet to grasp the tremendous bigness of the public-spirited enterprise. It will profit you immensely if you will get in close touch with the scope of the celebration and come promptly forward with an offer to be of assistance in every way possible. It is in no sense a money-making enterprise for anybody. Rather it is a serious attempt to portray in serious yet attractive fashion Indiana's progress during the century that has elapsed since the terriory became a state in 1816, and to place emphasis upon Fort Wayne's part in that development. We are going to know more about Indiana and more about Fort Wayne as a result of the centennial, and the information will be of distinct benefit to us. Let everybody pull in these coming days for the success of the centennial celebration. Help it. Encourage it by your interest and your assistance. It is another great Fort Wayne accomplishment in which you will desire to have some definite part—in assisting in the arrangements, in the rendition, in patronage for it, in gracious hospitality to visitors who will gather within the city's gates and in demonstrating your civic spirit once more. Get in line to help the centennial.

Indiana democrats are preparing to send a big delegation to the democratic national convention at St. Louis, and the Hoosier contingent there is now expected to be larger than that of any other state with the possible exception of Missouri. The Indiana democrats propose to take no chances. While at this time it seems that Vice President Marshall's nomination is assured, you never can tell what an eleventh-hour move by some of the gifted political strategists will bring forth. The Indiana democrats are going to adopt the preparedness policy and see that nothing happens that might edge Tom Marshall off the ticket.

The state park centennial memorial commission has succeeded in purchasing as the first unit in the proposed system an Owen county tract that has been heralded as the Grand Canyon of Indiana. and that is said to possess much scenic beauty. Moreover, the purchase prce is said to have been extremely reasonable. Turkey Run was lost because timbermen had more money than had the state park commission, but it is gratifying to know that at least a start has been made toward this permanent monument to Indiana's centennial year.

Secretary McAdoo confidently declares that the government's receipts from internal revenue this year will reach the tidy sum of $500,000,000—a figure far in excess of all previous records. Still, there appears to be no occasion for worry lest Uncle Sam will be unable to spend it all without undue exertion. The government is singularly human in its propensity for spending money.

Dr. Waite, the New York dentist found guilty by the jury of poisoning his millionaire father-in-law, is opposed to appealing from the verdict or of seeking a new trial on any pretext whatever. Measured by the ethics of criminal practice, this is extremely irregular, but since Dr. Waite seems to be satisfied, is there occasion for anybody else raising objection?

Dime novels and cigarettes are blamed by the youth arrested for stealing some $10,000 from the offices of J. P. Morgan & Co. There never has been much doubt of the efficacy of that iniquitous combination, anyway.

"In compliance with your directions, I assure you that there will be no prize fight at the Federal park in this city on the night of May 29," Sheriff Coffin, of Indianapolis, writes to Governor Ralston. The governor and the sheriff clearly have the last guess on the thing, and they appear to be remarkably conclusive guessers.

THE NOTE TO THE ALLIES.

(Pittsburg Dispatch.)

The new note to the British and French governments formally registers our protest against the violation of American mail on the high seas and promises to press claims for the losses resulting therefrom to American interests. The tone is one of vigorous remonstrance but the strength of the language is weakened by the knowledge in London and Paris as well as in Washington that nothing further is intended.

Secretary Lansing writes that the United States can no longer tolerate the wrongs which American citizens have suffered, and continue to suffer, through the lawless practices of the Allied governments, and that only a radical change in their policy assuring the United States of its full rights as a neutral nation will be satisfactory. These "onerous and vexatious abuses," it is charged, have inflicted grave injury on American commercial interests and violated the rights of property. Virtually, through their control of the sea, the Allies have established a piratical censorship on American commerce with neutrals as well as belligerents. Their answer, of course, is that the effects on American interests are not intentional, but merely incidental to their efforts to wage war on their enemy. But exactly the same answer was returned by Berlin in the submarine controversy. Neutrial rights in each case have been disregarded flagrantly as secondary to the necessities of the belligerents. The most that Great Britain has offered in extenuation has been the promise that the injury to neutrals would be reduced to the minimum. Nothing more can be expected in response to the presnet note. Washingon has simply placed its protest on record as a basis for adjustment when the war ends. With international law flouted on every hand we again proclaim our faith in it, although practically none of the neutral nations, including ourselves, have felt it worth risking being drawn into the maelstrom to champion it by force.

But when the time comes to reorganize civilization our protests filed in Berlin and London and Paris will have preserved the figment of international law and offer a basis for restoring its principles in a more enduring structure that may guide and govern the world in the years to come.

TRAINING CAMP ORGANIZES.

Will Encourage Military Training for Schoolboys.

Sulver, Ind., May 29.—To encourage military training for high school boys and to promote a system of camps for that purpose, the 500 boys at Camp Newton D. Baker have organized the Culver Military Training Camps association of the United States. Colonel L. R. Gignilliat, of Culver, was made honorary president. The active president is Harry S. Lotta, of Goshen. Paul L. Morrison, of Hartsville, Ind., is secretary, and Joseph F. Sharp, of Greenwood, treasurer. Each state represented in the Culver camp will have one vice president. Any boy who has spent two weeks in an approved high school training camp will be eligible to membership in the organization.

Recommends Chamberlain's.

"I take pleasure in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it in my family for the past thirteen years. I have tried other remedies, but Chamberlain's is the only one that ever gave me permanent relief. We are never without it even when on a visit or summer outing, and I cannot say too much in praise of it," writes Emerson Demeree, Harpursville, N. Y. Obtainable everywhere.—Advertisement.

DO MORE THAN READ ESSAYS.

Albany Club Women Walk Twelve Miles to Do Shopping.

Muncie, Ind., May 29.—The Albany Woman's club is composed of women who do more than read essays. Hikes at regular intervals are part of their program. Five of the members walked from Albany to Muncie, twelve miles, this week for "suburban shopping day" here. They walked the distance in about four hours, did their shopping and returned home by interurban.

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

CHICAGO MUNICIPAL PIER THROWN OPEN

Blends Commercial Utility and Social Recreation on Unique Scale.

Chicago, May 29.—Commercial utility and social recreation facilities are combined on a large and unique scale in the Chicago municipal pier, at the foot of East Grand avenue, and just north of the mouth of the Chicago river, which was opened to freight traffic for the first time today when the Northern Michigan Transportation company received an dshipped freight there.

The first social feature to take place on the new pier and which will occur before it is entirely completed, will be a meeting to be held June 8, under the auspices of the Illinois Equal Suffrage association, and which will bring together prominent suffrage workers and orators from all sections of the country, it is expected.

The United States government spent nearly a million dollars to erect a break-water to protect the pier. The pier itself runs out three thousand feet into Lake Michigan and is 292 feet wide. It was built on a bond issue of $4,750,000, under authority of the City of Chicago, and its erection began about four years ago. It was the development of plans on the part of James A. Pugh, of Chicago, for a pier of private ownership which should combine utility and amusement features. The Pugh plans were not permitted by the city, on the ground that such an enterprise should be wholly planned, owned and controlled by the city in order to give the greatest benefit to the public. Although the original private ownership plans were not allowed to mature they served as the nucleus of the city's development of the enterprise.

When the city first took up the work of erecting the great pier some opposition came from government officials who disapproved of the amusement features of the scheme, holding that it should be a purely business enterprise. This opposition, however, finally was overcome to such an extent that the recreation feature of the work was allowed to be retained to an extent that was satisfactory to the city.

The pier as it now stands, almost entirely completed, is built of concrete and steel. There are five buildings on the structure. The "Head-house," as it is called, stands at the western, or shoreend, and contains the administration offices, large public accommodation rooms and walks leading to the floors of the freight and passenger buildings. These last mentioned buildings are each 2,340 feet long, each is 100 feet wide, and there is an eighty foot roadway in the center. On the east or lake end of the pier is the recreation pavillion and there is a building just to the west of it which will be equipped with furniture costing $32,000 and which will be used for restaurant, rest rooms, and small shops, catering to buyers of flowers, confections and similar small wares. The recreation pavillion is to be used as a place for dances, concerts, lectures and conventions and will seat 3,000 persons.

Outside the main pier structure there is, on each side, a six foot dock. The main floors of the pier are on the dock level, have an area of 456,300 square feet and are to be used exclusively for freight and package handling. Immediately above the dock level are floors to be used by passengers only, who will board and leave steamers by that way.

Street cars ultimately will run through a covered way the entire length of the pier.

The landing at the lake end of the pier will be for the exclusive use of passenger steamers, particularly for the large fleet of excursion boats that ply the lake all summer.

One of the most popular features of the new pier is expected to be the great promenade way, leading all the way from the west end to the east end. It will be uncovered, admitting the full sweep of the cooling lake breezes, as it will be high above the freight dock level.

Among the equipments of the east end of the big structure will be police and life saving stations, a telephone station, various accessories that make for comfort and "safety-first," and an emergency hospital and a playroom for children.

At the land end are two water tanks with a capacity of sixty thousand gallons each, equipped with a water sprinkler system which is designed to protect the freight houses from fires.

PLANS COMPLETED FOR MEMORIAL DAY

Fitting Tribute to Be Paid to Soldier Dead by Fort Wayne Citizens.

Appropriate tribute will be paid anew Tuesday to the soldier dead who have passed on to their reward. Business will practically be suspended for the day and both morning and afternoon special exercises will be held under the auspices of the various patriotic organizations of the city.

The graves in the various cemeteries will be decorated in the morning and at 10 o'clock services will be held at Lawton park. Rev. C. E. Boyer will deliver the address. The principal service, however, will be held at 2:30 o'clock at Lindenwood cemetery. Rev. O. E. Tomes will deliver the Memorial day address.

Memorial Services Sunday.

Two memorial services were held Sunday, in the morning at the Salem Reformed church and in the afternoon at the Majestic theatre. Rev. F. W. Knatz, at the Salem Reformed church, took his text from the thirteenth verse of the fifteenth chapter of John: "Greater love hath no man than this, that a man lay down his life for his friends."

"The old spirit of '76—the warm love of '61 for our country and its star-spangled banner has not died out in the hearts of our people, nor shall it die out as long as the youth of our land are taught the history of our blood-bought freedom, and every schoolhouse has its flagstaff, from which on stated occasions, the stars and stripes are wafted by heaven's breezes," Rev. Knatz said. 'The result of your fidelity to truth and right is a united country, bound more firmly together than ever before." Special music was rendered by the choir.

At the Majestic Theatre.

Rev. D. H. Guild, pastor of the First Methodist Episcopal church, delivered the address at the afternoon meeting at the Majestic theatre.

"We are here to revere the memory of those who have departed," Rev. Guild said. "The roll of twenty-two has been called. At this rate there will not be any of you here in a few years, but be assured that these services will continue to your honor and the glory of the republic."

Members of both posts of the G. A. R. and affiliated organizations attended the two services in a body.

Decorating Committees.

The decorating committees for the various cemeteries are as follows: St. John and Prarie Grove: William Engle, William Kennerk, Joseph Corlett and Louis Zollinger.

Catholic: S. S. Kelker, John Ryan, Charles Parr.

Concordia: C. P. Josse.

Lindenwood: James E. Graham, Joseph Kickley, John Koak, Louis Koak, Luther Birley, Isaac d'Isay, John Kress, Hiram Ward, Samuel Bacon, Charles Thomas, William Engle, John Shuler, S. M. Hench, S. M. Curtis, Jasper Edsall, William Kennerk, Charles Fairfield, Fred Brodt, M. Kramer, D. L. Beaber, William J. Bright, Smith Corbett, Frank Gibson, L. W. Johnson, Ambrose Kintz, Henry Sayner, Joseph Schrack, Friedman Voight, Enos White, M. Mallott, H. L. Stephens, Lloyd Whiteman, W. G. Sink, Ed C. Close, M. A. Current, G. B. Place, J. W. Squires, Walter Felger, Ernest Felger, T. W. Blair, C. P. Josse, Frank Chalfant, A. F. Archibald Leslie Hills, E H. Bookwalter, Walter Thomas.

After decorating the graves in the different cemeteries the various patriotic societies will assemble on East Berry street at Sion S. Bass post headquarters and at 9:30 o'clock headed by the Citizens' band will march to Lawton park where after strewing flowers on the water for the sailors and marines who lie in watery graves a formal program will be carried out at the monument in memory of the unknown dead. All those unable to walk will be provided with transportation.

Freight service has been annulled on all traction lines in Indiana Decoration day.

BUT WHO'S HER SWEETHEART.

Note Signed "Ella" is Dropped When Henhouse is Robbed.

Nashville, Ind., May 29.—Philip Weddle, a farmer in Johnson township, Brown county, will filo an affidavit against George Somebody for larceny, if he can find out who he is. A few nights ago forty hens were stolen from Philip's henhouse, and the thief came again Wednesday night and carried away twenty-five more. On this trip the thief dropped a pocketbook which contained the following note:

Dear George—I am anxious to see you at once. They are telling me that you was the one that took Weddle's chickens. Pa and Ma are on their ear, and says that you will have to quit coming here to see me. George, you had a date with me and did not come the night the chickens were stolen, and this leads them to believe it is so, you must see Pa and explain before I can go with you any more. Yours, ELLA."

Mr. Weddle says he knows the girl, but is anxious to learn the name of her sweetheart.

The Great Fort Wayne Pageant

A Review of the Spect[illegible] to Be Presented at Reservoir Park for Three Evenings, Tuesday, Wednesday and Thursday, June 6, 7 and 8.

ARTICLE II.

The first article in this series, dealing with the great Fort Wayne pageant, "The Glorious Gateway of the West," revived the physical arrangements of the pageant grounds and gave specific information concerning tickets, reservations and other matters of importance. Today, is introduced a review of Scene 1.

As a general thought, running through the entire production, the patron will imagine each scene opening with the music by the great pageant orchestra and the appearance of the prophet, "Thunderhead" (Donald Robertson) who announces the scene and gives the people the sentiment of the succeeding action of the play.

The first scene of the great pageant of Fort Wayne opens with the picture of a broad expanse of ground on the bank of the St. Mary's river on a bright spring day in 1680. This scene is laid within the limits of the present city of Fort Wayne. The huts of two French traders are on the edge of the primeval forest, with Indian wigwams on both sides, brightly decorated with uncouth signs and figures. Near the river an Indian youth is teaching smaller boys to dance. A group of Indian girls in games and dances, together with groups of Indian braves and chiefs and the squaws preparing the food, form a scene of confusion which takes on new animation with the coming of the French traders who display their wares.

The story of the first scene is that of the wild life of the village of Kekionga, "The Glorious Gateway of the West." It introduces the confusion in the village upon the display of the beads and trinkets from the land of civilization, the coming of the first missionary priest, and the power of the Jesuit father over the murderous savage who seeks the life of his enemy within the camp of the Miamis. Here is erected the first altar for the worship of Him who came to bring peace upon earth. The closing picture of the scene is a beautiful grouping, with the savages gathered about their protector and friend, while the visiting Frenchmen depart on their way to Montreal.

Following is the cast of characters for Scene 1, the first named being principal, and the second understudy:

A-Sayphon (The Raccoon), Sachem of the Miamis..E. H. Kilbourne..A. J. Brink.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NO INDICATIONS OF OFFENSIVE THERE

Russians Unlikely to Begin Operations on Galician Front.

Strusoff, Galicia, May 19.—(Correspondence of the Associated Press) There appears to the civilian observer here no immediate prospect of a Russian offensive on the Galician front. Meanwhile the Russian have made good use of the several months which have passed since they have occupied their present advanced positions. Trench work has been accomplished and wire entanglements constructed. An aeroplane flight which the Associated Press correspondent made over a section of the Russian front disclosed an amazing network of trenches and wire.

Several Russian generals declared that never before since the beginning of the war has their army been so well equipped with munitions, and that the army is ready to a man to advance when the orders come.

Across the flats the Austrians trenches can be seen with the aid of field glasses. Now and then an Austrian solider climbs out of a trench and strolls to a strip of woods in which white smoke patches suggest camp fires. In the immediate ofreground Russian soldiers expose themselves with seeming disregard for the proximity of their enemies, who are well within rifle range. An officer explained that because it was the lunch hour the troops relaxed their precaution to some extent. A sort of truce, it appears, has become a feature of operations, and it was, he said, quite certain that until after two o'clock no shot would be fired by either side.

Only the artillery failed to observe the truce, but that activity was limited to the firing of an occasional shell. On all sides, however, were caverns worn in the soft earth, deep enough to hide a mounted horseman—showing what might be expected after lunch.

Back through the muddy fields to regimental headquarters extend for miles roads which resemble rivulets of ink. The ruts in these trails are hub deep, revealing why the Russians offensive was brought to a standstill.

A journey of fifty miles from the Russian frontier at Husatin carried the correspondent through a fertile and highly cultivated prairie country. Tilled fields already turning green with sprouts of grain stretched away to the skyline in every direction. Women and old men were performing the labors of cultivation, but there was no sign of neglect.

Here and there were villages where dozens of wrecked cottages showed where the tide of battle had ebbed and flowed, but in most instances these structures were being rebuilt to some extent.

The Galician peasant either smothers his hatred of the Russian conqueror or feels none at all. Directions are given freely when asked for. Provisions are readily offered and the Russian soldiers quartered in Galician villages appear to be on the most friendly terms with the people. One reason for this attitude, it was explained, may be found in the kindness with which the Russians have treated the population. For example, in a field hospital not far from the front, a pale little girl of perhaps ten years occupied one of the cots, surrounded by wounded soldiers. Other civilians are similarly given required medical attention. It is the common practice of the Russian army surgeons to take these people in for treatment free of charge.

SHOT IN GIVING GOOD-BYE KISS.

Brazil, Ind., May 29.—Mrs Ethel Marshall, 30, wife of Alexander Marshall, a coal miner, was wounded seriously late Saturday night when she put her arms around her husband to kiss him good-bye before he went to work and a revolver he was placing in his pocket was discharged accidentally. The Marshalls lived at Perth, six miles from here. He carried the weapon for protection on his way to work on one of the early morning shifts.

Mrs. Benham and Miss Strong, of Bridgeport, Conn., are visiting Mrs. C. S. Knight.

Misses Katherine and Louise Metzger have returned from a week-end visit in St. Joe with relatives.

Mr. and Mrs. William A. Fleming, of West Berry street, are in New York city visiting relatives there.

Miss Agnes MacNaughton entertained the Patawatonie campfire girls Monday afternoon at the Aurentz store.

Mrs. V. H. Wendt has returned to her home in Gloucester, N. Y., after visiting Mr. and Mrs. E. F. Schoch, of Third street.

Miss Elizabeth Reusch, of Petoskey, Mich., is to visit her grandmother, Mrs. Martha B. Hanna, during the Centennial week and succeeding days.

Mrs. C. Rippe, of Huestis avenue, came home on Sunday from a four weeks' visit with her daughter, Mrs. W. A. Ruge, of St. Louis, Mo.

Miss Jean Hosey has a number of friends at the Hosey cottage, Rome City, over Decoration day. They are Agnes Becker, Clara and Hilda McDarby, Valette and Camille Roussell.

Paul E. Johnson was the honor guest at a stag dinner on Saturday evening for which Mark Shoemaker, of Spy Run avenue, was the host. Covers were laid for sixteen.

Miss Myrtle Graeter, daughter of Mr. and Mrs. W. F. Graeter, will be graduated from DuPauw university in June. Mr. and Mrs. Graeter will attend the commencement exercises.

Mr. and Mrs. Otto Blombach, of Indiana avenue, have announced the engagement of their daughter, Ottilia, to Herbert W. Schmoe, a son of Mr. and Mrs. Louis Schmoe, of Ewing street.

Mr. and Mrs. C. L. Wirth, of Akron, O., spent Monday with Mrs. C. R. Bookwalter and daughter, Miss Velma, of West Williams street. The visitors made the trip by automobile and are on their way to Indianapolis to attend the races.

Many friends are interested in the announcement of the engagement of Miss Marie Pierre, daughter of Mr. and Mrs. Joseph Pierre, to John R. Larimore, a son of Mrs. Anna B. Larimore. Mr. Larimore is engaged in business in Toledo, O., with the F. W. Dodge company.

Miss Pauline Ebersole was honored on Friday afternoon by a delightful company which Mrs. Don Evans, of Washington boulevard west, gave. Music was a feature of the entertainment which was enjoyed by ten close friends of the honor guest. A tempting supper was served the company at 6 o'clock.

The hosts in charge of dancing at the Country club on Decoration day evening will be Mr. and Mrs. Arthur E. Smith, Mr. and Mrs. H. G. Keegan, Mr. and Mrs. Page Yarnelle, Mr. and Mrs. H. Brook Sale, Mr. and Mrs. John Hoffman, Mr. and Mrs. Walter Seavey. Franklin's orchestra has been engaged for the dancing.

There will be a meeting of the Twentieth Century club on Thursday at the home of Mrs. E. E. Griest. A talk on "The Immigrant in Fort Wayne," will be given by Mrs. T. P. Potts, there will be a reading by Mrs. Hughes and a discussion of welfare work for the current year. This will be the last study program for the year.

Misses Lorene Travers and Martha Tolan gave a luncheon at the Anthony hotel on Saturday at 1 o'clock at which they did honor to Mrs. Irving Latz, formerly Miss Carrie Stifel, and to Miss Eva Smith, who is to soon become a bride. The bluebird was frequently suggestive of wishes for happiness and appeared in the design of tiny baskets of nuts and on lovely place cards. Yellow roses and forget-me-not blossoms formed the decoration of the table and colonial style bouquets for all the guests, while blue and yellow candles in crystal holders emphasized the color idea of the table.

One of the daintiest and prettiest of children's parties of recent date was the one given for little Miss Alice Overmyer at the home of her grandmother, Mrs. Ida Overmyer, of the Bluffton road. Miss Alice is here on a visit with her mother, Mrs. Jud Overmyer, of near St. Louis, Mo., and there were a dozen little friends, some of whom have helped Alice celebrate other birthday anniversaries, who gathered for the merry time of playing games, while many fragrant flowers and some very sweet things, including a beautiful birthday cake that was big, and pink and white, were some of the things that made all the children happy.

Little Helen Margaret Pressler, daughter of Mr. and Mrs. Willard E. Pressler, of 1224 Wefel street, had a birthday party on Saturday afternoon at her home all because she had reached the ten-year-old mark. The guests spent a happy time playing games indoors and out and later in the day there were just such goodies as ice cream, cake and candy served to them by Misses Guytanna Pressler and Ruth Shuster. Lilies of the valley and snowballs decorated the table prettily. The children who were present at this anniversary good time with Miss Helen were Thorneda Osborne, who won the prize in a contest, Lois Flashbaugh, Catherine Fletcher, Katherine Madden, Geraldine Follis, Lucille Sebring, Marjory Sebring, Mabel Timmons, Belle Timmons, Aletha Littlefield, Elnora Follis, Harriet Shoemaker, Dorthea Cook, Thelma Shoda, Catherine Amanda Pressler, Robert James Shuster.

About thirty young people helped Beatrice Madara, of Woodland avenue, celebrate her birthday anniversary. A merry game of red letters occupied the young folks a part of the time and other games followed. Miss Blanche VanBuskirk and Miss Lela Lewton earned the prizes. Refreshments were served in a dainty manner by Mrs. Madara, who was assisted by Miss Phyllis Madara and Mrs. Agne. There were present at this good time George Shivers, Lawrence Lewton, Joe Barber, Robert Barber, Horace Smith, Joe Cook, Roy Cook, Wilson Lewton, Chester Jacobs, Raymond Stonecifer, Philip Towman,, Howard Stewart, Earl Husdon, Paul Smethers, Fred Humbrecht, Beatrice Madara, Geraldine Cross, Juanita Whicker, Blanche VanBuskirk, Winifred Howard, Lela Lewton, Hazel Oren, Velma Pfiel, Thelma Clark, Irene Smith, Ruth Blackwell, Bonnie VanBuskirk, Violet Bauer, Margaret Willis, Myrtle VanBuskirk.

One of the prettiest parties of this week was given by Mrs. Ray Deahl, on Thursday evening, at her home in High street to honor Miss Edith Shiffer, whose wedding will take place in June. The rooms were beautifully decorated with flowers in pink and white coloring. A bouquet of spires occupied the center of the table and pink candles in crystal holders and daintily painted place cards were other attractive things of the decoration. The menu for the supper expressed the same colors of pink and white as much as possible. Progressive bunco was enjoyed and prize winners were Misses Evelyn Wertman and Elsie Weikert, who in turn gave the gifts to Miss Shiffer. A shower of linen gifts was a surprise also that Miss Shiffer enjoyed. A bouquet of roses marked her place at the table. Miss Evelyn Wertman, also a bride-elect, was presented with a lovely bouquet of lilies of the valley. The guests were Misses Edith Shiffer, Evelyn Wertman, Elsie Weikert, Edna Sievers, Mrs. Ralph Hardesty and Mrs. Ernest Baumgartner.

Preble—Hake.

Miss Clara Hake, a daughter of Mr. and Mrs. Henry Hake, of Allen county, and Mr. George Prebble, of Detroit, Mich., were married on May 24, in St. Joseph's church, at Hesse Cassel, by Rev. Max Bensinger. Miss Marie Freistroffer and Mr. Andrew Hake were the attendants. The bride made a charming appearance in a blue suit with a large hat and her flowers which were pink roses. The bridesmaid was dressed in a green gown and she wore a white hat. The bride and groom left the day of their wedding, for Detroit, where they are to live. Mr. Preble is interested in an automobile factory.

SPECTACULAR CLOSING BILL.

George Damerel, of "Merry Widow" Fame, and Others at Palace.

George Cohan, the ragtime philosopher, sings "Always Leave Them Laughing When You Say Good-bye," and certainly the New Palace management has taken home to itself the logic incident to that song hit in the selection of the valedictory bill of the 1915-1916 vaudeville season at this wonderful playhouse. Headlined by George Damerel, with Myrtle Vail and co-stars in the lyrical fantasy, "Temptation," the current bill is a program calculated to leave everyone with a yearning for more vaudeville. Mr. Damerel, fresh from his triumphs in "The Merry Widow" and other musical comedy successes, is a recent arrival in vaudeville. With the assistance of Myrtle Vail, the beautiful dancing trick; Edward Hume, as the sophisticated cabby, and a half dozen fresh young girlies, Mr. Damerel is presenting one of Will Hough's latest ideas, an allegorical story with music in which Temptation is typified by woman—Myrtle Vail. How finally the stony-hearted Murray Hill—George Damerel—succumbs to her charms when she appears as a mermaid curious to be introduced to the sensations of a kiss, is a pretty story, quite as pretty as the dancing specialties done by Miss Vail and Mr. Damerel and by Edward Hume with the nimble chorus of girlies.

The remainder of the bill is all of very high grade.

IN THE CHURCHES

Rally is Well Attended.

The annual rally of the Christian Endeavor societies of Allen county, held Sunday afternoon at 3 o'clock at the First Presbyterian church, was well attended and it is estimated that 300 were present. The Harlan society was awarded the banner for having the largest percent. of its members present. Miss Gertha Harding, superintendent of the Tenth Legion and the Quiet Hour, spoke on the subject, "The Glad Things in Life."

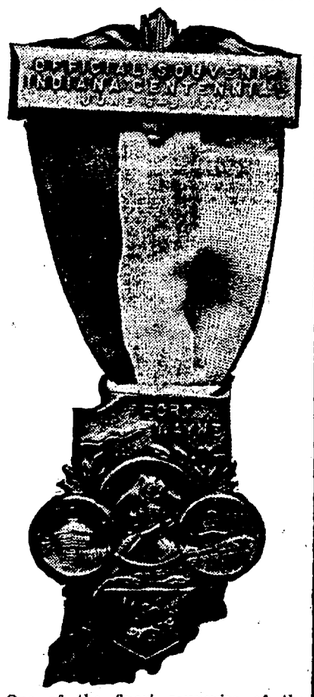
Here's Official Centennial Badge



One of the finest souvenirs of the centennial in Fort Wayne will be the official badge, shown above. It is made up in copper at 25 cents and in gold plate at 50 cents. Byron H. Somers is chairman of the committee which selected the design.

THREE LADS HELD FOR TAKING AUTO

Ran Away April 1 With H. H. Rogers' Car and Then Abandoned It.

Roy Uhrig, 20; John Potts, 18, and Elvedor Mansfield, 15, were arraigned in the city court Monday on a charge of criminal complicity in the theft of the automobile of Herbert H. Rogers, the Anthony hotel optician, the night of April 1, when the car was taken from the Harrison street side of the hotel, driven to Avilla, twenty miles north, and abandoned after it had stuck in the mud. The car was a new Overland that had been delivered to Mr. Rogers the day it was stolen and was the second car he had lost by theft. The three lads are not charged with theft of the car, but with being in the company of one "Shorty," true name unknown, and alleged to be the actual thief, and occupying a vehicle known to have been unlawfully taken. Young Mansfield, being under 16, was certified to the juvenile court, and Potts and Uhrig were continued until Tuesday morning, their bonds being fixed at $100 each. The trio appear to be a bad lot and little worried by the fact of their arrest. They all admit riding with "Shorty," but declare they did not know the car had been stolen. The youngsters were arrested by Detective Sergeant Peter Junk.

House Mistress Sent to Jail.

Clara Balls was found guilty in the city court Monday of keeping a house of ill-fame and was sentenced by Judge H. Waveland Kerr to pay a fine of $25 and costs and to serve ten days in jail. She had pleaded not guilty, but Motorcycle Officer Jack Lynch gave testimony that Jack Raymond and Mary Evans had been caught in the house under circumstances that admitted no doubt of its character. Raymond testified to paying Mrs. Balls $1 for a room. The place was raided Saturday night by Captain Richard Kelly, Sergeant William Zwick and Officer Lynch. Raymond was fined $5 and costs and the Evans girl $10 and costs on charges of specific immorality. The home of Mrs. Balls is at 1502 Boone street and neighbors have lately made many complaints against it.

Other City Court Cases.

Oliver Linghor, alias McMahan, McMann and Mann, pleaded not guilty to obtaining goods by false pretenses and was continued for judgment until Tuesday morning, after testimony had been taken. He is alleged to have procured a $25 rug from T. J. Cummings, agent for the Fort Wayne Sales company, paying down a dollar and alleging that his home was at 611 Fairfield avenue, where the transaction took place. He was arrested by Detective Sergeant Pappert.

These drunks were disposed of: Tom Sullivan, $5 and costs; William Bellos and John Doe, turned loose.

Elmer Smith and Herman Brown, two train climbers, arrested by Nickel Plate railway officers, told conflicting stories. Brown declared they were cousins; Smith denied it. Brown was fined $3 and costs and went to jail and Smith was allowed to go.

George Harris and William Murray, two roustabouts, who were well soaked with whisky and alcohol when Officer Paul arrested them Sunday, drew $10 and costs each on loitering charges and went to jail.

Edward Link, charged with petit larceny for stealing a gold watch from George Sleiger, a boarder at the home of Link's parents, was found guilty and drew $10 and costs and seventy days at the state farm, all of which will keep him there three months.

The cases of Martin Wright, charged with assault and battery, and Orville DeLong, charged with wife desertion and petit larceny, were continued.

Our store will be open until 10 o'clock tonight and closed all day Tuesday, Decoration day.

FORD MAY RETURN TO EUROPE.

Detroit Auto Man Likely to Renew His Effort for Peace.

Detroit, Mich., May 29.—Henry Ford, who organized the Ford peace expedition which sailed for Europe last winter, may return to Europe to renew his efforts to bring about peace among the warring nations. This possibility was made public by Theodore Delavigne, who is in close touch with Mr. Ford. He said Mr. Ford may sail for Stockholm about June 15. Gaston Plantiff, who was left in charge of the peace party when Mr. Ford was taken ill last winter, has been here for some time. It was said he will sail for Europe June 12.

JAMES J. HILL PASSES AWAY

(Continued from Page 1).

Toured the Country.

As a mere roustabout lad of 18, Mr. Hill toured the country from Maine to Minnesota, finally locating in St. Paul. He found a job here as stevedore and clerk. He studied river transportation and then the problem of rail transportation. Year by year he climbed in the railway world. In 1883 he undertook the extension of the St. Paul, Minnesota and Manitoba railway to the Pacific coast.

With the line to Puget Sound once laid, he turned empire builder. He introduced the live stock industry into vast areas of bunch-grass plains, and developed them by importing blooded stock; he sent demonstration trains through the country with men who showed the people how to raise more wheat to the acre; he made an outlet for the grain by establishing a cheap rate by rail and steamship to Buffalo, where he built great elevators; in fact, for upwards of twenty years he left nothing in his power undone to develop the country where he had staked out his claim as the great common carrier.

American Export Products.

It was Mr. Hill who got American wheat and flour into Japan and China.

While Mr. Hill built up for himself and his associates an immense fortune, he also helped to create for the settlers along his lines a wealth of over five billion dollars in real proptrey, which is represented by the value of the 400,000 farms and their 65,000,000 acres of improved land.

Upon his retirement at 69, the "streak of rust" he had bought thirty years before, had expanded to more than 6,000 miles and it was earning gross profits of more than $66,000,000 a year and carrying 15,000,000 tons of freight annually. He still retained a hand in the Great Northern's policy as chairman of the board of directors, while his son, Louis, who had worked up from the humblest position of his father's railroad, became president.

The secret of Hill's success was no secret at all, according to Mr. Hill, and he had no new recipes to offer. "The man with the big opportunity today," he said, "is the man in the ranks." But the secret of failure he frequently declared to be extravagance. He regarded this as a national tendency, against which he strongly set himself, particularly as concerned the natural resources.

During his active supervision of the Great Northern system Mr. Hill oversaw almost every detail, to the wonder of all employes with whom he came in contact.

Active to the Last.

For several years James J. Hill had been in the habit of insisting both to his friends and to the public that he was not actively engaged in business.

Just how active he was during the last two years of his life can be judged only by little evidences of his master hand in questions affecting the Great Northern railroad and the First National bank of St. Paul, and by three outstanding accomplishments in which his will and genius asserted themselves.

From a world viewpoint it would be hard to say whether his staunch support of the Belgian people, following the invasion of the Germans, or the part played in the negotiations for the $500,000,000 loan to the allied governments is the more important. From the time the work of succoring the Belgians began, Mr. Hill took a leading part in the movement. It will probably never be known how much money he sent to King Albert, an old personal friend, and how much he induced others to send.

An International Figure.

His place as an international figure was never more prominently displayed than when the representatives of the allies came to New York in quest of a huge loan. One of the first men to be sent for by J. P. Morgan was Mr. Hill and his assurance that he and the people of the northwest were prepared to do their share in taking up the foreign bonds is believed to have contributed largely to the success of the negotiations. From a local viewpoint his upbuilding of St. Paul stock yards principally through the decision of Armour & Co. to come to the suburb, claims first rank.

His claim to being the original advocate of live stock development in the northwest is unquestioned, and since the retirement of A. B. Stickney, he has been the most ardent proponent of the upbuilding of the industry at this center, a work which has been taken up by his son, Louis W. Hill.

NEWS ON WALL STREET.

New York, May 29.—The news of the death of the man who for two generations has been a dominant personality in the financial community, was received in Wall street today with many expressions of sorrow and a feeling of almost personal loss, for James J. Hill had not only many intimate friends among foremost financiers, but was a familiar and popular figure with Wall street workers.

The financier's death did not cause the slightest disturbance in the stock market.

BABY BOY ARRIVES.

A son was born Monday morning at St. Joseph hospital to Mr. and Mrs. Jerry Strayer, of Los Angeles. Mrs. Strayer was Miss Zoe Long and she has been visiting her mother, Mrs. Mason Long, for some weeks. The baby is to be named Baron William.

SHE'S A STAR; ALSO A GOOD COOK.

VIVIAN MARTIN

You know her as a charming movie actress but her husband, the son of the late Joseph Jefferson, and friends, know her as the film world's best cook. Mrs. Jefferson is Vivian Martin on the film. There was a time not many years ago when Miss Martin, in the days of her real Misshood, used to divide her time between the Martin kitchen and the theater. Now she divides it between a moving picture studio and the Jefferson kitchen.

GREEK NEWSPAPERS ESCAPE THE CENSOR

But Rigorous Watch is Kept on Press Stuff to Foreigners.

Athens Greece, May 15.—(Correspondence of The Associated Press)—It has been one of the revealing circumstances of the political situation in Greece since the formation of the Skouloudis ministry that the censorship of press cablegrams to other countries has been not only rigid, but double and sometimes triple. There has been no censorship at all of the Greek newspapers.

To jealousy and mutual mistrust among members of the cabinet is attributed the manifold censorship of cablegrams. Four former premiers sit in the present ministry, held together solely by their common hatred of Venizelos and their desire to keep him out of office.

Premier Skouloudis, as minister for foreign affairs, exercises the ostensible censorship. Telegrams are brought or sent to the ministry and submitted to a young diplomatist, formerly Greek charge d'Affaires in Montenegro, who either passes them, or himself in turn submits them to the premier. The latter process is a long one; as Mr. Skouloudis is in no hurry, and often the sender of a message must wait two or three hours to learn whether his message may be sent. He generally must wait in person, as the minister frequently requires the alteration of a word or two. If the sender of the message is not present to accept the alteration, the message is killed as a whole.

But though bearing the premier's red-penciled authorization, the message is by no means sure to go. Former premier and present minister of communications, Rhallys also has a say about it. He does not always agree with his colleagues, and if he does not, the signature of the regular censor becomes meaningless. No one sees Mr. Rhallys' censor. The messages are sent to him, he works his will with them, and they are returned. There is no appeal and no possibility of explanation or alteration.

But Former Premier Demetrios Gounaris has no great faith in the judgment of either of his colleagues. He is minister of interior, and as such is head of all the police, and of the secret police in particular and any messages reflecting on him fail to arrive at their destination. And requests for investigation prove fruitless waste of effort.

Duncan Slugs Umps; King Dick Works

Score of Police Break Up Riot on Central League Field at Muskegon

Umpire Schuster, of the Central league, was asaulted and rendered unconscious by Outfielder Duncan, of the Grand Rapids club, at Muskegon Sunday, in the midst of a riot that was broken up by a squad of twenty police.

President Dickerson, of the league, was in the stands and saw the fruits of his policy to give the players more power and tie the hands of the umps. This policy was proclaimed by good King Dick amidst the blare of trumpets and a shower of confetti, the day he was elected, and a lot of baseball old heads have been sitting tight and waiting ever since.

Dickerson ran into the field as soon as the crowd swarmed around the player-thug, and assisted the big squad of police in restoring order. He then proved his good sportsmanship by getting out without any preliminary fuss-making, and umpired the game himself. He announced that Duncan never again would play in the Central league.

Shuster was unconscious for several hours, but his condition is not considered dangerous. The asasult took place on a close decision, and Duncan ran up to the umps, delivering a horrible mallet wallop on the jaw. Shuster dropped and the crowd rushed in. However, the situation was rather trying earlier in the game, and the management had a big reserve of police officers on the grounds.

HILLINGER DRIVES SIX COUNTS ACROSS

Homers Twice While Alberts' Homer Counts Three More.

(Special to The Sentinel.)

Kendallville, Ind., May 29.—With the bases full and Bill Hillinger up in the third round, the score stood an even blank. Then old Bill connected, one of those old-time, whole-hearted connections, and the ball landed over across the left field fence and four scores trotted in—one—two—three—four—just like that.

In the fifth there was only one bag to let, and Charley Alberts went to the plate, slapping over another homer, and bringing in the pair from the sacks. Again in the eighth with but one man on, Hillinger pushed one over the fence and completed the Fort Wayne scoring.

The only Kendallville scores were made in the fourth around, when one pair came across The line-up and score:

MORTON IS GUNNING FOR NEW RECORD.

Guy Morton, bell wether of the Cleveland pitching flock, is on his way to a record for consecutive victories. The lanky Alabaman now boasts eight straight dating from April 23, when he toppled St. Louis. Morton was at the helm in Philadelphia when the Indians regained their grip on first place.

Manager Fohl has been working his star in his turn and thereby hangs the tale of Morton's success. The latter given two or three days rest between contests is one of the most effective slabbists in the major leagues. His winning record follows:

April 23—St. Louis, 14 to 2.
April 28—Chicago, 2 to 1.
May 2—Detroit, 5 to 1.
May 6—Chicago, 4 to 1.
May 10—Boston, 6 to 2.
May 15—New York, 6 to 4.
May 19—Washington, 7 to 1.
May 24—Philadelphia, 5 to 4.

Sixteen runs have been scored off Morton in the eight games, none of which was a shutout.

WOMEN ATHLETES PROVE THEIR ABILITY BY FAST WORK IN THE FIELD DAY CONTESTS.

(By M. C. Larkin.)

Los Angeles, Cal., May 29—Demonstrating that women are as capable of participating in athletics as men, the girl students of the university of southern California recently held a field day in which all but the most strenuous sport events were on the program.

The meet was directed by Miss Edna Cocks, physical instructor for girls. The only events omitted were the shotput, hammer throw and discus heave. With the exception of the 100 yard dash all the running races' were staged in modified form. The hundred was eliminated because Miss Cocks considered the fifty a sufficient speed test for girls.

"It would be foolish for women to attempt to enter sports in as strenuous a manner as men do," said the physical director. "Such a practice would only result in great harm to them physically, since the muscular structure of the woman is much frailer than that of a man.

"However, when women enter a field meet it should not be the signal for all the newspapers in the land to ridicule the event with cartoons and silly, meaningless stories, for women are just as sincere in their athletics as men. Great benefit can be derived from vigorous, healthful exercise, providing it is not severe enough to be a strain. Girls' sports need to be encouraged and not scoffed at. To encourage the girls was my reason for holding the recent field day."

The star feminine athletes of the university represented their various classes in the meet. In all twenty girls participated. Honors of the day were carried off by the sophomores, who won the sprints and the hurdles and sufficient other points to make them victors in the meet.

The finest spirit pervaded the contests, the girl losers showing the same game sportsmanship displayed by their stronger brothers.

Left to Right: Dorothy Lachman, Augusta Muller and Anita Schlotte Taking the High Hurdles in Exciting Race at Feminine Track Meet. Miss Schlotte Won the Race.

Fred Kelly, world's champion high hurdler, was much interested in the girls' meet and was surprised at the earnestness with which they entered the various events.

"If right physicial training is a good body builder for men, why is it not equally good for women?" speculated the king of the high sticks. "I believe that if women will not overdo athletics they can greatly improve themselves physically."

The most spectacular race of the day was the hurdles, won by Anita Schlotte, a star of the meet.

The girls cast off skirts for the field day and entered the different events in bloomer costumes. "It would be ridiculous to attempt athletics in our ordinary attire," said Miss Schlotte, "and for that reason we went into the field meet in our gymnasium suits."

Field meets for girls are fine to stimulate their interest in athletics, according to Miss Cocks, but the most beneficial exercise that can be indulged in by women, she says, is tennis.

"It is not too strenuous and has the advantage of calling into play practically every muscle. Field meets as a stimulator but tennis for greatest benefit."

BOWSER AND WESTERN GAS WIN AND TAKE LEAD IN SHOP LEAGUE

Bowser's and the Western Gas won in the Saturday shop league games and the Turners were ejected from their lead in the Cleary circuit. The Dudlo team won its first game of the season, and the Pennsy still keeps a clear record—clear of games won.

The games Saturday were probably the best amateur exhibitions ever staged in this city, al. the scores running close, and in each case the lower team came out on top and the several thousand wild-eyed bugs howled themselves into a frenzy.

The Dudlo team defeated the Pennsy after eleven ininngs of play by a 10 and 9 score, and the Western Gas was the victor of a 5 and 4 affair with the Electric works. The Bowserites defeated the Turners and exchanged first place with them in a 7 and 4 battle royal.

ONE-LEGGED BOY IS STAR JUMPER.

Another promising one-legged athlete has forged to the front. He is Russell Kriss, of the Shaw high school team of Cleveland, and he has done 5 feet 6 inches in the high jump this spring. He forces his body up to a greater height with one leg than do most boys with two.

ALL READY FOR RECORD SMASMING

Indianapolis, May 29.—The annual flood of automobile race fans was pouring into Indianapolis today from every direction. The sixth annual running of the international sweepstakes on the Indianapolis motor speedway tomorrow is the attraction.

Scores of workmen were busy today cleaning the big brick oval. The drivers were making the final adjustments.

If it is cool and calm tomorrow a record breaking performance is anticipated. Ralph De Palma's average of 89 miles an hour, the record established last year, was made under nearly perfect conditions. As the field of starters is fast and the race has been cut from 500 to 300 miles, it is considered probable that his speed will be surpassed in the 1916 race.

TOWEL NO LONGER AID TO FIGHTER.

Towel tossing, long accepted as a token of defeat, has become passe in Australian prize rings. Hereafter referees will not be required to recognize the action of a second who pegs in a sponge signalizing a willingness to call off hostilities.

Another thing that referees will not disqualify a boxer for is when one of his seconds enters the ring. Formerly this was considered an act that lost for the boxer immediately. Both changes were ordered to safeguard against frauds being engineered by gamblers.

SHIP AHOY! NEW YELL AT HIRAM COLLEGE WHERE STUDENTS TAKE COURSE IN BOATING.

HIRAM BOATING CLASS ON PRACTICE SPIN.

(By Harold Johnson.)

Students at Hiram college, which isn't many miles from Cleveland, are training to become life boatmen. They want to hold good jobs on passenger steamers during the summer vacation.

Under a new law it is compulsory that all seamen shall be able-bodied and that a certain per cent undergo training in the handling of lifeboats. Hiram college, through Prof. Colton, interested itself in this order. Through one of the Lake Erie transportation companies a lifeboat 21 feet long, weighing 1,800 pounds, and containing five oars with room for two persons at each oar, was shipped to a small village three miles from the college and launched on a mill pond.

Capt. McLaughlin, of the steamship State of Ohio, running between Cleveland and Port Stanley, Ont., met eleven of the Hiram boys and gave them their first preliminary instruction in the handling of the craft. Two of the student boatmen are Calvin and Peterman, former star athletes of West high, Cleveland. William Hunt, Hiram, was elected captain and Harlan Bright, Waynesburg, Pa., chosen stroke oar.

Capt. McLaughlin will meet the boys three more times before June 12, after which he will take them to Cleveland for actual training aboard one of the lake steamers. An examination will then be given and the lucky ones assigned to positions aboard the steamers.

According to President Bates if this experiment proves successful the Hiram faculty will probably put a course of life boattraining on the college curriculum. In this event Hiram will be the first school in Ohio to offer such a course to its students.

PORT DOPE

The Fort Wayne Mags lost to the New Haven team yesterday 3 and 2.

Milwaukee, Wis., May 29.—Asserting that he is in the best physical condition of his ring career, Ritchie Mitchell, local lightweight boxer, matched to meet Charley White, of Chicago, here Monday, June 2, in a ten-round no-decision contest, predicts that he will give the Chicago boy the most severe drubbing he ever has received in a ten round bout. Mitchell in declaring himself takes exception to the alleged remarks of Nate Lewis, White's manager, that he (Mitchell) feared to meet the Chicago battler, and backed out of a match scheduled for May 9, when in reality an attack of blood poisoning necessitated a postponement. The fight again was postponed from May 29.

The Badger Juniors defeated the South Side Juniors Saturday afternoon 9 and 5, Huth and Welsh working for the winners and Huth whiffing seventeen of his rivals. Inability of the Badger Juniors to collect their team for Tuesday causes the postponement of their game with the Maroon Juniors.

The Rexalls defeated the Badgers yesterday 6 and 1 at Weisser park.

The Concordia Walther leaguers were winners over the Magonlias 11 and 8 Saturday afternoon.

The Ward White Sox went down to a 15 and 4 humilation before the Giants yesterday.

The Colts defeated the Blaucers 15 and 4 and the Federals 16 and 10 on Yale grounds Sunday.

The Fort Wayne Senecas won a right good battle from the Butler team at Butler yesterday, 4 and 3.

St. Louis, Mo., May 29.—The popularity of tennis and golf in St. Louis is evidenced by the fact that 15,4700 permits for the municipal courts have been issued this spring by the city park commissioner and that 4,856 persons have given cards granting them admittance to the public golf links. There are sixty municipal tennis courts in St. Louis.

The President's Wedding Cake Was Baked in An A-B Gas Range

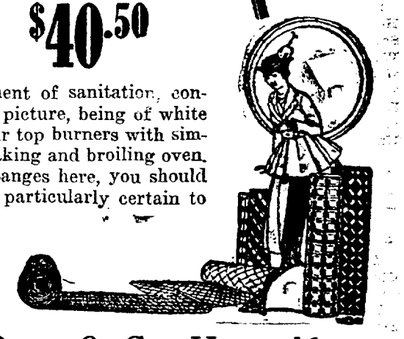
When you go to the "movies" this week, you're liable to see a picture of the actual baking of the wedding cake that was eaten by the guests who witnessed the marriage of President Wilson to Mrs. Galt.

The cake was baked in St. Paul in the oven of an A-B Gas Range, made in Battle Creek, Mich.

ALUMINUM ALLOY LINING POSITIVELY RUST-PROOF
CAST IRON FRONT ENAMEL FINISH
ONE VALVE CONTROLS THE OVEN AND BROILER BURNER
NICKLE WORK ALL PLAIN EASY TO CLEAN
PORCELAIN ENAMEL CLEAN-OUT TRAYS
PORCELAIN CHINA VALVE HANDLES
SMOOTH SHELVES ENAMEL FINISH
WROUGHT IRON BASE FRAME
STANDS UP FROM FLOOR EASY TO CLEAN UNDER AND AROUND

$40.50

And, as they say in Battle Creek—"There's a Reason"— which we'll tell you when you meet the A-B gas range at our store.
This model is most often chosen by those housewives who want everything that modern ingenuity can place in a gas range, and at the same time permit of a size to fit every kitchen and take care of every requirement of sanitation, convenience and economy. It is just like the picture, being of white porcelain half way up to the top. Has four top burners with simmering burner; and separate burner for baking and broiling oven. If you haven't examined the A. B. Gas Ranges here, you should be sure to do so before you buy; and be particularly certain to ask to see this one.



Rugs--Carpets--Linoleums--At Old Prices

Matting Is Seasonable and Now Offers a Solution to the Carpet Problem

In view of the fact that reliable ingrain carpets are scarce; why not use cool, clean, Japanese matting, which will serve you well in wearability, appearance and economy in the prices right now?

We have some splendid patterns in blues, greens and tans. Close cotton warp. There is a splendid 45c values (present price) that we can and are selling at the old quotation of, yard **35c**

EXTRA HEAVY CANTON, CHINA MATTING, SPECIALLY PRICED, PER YARD **35c**

You Will Save More Money If You Buy Carpets Now!

Whatever is true of the rug and linoleum market in regard to the raise in prices and the scarcity of merchandise; is also true of carpets. We were "wise" in this respect the same as in the other floor covering purchases. That's the only reason you can buy your carpet requirements now at a saving which will not prevail later in the year:

Heavy Brussels Stair Carpet ..... 75c a yard
Heavy Velvet Carpet .....$1.15 a yard
Extra Heavy Axminster Carpet .....$1.35 a yard
3 Shot Wilton Velvet, made of pure worsted; Special Sale Price .....$1.50 a yard
Made, Laid and Lined.

Last opportunity to buy Rugs, Carpets and Linoleums at old prices. We placed orders last fall with the big mills for double our usual quantities. Some of the shipments have been delayed by the oversold condition at the various factories; other shipments have been delayed by extreme congestion in the eastern freight yards. The result is our heavy buying in the fall is reflected in the great number of rugs, carpets and linoleums sold this season to wide-awake buyers—who grasped the opportunity.

A delayed shipment of about $1,500.00 worth of Rugs, in 9x12 size have just arrived. They were placed on sale Monday morning at extremely low prices, compared to what you will pay in the fall. Note the prices. Note the savings.

SMASHED AN AUTO ON BUCYRUS CROSSING

Pennsy Freight Demolishes Taxicab and Wrecks Five Freight Cars.

Both tracks of the Pennsylvania were blocked an hour or two Saturday night at Bucyrus when the emergency brake caused a double-header freight train with over sixty cars to break in two and upset five or six cars on the right of way. As the train was passing through the city westbound the engineer noticed a taxicab stalled on a street crossing, and in his efforts to stop lest there be some one in the taxi the engineer applied the emergency brake and the wreck resulted. The momentum of the train was so great that it was carried over the crossing and the taxicab was smashed into smithereens. The occupants of the taxi, realizing their peril, got out of the machine and left it to its fate, not even stopping to flag the train. There were no lights on the taxi that could be seen by the engineer and he did not know of its presence on the crossing until he was too close to it to stop. Nobody was hurt in the wreck, but the property loss was considerable.

WILL MEET GOMPERS.

Every Labor Union Will Be Represented at the Reception.

A representative from each labor union in the city and all of the officers of the Fort Wayne Federation of Labor will turn out tomorrow afternoon to meet Samuel Gompers, the president of the American Federeation of Labor and one of the best known labor leaders in the world, who is coming here to meet the members of the Indiana State Federation of Labor in conference concerning labor legislative matters and escort him from the Pennsylvania depot to the Baltes hotel, where the conference is to be held. In the evening Mr. Gompers will be the chief speaker at a mass meeting at the Library hall and the indications are that the big auditorium will be inadequate to the demands that will be made upon it for seats on that occasion, for in addition to his prominence as a labor leader, Mr. Gompers is an orator of recognized ability by all and many not connected with labor organizations want to hear him. The reception committee as compiled by the federation officers is as follows: President Joseph D. Shaw, Vice-President Lester A. Schwanz, Corresponding Secretary A. C. Berger, Financial Secretary J. J. Perrey and Treasurer John C. Werkman, of the Fort Wayne Federation of Labor; J. E. Wolf, of the Stationary Engineers; E. F. Brokaw, of the Plumbers' union; Charles Rundell, Sheet Metal Workers No. 156; Secretary Martin, Sheet Metal Workers No. 383; Edward Kibiger, of the Grocery Clerks; C. B. Huston, of Union No. 682; D. G. Steger, Pressmen's union; H. F. Swartz, of the Meat Cutters' union; Mrs. C. E. Kreider and Mrs. Winifred Redding, of the Fort Wayne Union Label League; Mrs. Donnelly, of the Cooks and Waiters' local; Miss Wynekin, of the Grocery Clerks; Jerry Crowley, of the Steel and Iron Workers' local No. 17; Joe Wiedemeier, of the Tailors' union; William Doctor, of the Stereotypers and Electrotypers' local; Cary Stumpf, of the Phto Engravers; the officers of the recently organized Laborers' Protective union; C. W. Felts, of the Carpenters' union; Clayton H. Johnson, of the Machinists; Henry Hoeltje, of the Cigarmakers; Al Reeves, of the Bakers and Confectionary Workers; Joe Cordes, of the Brewery Workers; Ben Davis, of the Iron and Steel Workers No. 14; P. R. Bell, of the Typographical union; Geo. Kiefer, of the Beer Drivers' union; Al Lamont, Bartenders' local No. 305; William Worland, of the Piano Workers; E. T. Drew, of the Painters' union; E. C. Carter, of the Cooks and Waiters; President C. W. Kroeger, of Friendship lodge, No. 70, Machinists; Charles Butler, of the Knitters' union; Joseph Seamaan, of the Moulders' union; J. J. Coolican, of the Electrical Workers' local No. 723; Lee Norford, Electrical Workers No. 305; Carl Becker, Blacksmiths' local.

Mr. Gompers will be introduced to the audience by John C. Werkman, one of the oldest and most active of Fort Wayne labor leaders, and other speakers will be Charles Fox, president of the Indiana State Federation, and some of the local labor leaders.

INSPECTING THE G. R. & I.

Pennsylvania Officials Making Trip Over the Line.

The annual inspection by the Pennsylvania officials of the G. R. & I. is being made. A special train bearing Vice-President J. J. Turner, Vice-President G. L. Peck, General Manager Benj. McKeen and some other officials of the Pennsylvania and the G. R. & I. passed through the city over that line yesterday morning, en route to Mackinac, the northern terminal of the road. It will again pass through the city on the homeward trip about 5 o'clock tomorrow evening. Vice-President E. B. Taylor's private car was a part of the special train as far as this city, where it was cut out and sent back to Pittsburg. General Manager E. B. Wood will accompany the officials tomorrow. Supt. B. H. Hudson will also accompany the party over the line from Grand Rapids to Fort Wayne.

Horror Ship to Make First Trip Since Disaster Last Summer.

Chicago, May 29.—The steamer Eastland tomorrow will make its first trip on Lake Michigan since it turned over last summer in the Chicago river, causing the death of more than 800 persons. The boat is to be towed to a shipyard in South Chicago to be rebuilt and equipped as a training ship for the Illinois naval militia.

CITY BREVITIES.

"The country has never shown greater indifference to a presidential campaign than that which will be formally launched this month," declares the monthly letter on business conditions just issued by the First National bank. "Notwithstanding this, however, the tendency of business men everywhere is to proceed cautiously and not to take undue risks."

The case against W. C. Rastetter, charged with employing Elmer Weitzman, a boy under sixteen years of age, during school hours, has been continued until next Saturday afternoon at 2 o'clock. The affidavit was filed in the court of 'Squire C. W. Rayhouser. George H. Buck, proprietor of a fish market on Harrison street, was fined $10 and costs for the same offense by 'Squire Rayhouser.

James M. Barrett, jr., of this city, was one of ten men to be initiated into the "Woolsack" at the University of Michigan last week. The "Woolsack" is an honorary law society, new members being selected according to class standing and campus activities. Mr. Barrett is a senior in the literary department of the university.

ESTABLISHES SCHOOL FUND.

Will of Mrs. Annie M. Barker of Terre Haute is Probated.

Terre Haute, Ind., May 29.—St. Joseph's Roman Catholic parochial school was the chief beneficiary of the will of Mrs. Annie M. Barker, which was admitted to probate yesterday in the disposition of an estate estimated at from $15,000 to $20,000. Mrs. Barker who died this week, was the widow of Samuel C. Barker, formerly a wholesale merchant. Bequests were made to the Sisters of St. Frances for furnishing a room at St. Anthony's hospital; to St. Ann's Home for Orphans, and to relatives, and the residue of the estate was bequeathed to the bishop of the diocese of Indianapolis, in trust for the creation of the "Barker memorial fund," to be used for the benefit of St. Joseph's school. A proviso is made that if any of the legatees contest the will any provision to them is rendered null and void, and the bequest reverts to the memorial fund.

CHICAGO GRAIN AND PROVISIONS.

Chicago, May 29.—Rain in Oklahoma and Kansas brought about material declines today in the prices of wheat. It was said moisture was plentiful in the drought-stricken territory that needed it most. Opening quotations, which ranged from ¾c to ⅞c lower, with July at $1.08⅛ to $1.01¼ and September at $1.08 to $1.09½, were followed by an additional setback and then a moderate rally.

The close was unsettled, ⅝c to 1⅛c net lower, with July at $1.07⅞ and September at $1.08⅛@1.09.

Corn swayed with wheat. Trading was mostly in small lots. After opening ⅛c to ¼c lower, the market recovered virtually in full.

The close was strong at ½c to ⅝c net advance.

Weather of a kind to favor growth made the oats market easy. Selling was general.

Plentiful receipts of hogs carried down provisions. No support developed when the sharp breaks had taken place.

THE DAY ON WALL STREET.

New York, May 29.—Aside from such specialties as the automobile group, in which gains of two to five points were recorded, no striking changes from last week's final quotations were noted on the resumption of trading today. Other shares, such as Crucible Steel, Mexican Petroleum and some of the metals were lower by a point. There were fairly large initial offerings of United States Steel, Reading and Kennecott Copper at minor change, but otherwise dealings were light and narrow.

Prices hardened later, the strength of Reading and Lehigh Valley, especially the latter, forming the basis of general improvement. Motors continued to head the special list although the movement in that group was light. Among inactive issues Loose-Wiles first preferred was prominent for its rise of seven points. Business fell away noticeably on the better tendency. Bonds were firm.

ROTARIANS WILL ENTERTAIN LADIES

Members of the Fort Wayne Rotary club will have as their guests next Thursday evening at their monthly banquet at the Anthony hotel their wives aand sweethearts at which time the innermost secrets of Rotary are to be exposed. It will be the first ladies' night ever attempted by the club.

Elias Day, director of the Lyceum Arts conservatory at Chicago, will be the chief entertainer. He will render a program consisting of a series of impersonations.

A number of songs will be sung by Mrs. Edith Nickell Bailhe, wife of Rotarian George Bailhe.

Rotarian Maurice Niezer has been delegated to expose the inner secrets of Rotary. He will speak on "What Is Rotary?"

OFFICIAL FORECASTS.

For Fort Wayne and vicinity (radius 20 miles): Thundershowers this afternoon or tonight; Tuesday partly cloudy.

For Indiana: Thundershowers this afternoon or tonight; Tuesday partly cloudy.

For Ohio: Thundershowers this afternoon or tonight and probably Tuesday.

For Lower Michigan: Unsettled tonight and Tuesday, probably showers except generally fair west portion Tuesday.

WEATHER CONDITIONS.

The pressure is generally low in the central sections of the country, and the weather is somewhat unsettled as a rule. During the last twentyfour hours showers occurred in the far northwest, and in northern and central districts to the eastward of the Rockies. Moderate temperature conditions prevail but the weather is somewhat cooler than the normal in the western states, and generally warmer than the seasonal average over the greater portion of the eastern half of the country.

P. M'DONOUGH,
Local Forecaster.

AUTOMOBILE OVERTURNS.

E. Rosenthal, a wholesale grocer at Muncie, suffered a broken arm and other minor injuries when the automobile he was driving turned over in the road near Maysville, Sunday evening, about 5 o'clock. Rosenthal lost control of the car. His companion, whose name could not be learned, was badly bruised about the face and shoulders.

The two men were brought to Fort Wayne in a passing automobile and after having their injuries dressed took an interurban for their home in Muncie. A bent axle and badly bent fenders was the extent of the damage to the automobile.

Baby Bonds Build Wealth and Character

Baby Bonds are endorsed by many of the local business men, not only because they cultivate savings habits, which they realize is highly desirable in any community, but also for the fact that these savings habits never fail to mold character. Little extravagances, which frequently lead to bad morals, are displaced by a habit of denial which makes character of a higher quality.

Baby Bonds are in $10 denominations, secured by first mortgages on local real estate and bearing six per cent. interest. For further information call the Wildwood Sales Company, Shoaff building.

A Ten Dollar Bill Secures One Of these Ideal Home Sites For You!

Located out on South Calhoun street, with pavements all the way to the addition from Fort Wayne's business center.

On a tract that nature made ideal for a homesite, and which was laid out by that famous landscape artist, Mr. Arthur Shurtleff. of Boston.

On ground that is 50 feet higher than the level of the courthouse, with a gently rolling surface, and with just enough of the original growth of forest intact to make it really beautiful.

Could there be a choicer spot upon which to lay plans for a future home?

Lafayette Place

the addition with positive possibilities

Restrictions For Your Protection

Every possible undesirable feature has been eliminated from Lafayette Place by the rigid restrictions which have been placed upon it. Every single lot has its own building line. There can be no stores, saloons, livery stables, or business houses of any kind to encroach upon the beauty of this addition. Unsightly fences, advertising signs, etc., are all tabooed. The company reserves the right to refuse the sale to anyone whom they may consider undesirable. All this guarantees a select neighborhood and a rapid increase in values

All Improvements Within Three Years

The Lafayette Place Company has contracted to co-operate with the property owners to secure all improvements within three years. By this plan you are saved the additional cost of sewers, pavements, light, gas, water, etc., which would otherwise have to be added to the cost of each lot. You also save the amount that would have to be charged to interest on these improvements, as well as the amount the improvements would depreciate before they were really used. The total saving effected on each lot by this plan is at least $125.

Squarely In The Path of Fort Wayne's Southward Growth

Remarkable increases in value have taken place in all of the restricted additions of the south side within the last five years and Lafayette Place, laying squarely in the path of Fort Wayne's great southward growth, is predicted to increase at least a similar percentage. There is no more promising investment to be had today than such real estate. And the lenient terms on which Lafayette Place property may be purchased make it an investment that every man or women in Fort Wayne should thoroughly consider.

You Can Afford One of These Lots If You Will

The man who says, "I can't afford to spare the money," is not the man who is progressing in this day and age. In a few years' time if you wished to sell out, you would find that the $10 a month that you had invested have not been missed at all, and your original investment, together with whatever increase in value had taken place, would then be "velvet" then you will realize the real possibility for saving afforded by the "Ideal Home Site Addition."

Lots Range In Price From $325 to $875

MANY AT ROBISON PARK FOR OPENING

Ideal weather and a tremendous crowd marked the formal opening of Robison park, Sunday, for the summer season. Three minute service was provided by the traction company for the greater part of the day.

The opening of Fort Wayne's popular summer resort was featured by two concerts by the Elks' band, the first from 2 until 5 o'clock in the afternoon and the second from 7 to 9 o'clock in the evening.

A spectacular balloon ascension was made at 6 o'clock by George Huebner, who ascended into the clouds in a gas balloon, cutting loose with a parachute 6,000 feet above the earth.

There were large crowds at all the city parks Sunday. The various country roads were kept hot with automobiles. Many Fort Wayne people attended the formal opening of Tri-Lake resort, near Columbia City, where Aviator Heth and his aeroplane were the principal attractions. Aviator Heth left Tri-Lake Sunday night for Warsaw, North Manchester and Huntington, where he will advertise the Fort Wayne centennial.

TARIFF YARNELLE'S THEME AT PITTSBURG

E. F. Yarnelle, of this city, was one of the speakers at the recent convention of the American Iron, Steel and Heavy Hardware association at Pittsburg. In the course of his remarks Mr. Yarnelle said:

"We are living in a very peculiar time. We have got to admit that we are in a very materialistic age. We are doing our part to carry on the great scourge across the water. We must not forget that we have nad some part in that struggle, and we have been taking no small part. We are blessed in this, that the war has saved us from worse trouble. Had it not been for the war in Europe there would not be the smiling faces in this convention. The lowering of the tariff would have meant many idle mills in New England, because of the fierce competition from abroad. I firmly believe we have been saved from a great disaster. I have perfect confidence in the American people that whether the war ceases or continues, they will be able to take care of themselves.

METHODIST GENERAL CONFERENCE AT END

Adjournment is Taken to Meet at Call of Board of Bishops.

Saratoga Springs, N. Y., May 29.—The sessions of the general conference of the Methodist Episcopal church held here during the last four weeks were concluded today with a meeting at which practically all of the business transacted was of a routine nature. The final roll call, which every delegate was required to answer, consumed nearly two hours. A large number of committees previously authorized to administer plans for various activities adopted by the conference were appointed.

For the first time in the history of the conference adjournment today was not final. The delegates adjourned to meet at the call of the board of bishops at a time and place to be fixed by them. This action will permit, if it is deemed available, of a session in 1918 to consider the plans for the unification of Methodists, which will be presented to the southern Methodist church at that time.

Seven new bishops and two missionary bishops were consecrated yesterday. Those consecrated and the stations to which they have been assigned were: Herbert Welch, Seoul, Korea; Thomas Nicholson, Chicago; Adna Wright Leonard, San Francisco; Matthew S. Simpson Hughes, Portland, Ore.; William Fitzjames Oldham, Buenos Ayres; Charles Bayard Mitchell, St. Paul, Minn.; Franklin Hamilton, Pittsburg.

The missionary bishops were Eben Samuel Johnson, Africa, and Alexander Priestley, Camphor, the only negro chosen to the Episcopacy this session, Liberia, Africa.

GERMANY NOW SAYS IT WAS BAD MISTAKE

Berlin, May 29.—The introduction some years ago of an exchange professorship system between Germany and America was a tremendous mistake, for it led America to the false belief that her educational institutions are as good as those of Germany, according to Prof. Eduard Meyer, himself one-time exchange professor and now as then, professor of history at the University of Berlin.

"The exchange of professors," says Prof. Meyer, "which the government called into being against the warning of the Berlin philosophical faculty, was a failure. In reality we sacrificed the hitherto recognized superiority of our universities, and awakened in the Americans the energetically exploited belief that they are equal, even superior tous. It is clear that the question is now settled and that it will not arise again. Should an effort be made to revive it I am firmly confident that it would collapse under a storm of indignation.

Prof. Meyer, who holds the degree of LL. D., from the University of Chicago, went to Harvard in 1909 as an exchange professor. He holds honorary degrees from Oxford and St. Andrews universities in England, and from a number of German institutions.

CLAIMED AS NEW RECORD.

Gun Crews of Cruiser San Diego Do Remarkable Shooting.

San Diego, Cal., May 29.—What was claimed today as a new record for accurate and rapid fire long range shooting was established by gun crews of the cruiser San Diego at elementary practice off this port Saturday night. The official number of hits will not be known until the target screens are examined by the umpires, but it is reported the six-inch gun crew scored 29 hits in forty shots, while the men behind the three-inch batteries achieved 15 hits in 27 shots. The firing range was 2,400 yards.

TELLS OF RETURN OF LONG LOST GRIP

Cal West is Able to Carry Objects Since Taking Tanlac.

The words of a well known retired farmer of near Fort Wayne, Cal West, who lives on rural route No. 10, have been added to those of hundreds of others of this vicinity who praise Tanlac, the Master Medicine, because of relief they derived through its use. Mr. West said:

"For a long time I have suffered from rheumatism in my shoulders and arms. I had severe rheumatic pains and twinges in my arms and shoulders. The rheumatic trouble was of such a nature that I couldn't pick up anything or carry an object very far until I'd drop it, my grip giving way.

"I have taken four bottles of Tanlac and now am on my fifth bottle. The rheumatism in my arms and shoulders has been greatly relieved. The pains are not nearly as severe as before and the grip has returned to my hands so that I can pick up objects and carry articles.

"I believe Tanlac is a fine medicine. It has helped my rheumatism and, therefore, I recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like and is a fine blood purifier.

Tanlac is now being introduced in Fort Wayne at the Wayne and Calhoun streets store of the Meyer Drug Co., where the Tanlac Man is explaining the new remedy. It also may be obtained at the other Meyer stores, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor.—Advertisement.

TOBACCO MAN NOW DEMAND SQUARE DEAL

Merchants Say Some States Are Giving Them the Worst of It.

Washington, May 29.—Demand for a "square deal" at the hands of the legislators for the tobacco industry was voiced by Jacob Wortheim, of New York, president tof the Tobacco Merchnts' association of the United States in his first annual address at the opening session of the organization here today. In this connection the speaker referred to anti-tobacco legislation in the various states, including restrictions against smoking, which, h esaid, if enacted would result in unnecessary loss of business to the industry.

Mr. Wortheim protested against the proposal to levy additional taxes on tobacco, and contended that the industry already is taxed to the limit. Statistics were presented to show that additional burdens in the way of taxes would virtually amount to a confiscation of property.

Body of Angola Student Recovered From Fox Lake With Fishhooks.

Angola, Ind., May 29.—"So long, boys; I'm going to see how far I can swim," exclaimed Walter Quigley, 18, a student in the Tri-State college here, as he leaped from a boat into the waters of Fox lake, Sunday, disappearing beneath the surface and was seen no more alive. When Quigley did not come up within a reasonable length of time after his dive his companions became alarmed and shouted to the shore for help. The body was recovered an hour after Quigley went down, a strong fishing line and a multihook artificial bait being used to drag the bottom of the lake. Joe Hollicker, 1117 Wall street, Fort Wayne, who tends bar for Chris Hegerfeld, a saloonist at Broadway and Taylor streets, that city, furnished the line and hook and caught the body. Quigley's home was with his parents at North Liberty, Ind.

LOSES FOOT UNDER WHELLS OF PARK CAR

Falling under a park car Sunday afternoon about 2:45 o'clock, Conductor Simpkins had his right foot so badly mashed that his toes had to be later amputated at St. Joseph's hospital.

Simpkins was making his way to the front of the car grabbing each post at the end of the rows of seats as he went. A girl had her arms around one of the posts and as he grabbed for it she jerked her arm away, causing him to lose his hold. He was thrown under the car, the wheels passing over his right foot. The accident occurred near stop 10.

The conductor was brought to the city in a traction car and rushed to St. Joseph hospital. The operation was performed by Dr. J. Frank Dinnen. Simpkins is twenty-five years old and came to Fort Wayne about six weeks ago from New York state.

FORTY MORE MEN NEEDED BY CO. E

In view of the fact that under the reorganization bill passed by congress, the Nation Guard is a part of the regular army, service in the guard is more attractive to young men, enabling them to get, without loss of time from their ordinary pursuits, a military training, fitting them for higher positions in the event the country ever need them. Company E will recruit one hundred men at once, so as to prepared when July 1 comes. To that end the company needs about forty good, clean young men, eighteen years of age or over.

The pay provided by the new law makes an object for enlistment. The officers will be in the armory, Flick building, West Berry street, on Monday, Wednesday and Friday nights and Saturday afternoons to receive applications for enlistment.

NEW MEXICAN NOTE DUE TO COME TODAY

Washington, May 29.—The new note from the de facto government of Mexico to the government of the United States, believed to contain renewed demand for withdrawing of American troops from Mexico, was due to arrive here today. Manuel Mendez, General Carranza's personal messenger, is bringing the communication. It may be laid before Secretary Lansing during the day. Officials still were without definite information concerning the exact nature of the communication early today, although it was generally believed to suggest again the withdrawal of American troops. Signs were lacking that the administration was prepared to acquiesce in such a proposal.

Dreadful Cough Cured.

"Following an attack of pneumonia I had four years ago, I had a dreadful cough that hung on for months," writes Mrs. Owen Caruthers, Wabash, Ind. "I lost in weight and became alarmed about my condition. I doctored with a number of remedies without benefit until taking Chamberlain's Cough Remedy. It helped me almost immediately and by taking one bottle of it I was cured." Obtainable everywhere.—Advertisement.

Grave Trouble Breaks Out With News of Bulgarian Invasion.

AUSTRIANS ARE DRIVING AHEAD

Italians Fight Desperately in Effort to Stay Their Progress.

Today's War News Given in Summary

The Austrian drive against the Italians in the southern Tyrol continues to progress in the region of Arsiero, southeast of Roverto, where Gen. Cadorna's forces are fighting desperately to prevent their foe from breaking through and gaining the route to the Venetian provinces.

Vienna reports the capture of fortified works at Cornowo, west of Arsiero, and an important position in the fortified district of Asiago, northeast of Arsiero.

The Germans have renewed their activities on the west bank of the Meuse in the region of Verdun, debouching at Corbeaux wood and driving against the French lines to the west of Cumieres village. Paris declares these attacks were repulsed.

The lull in infantry activity on the ·st bank of the river is being filled · hy the artillery which has been tably busy in the vicinity of Fort ·ix, southeast of Fort Douaumont, ·ar which most of the heaviest fight·g in this sector of the Verdun front as occurred recently.

The situation in the Balkans indicates important developments in the near future.

Athens advices report the breaking out of serious troubles in the Greek capital after it became known there that Bulgarian forces had invaded Macedonia. The Bulgarians now on Greek soil are estimated to number 25,000.

The entente forces at Salonika are reported to have just been reinforced by the arrival of some 80,000 to 100,000 Serbians, the remainder of King Peter's army.

Dispatches via London from the field of war in German East Africa report the slow but sure formation of a cordon around the German forces there.

Paris, May 29.—A news dispatch from Athens says that grave trouble has broken out there following the news of the invasion of Macedonia by the Bulgarians.

Bulgarian troops crossed the Greek frontier on May 26 and occupied the Greek forts of Rupel, Dragotin and Spatova. The Greek troops, which had garrisoned these forts, withdrew on the advance of the Bulgarians, who claimed permission from the Athens government for their act.

Here are Opal Uhrig, 1424 North Harrison street, and the official Bloomingdale flag which she designed, and which a committee has accepted as the emblem of the neighborhood. Opal tried her best to be dignified, but the camera man was so foolish that she was compelled to smile.. Then "click!" and that was all.

The deep black on the flag is red in the original, the lighter shaded portions blue and the remainder white.

MORE BOOMS AT CHICAGO

Those of Mr. Hughes and Mr. Dupont Arrive at Convention City.

DELAWARE MAN IS CARRYING HIS OWN

More Indiana Republicans on Hand to Aid Fairbanks Cause.

Chicago, May 29.—Two additional booms of candidates for the republican nomination for president were brought to Chicago today. They were those of Charles Evans Hughes, of New York, and Coleman Dupont, of Delaware.

Frank H. Hitchcock, accompanied by William E. Edward, former national committeeman from New York, launched the pre-convention campaign in the interest of Justice Hughes. Headquarters for Hughes will not be opened in Chicago, according to Mr. Hitchcock.

Mr. Hughes is not an active candidate for the presidential nomination and therefore no headquarters for him will be opened here, but his friends who are urging his nomination will work in his interest as individuals, said Mr. Hitchcock.

Dupont on the Job.

Coleman Dupont and a score of friends arrived early in the day and headquarters for him, it is said, will be opened

BLIND TIGER MAN IS IN BAD AGAIN

Walter Wedlaw, colored, who conducts a restaurant for negro patronage on Lafyetto street near the Curry saloon, is in bad again. He was arrested Monday morning on a blind tiger charge after Walter Hall, a negro from Garrett, Ind., had testified that he bought a drink of whisky Sunday in Wedlaw's place. Hall was arrested Sunday evening by Officer John Godfrey, and in the course of his hearing gave the testimony on which Wedlaw was arrested. A warrant was issued for Wedlaw forthwith and he was brought in before court adjourned. He retained Frank H. Kleekamp to defend him, and after pleading not guilty the case was continued until Wednesday. His bond was fixed at $400 and Hall, who had been fined $5 and costs on a drunk charge, was put under $200 bond as a witness. Wedlaw was fined $50 and costs in the circuit court a few days ago on a similar charge.

EMPEROR WANTED TO SEE ART FLY

Will Schnorr, who is with Art Smith the Fort Wayne birdboy, in Japan, has written to his brother, Henry Schnorr, that Art has taken the Japanese by storm and that "even the Emperor wants him to fly for him up at his castle which is an honor no other person ever had."

Schnorr writes as follows: "Art flew in a wind the other day at Nagoya, Japan, that you could not stand up in and looped the loop. You ought to have seen the crowd go wild when he landed. One of the big high officers took him in his arms and just hugged the life out of him. They thought it was impossible for him to do anything like that. Art is the whole thing in Japan. All day you hear nothing but Art. He is liked here so well they will not leave him out of their sight."

Schnorr is a son of Tobias Schnorr, a contractor residing at 2011 Maumee avenue. From Japan Smith and his party will go to Honolulu.

REHEARSALS AT PAGEANT GROUNDS.

Tonight everybody in scenes 1, 2 and 3 will rehearse at the pageant grounds, Reservoir park, at 8 o'clock.

No rehearsal of the people on Memorial day. Tuesday evening will be devoted to a rehearsal of scenery, lights and properties only.

On Wednesday evening everybody of scenes 4, 5 and 6 will meet at the grounds for rehearsal.

(In case of rain, rehearsals will be held at Shrine hall.)

ARMY NURSE OBSERVES EIGHTIETH BIRTHDAY

Mrs. Helena Wolff, who was a nurse in the civil war from 1861 to 1863 and who served her country during those perilous days as faithfully and as devotedly as any soldier who carried a musket, celebrated her eightieth birthday Monday. Mrs. Wolff was the recipient of many beautiful presents from friends. For a number of years she has been making her home in the Bank building, where she has furnished rooms. Although 80 years old she possesses all of her faculties and has never been known to wear glasses. She is as spry as a woman half her age.

LAST MINUTE NEWS.

NO STRIKE OF WIRE MEN ON EVE OF CONVENTION

New York, May 29.—The possibility of a strike of commercial telegraphers on the eve of the republican national convention at Chicago was virtually dismissed by S. J. Konenkamp, president of the Commercial Telegraphers' union, which opened its eighth biennial convention here.

WHITE HOUSE EMPLOYES WILL MARCH IN PARADE

Washington, May 29.—Led by Secretary Tumulty, employes of the white house will march in the preparedness parade here on Flag day, June 14. President Wilson probably will review the parade.

MURDER, SAYS THE CORONER

Hartford City Man is Hurried to State Prison for Safe-Keeping.

HURLS BUCKET OF CORN; KILLS CHILD

Albert Thomas, Prominent Farmer, Vents Anger at Autoists.

Hartford City, Ind., May 29.—Coroner Charles Rutledge filed a report of murder with the county prosecutor today after he had held an inquest in the death of Geraldine Stout, 5, who, while riding in an automobile yesterday with her parents, Mr. and Mrs. C. E. Stout, was struck and killed by a bucket of corn hurled by Albert Thomas, 45, a well-known farmer, as he stepped aside to let the machine pass in the road.

Thomas was taken to Muncie last night and on to Michigan City today for safe keeping, as the feeling against him here and at Upland, the home of the Stouts, is great. The grand jury, which convened today, also was expected to take up the investigation of the case at once.

Thomas, before being taken away explained his act by saying that he was startled by the sudden appearance of the machine and threw up his hands, accidentally letting the bucket fly into the machine. Members of the Stout party, however, assert that Thomas cursed them as he let go of the bucket. The little girl was sitting on her father's lap when hit. Dr. Stout jumped from the car and attacked Thomas with a knife. He was restrained by a crowd, which quickly collected.

Examination of the girl's body showed that the bucket of corn struck the girl's head, breaking her neck and causing instant death.

ONE TROUBLE WITH RIDING IN A JITNEY

One trouble with riding in a jitney at busy hours is that folks get mixed up and some of the conventions are difficult to keep. Cy Wright, tried in the city court Monday morning on a drunk charge, knows it. Cy was arrested Saturday night on complaint of a young lady he says is his best girl. He said they had been to a movie show down town and started home in a jitney so badly crowded that another girl had to sit on his lap. When Cy and his young woman left the nickel carryall his steady was all fussed up over the seat Cy had furnished the other lady passenger and would have nothing to do with him. Cy trailed along trying to explain and make his peace until he got to be a bore and his girl took refuge in a house at Runnion avenue and Third street, about two blocks from her home. Cy stuck around and tried to get her to come out to talk it over. The girl didn't come. She was too busy calling the police. Motorcycle officer Jack Lynch, who was detailed, found Cy hiding in the shadow of the lattice on the front porch and pinched him. Most of this is Cy's version of the affair. Judge H. Wayeland Kerr didn't seem much impressed by the virtue of the circumstances for he fined Cy $5 and costs.

CONFERENCE IS HELD AT THE WESTERN GAS

Statement Issued by Machinists on Strike at Wayne Oil Tank Plant.

Officials of the Western Gas Construction company and a committee representing the union machinists who are on strike were in conference Monday for the purpose of discussing a plan for a settlement of their differences.

Both sides are willing, it is understood, to give concessions and with this spirit manifested an early settlement of the strike is predicted.

Conditions at the Wayne Oil Tank and Pump company, the Fort Wayne Engineering and Manufacturing company and the American Steel Dredge works remain unchanged. All the plants where strikes have been declared are still in operation.

Committee Issues Statement.

A committee composed of L. R. McColley, H. Nogel and W. F. Horman, of the machinists on strike at the plant of the Wayne Oil Tank and Pump company, issued the following statement Monday:

"The management of the Wayne Oil Tank and Pump company has persistently given out the statement that the break between this firm and its machinists came over the question of an open or closed shop. We wish to state that this question was of minor importance when compared with other questions under consideration.

"Mr. Griffin, president of the Wayne, and Mr. Diserens, general manager, seemingly have not been able to agree between themselves as to what the employes should have. Mr. Griffin is willing to sign a bulletin stating conditions of labor and rates of wages, while Mr. Diserens will sign nothing, leaving the men uncertain as to the future and also leaving many opportunities for future disagreements over misunderstandings that could easily arise due to a verbal agreement between the manager and a committee of three employes.

"This above everything else caused the break. Machinists have learned through experience that verbal agreements are all too often the causes of future trouble and this we are trying to avoid."

RAIN DELAYS FINAL QUALIFYING TRIALS

Indianapolis, May 29.—Rain today delayed the final qualifying trials for the automobile race tomorrow in which Ralph Mulford, Gaston Chevrelot and Robert Delno were to have tested the ability of their mounts to circle the brick track at the rate of 80 miles an hour. By special arrangement, if they do not get to make the trials today they will be run off early in the morning.

Despite the heavy rain here today the Speedway management announced that the race would not be postponed if the weather clears before 1:30 tomorrow afternoon, the starting time set for the race.

BUT ONE EDITION OF THE SENTINEL TUESDAY.

Conforming to its Decoration day custom, The Sentinel will issue but one edition Tuesday. It will go to press at 12 o'clock, noon.

JAMES J. HILL PASSES AWAY

American Empire Builder Expires at His Home in St. Paul.

NOTED RAIL KING WAS 78 YEARS OLD

Man Who Did Most to Develop Northwest Had Striking Career.

St. Paul, May 29.—James J. Hill, railroad builder, capitalist and most widely known figure of the northwest, died at his Summitt avenue residence at 9:30 o'clock this morning as the result of an infection due to bowel trouble.

Mr. Hill was unconscious for nearly twelve hours before he died. Dr. Herman M. Biggs and Dr. Stanley Seager together with members of the immediate Hill family were at the bedside when the end came.

Secretary Makes Announcement.

Mr. Hill's personal secretary, M. R. Brown, made the announcement of his employer's demise to waiting newspaper correspondents at the Hill residence. His statement was made verbally, with the intimation that a written bulletin might be issued later.

Questioned regarding a date for obsequies Mr. Brown said that no arrangements had been discussed.

Was Sinking Rapidly.

Mr. Hill at 8:40 o'clock this morning was sinking rapidly and members of the pioneer railroad builders' family were prepared to meet the end at any hour.

The following bulletin, signed by Dr. Herman M. Biggs, of New York, was issued at that time:

"Mr. Hill has failed rapidly during the night and his condition early this morning became critical. It is not likely that he will live through the day."

His Remarkable Career.

James J. Hill discovered "the bread basket of the world" in the great northwest; he led in its development from a wilderness into what now comprises six wealthy states dotted with 400,000 farms, and he blazed a trail for transportation which reached eventually from Buffalo to Asia, with a total mileage of rail and steamship facilities that would nearly girdle the earth.

That but roughly spans the story of his achievement.

Near Guelph, in Ontario, where James (Jerome) Hill was born in 1838, the son of an Irish-Canadian farmer, who died when the boy was 15, there stands a tree stump labeled: "The last tree chopped by James J. Hill."

It marked the lad's resolution to go to the United States. He had been prompted by an odd incident. According to the story that is told, a strange traveler had stopped at the Hill farm to take dinner, and left his horse at the gate. Young Hill saw the animal was tired and he carried it a pail of water. The stranger was pleased with the lad's thoughtfulness and as he drove off he tossed him a newspaper from the United States, and called out gravely:

"Go there, young man. That country needs youngsters of your spirit."

Hill read the paper carefully. It contained glowing accounts of opportunities in the states. He resolved to investigate for himself. It was the next morning that he chopped his last tree.

AMBITIOUS PLANS FOR FOURTH WARD

Civic Beauty Plans Look to Unique Treatment for Each Street.

Ambitious plans are contemplated for the civic beauty scheme in the Fourth war in the general clean up and beautification campaign now engaging the whole city and if these plans are carried out each street in the ward will be given unique treatment. John Volland, counselor for the ward in the campaign, and County Treasurer William F. Ranke, who resides in the ward, are the leaders of this movement to work out distinctive plans for the beautification of each street so that beauty with variety may be presented. The people of the Fourth are much interest and that district of Fort Wayne gives promise of a striking transformation.

Residents of Pontiac place have under way a movement for the organization of a civic improvement association and will meet at the James H. Smart public school at 7:30 Monday evening, May 29, when it is expected the movement will take definite and permanent form.

BRIGHTENING CALHOUN SUBWAY.

The Wabash railroad has put men to work to scour its section of the Calhoun street subway, which will be made clean and brightened with a white coat.

The Pennsylvania railroad will also at once given its section of the subway similar treatment. The work will be completed before the Centennial celebration is inaugurated next week.

TESTING NEW MOTOR PUMP.

THE DEATHS

NAGLE.

While seated on the porch at the office of Mrs. Ella Fitzgerald, at 201 West Washington street, Louis Nagle, aged forty-eight years, died very suddenly Saturday evening at 7 o'clock. Coroner McArdle stated that death was due to organic heart trouble, from which the deceased had suffered for some time.

The deceased had been the janitor at the Fitzgerald employment offices for two years and was at one time employed as elevator man at the Anthony hotel. He is survived by two children and a brother residing at Greenville, Ohio.

The body was shopped to Greenville for burial.

MANN.

Mrs. Ida J. Mann, wife of Theodore Mann, of 1157 Cedar street, died at 4:10 o'clock Monday morning at the Hope hospital where she had undergone an operation just a week ago. She had attained the age of 45 years and had been a resident of Fort Wayne for five years.

She was born in Marion county, Indiana, but shortly after marriage came to this city. She was an active member of the First M. E. church and for two years served as superintendent of the Junior League.

Besides the husband she is survived by the parents, Mr. and Mrs. H. Reddick, of Castleton, Ind.; one brother Harry Reddick, of Indianapolis, and three sisters—Mrs. Charles Calvin and Mrs. Harry Markley, of Indianapolis, and Mrs. J. R. Ritter, of Salem, Neb.

Funeral services Tuesday evening at 7:30 o'clock at the residence. The body will be shipped to Indianapolis Wednesday morning and funeral services will be held there Thursday.

MADDEN.

John Madden, for several years manager of the city crematory and well known in Fort Wayne, died at 3 o'clock Monday morning at the family home, 919 West Main street, at the age of 73 years and 3 months. Death was due to a complication of diseases.

Mr. Madden was born and reared in Fort Wayne and had resided here in Fort Wayne for forty-five years. Besides the widow he is survived by a daughter, Miss May; two brothers, Kennedy Madden, of Churubusco, and James Madden, of Hutchinson, Kas., and several nephews and nieces. The deceased was a member of the Cathedral congregation.

Funeral services Wednesday morning at 8:30 at the residence and at 9 o'clock at the Cathedral. Interment at the Catholic cemetery.

FUNERAL NOTICES.

Mr. Gaff is 96 years old and is as spry and active as a man many years his junior. He was a visitor in Fort Wayne Monday.

PUT WOMAN OFF CAR; FINED.

Conductor Appeals From Ruling Favoring Colored Passenger.

Indianapolis, May 29.—Ralph Crippen, a street car conductor, was fined $10 and costs in city court for assault and battery on Nettie Crowdus, colored, who lives in the rear of 1516 College avenue. Crippen and the woman were arrested, both accused of assault and battery, after the conductor had put her off a College avenue car, at Delaware and Massachusetts avenue, Saturday night.

The testimony was that Crippen struck the woman twice. Crippen said he put her off the car because she had given him a Pennsylvania street car transfer. She denied this and said she paid a cash fare. Crippen appealed the case.

FINALLY WINS VICTORY.

Boy Enters Hollow Sycamore and Encounters Owl Family.

Shelbyville, Ind., May 29.—Lawrence Cotton, Oscip Fisher, Fred Fagel, Claude Fulps and Charles Archey, who live near Shelbyville found in the woods a large hollow sycamore tree. All the boys wished to enter the tree, and all wished to be the first. They settled the question by drawing straws, and Archey won. He climbed the tree and dropped into the hollow. Immediately there was a flutter, followed by muffled shouts. From the top of the hollow tree flew a large owl and immediately after it came Archey. Trailing after him were four other owls. The boys, reinforced by their elders, returned to the tree later and captured the owl family.

NEW WAY TO END LIFE.

New York Suicide Found in Trunk Made Into Gas Tank.

New York, May 29.—Shutting himself in an old trunk, after he had connected a gas tube to it, Lacey Stewart, 25, of 425 West Fiftieth street, ended his life in the office of R. H. Harris, wholesale liquor dealer, 99 Hudson street, where he was employed as shipping clerk. Stewart drilled a hole in the trunk, through which he passed the end of the tube, turned on the gas.

BIKE THIEF UNDER ARREST CONFESSES

Carl Haines, formerly an inmate of the Allen county orphan asylum, and now a grown man, was arrested Monday by Detective Sergeant W. F. Pappert and charged with larceny. He was trying to sell downtown a new $35 wheel belonging to Charles Anderson, an employe of the Fort Wayne Electric works. The wheel was taken from the factory. After his arrest Haines confessed that two weeks ago he stole from the Dudlo company's plant on Wall street, a new wheel belonging to a man named Kohrman, residing on West Superior street, and sold it to L. Brudi, auto supplies dealer at 618 Clinton street, for $10. Mr. Brudi had sent the wheel to the country for his boy, but it has been turned over to the police. Haines paid back to Brudi the $10 he got.

AUTO TURNS OVER.

Six Persons Narrowly Escape Injury In Accident on Bluffton Road.

Six persons narrowly escaped serious injuries Sunday evening when the automobile belonging to Casper Harber, a farmer, went into a ditch eight miles south of the city on the Bluffton road. The car turned over on its side, scattering the occupants in every direction, all of whom, however, escaped without so much as a scratch. The car was not seriously damaged.

CENTENNIAL SONG.

It Is Being Sung In Many of the Cafes of the City.

"Little Indian Diana" is the title of the Indiana centennial song just off the press, and which is being played by the Elks' band, and is making a big hit in the cafes of the city. The music is by "Duke Baier and the lyrics by Myron Parrot, both Fort Wayne boys. Both music and words are catchy and very appropriate. The cover design is a reproduction of Fort Wayne's municipal flag.

ASKS FACTORIES TO CLOSE ON AFTERNOON OF "FRATERNAL DAY."

To the Manufacturers of Fort Wayne:

In arranging to close your places of business for a portion of centennial week, in the interest of a greater Fort Wayne, we would request that you include as a part of your closed period the afternoon of Tuesday, June 6, "Fraternal Day." This will allow your employes to participate in the parade, if eligible, and at least to witness it if they have no place in line.

We believe that this imposing parade, miles in length, showing every phase of Fort Wayne's modern development, will impress our thousands of visitors with the truth of the greatness of our city. The parade will be made up of every manner of organizations designed to make Fort Wayne a better city. Such a demonstration will be an inspiration to our own people and a revelation to our visitors. We hope you will find it agreeable to comply with the request.

Respectfully,
FORT WAYNE'S CENTENNIAL ASSOCIATION.
By E. C. Miller, General Chairman.

COMMITTEE OF Y. M. C. A. NAMED

The site and building committee is authorized to look for a desirable site at once. However, great care will be taken in this matter. No hasty decision will be reached.

Campaign Cost $3,000.

The campaign which came to such a successful close last Friday night cost slightly in excess of $3,0000. This includes the salary received by E. L. Mogee, the efficient campaign director, the noon-day lunches, printed matter and all other expenses. The committee is convinced that it was money well spent.

Check From Congressman Cline.

Arthur E. Smith is in receipt of a check for $100 from Congressman Cline for the Y. M. C. A. fund, which should have reached here last Wednesday, having been mailed at Washington, D. C., May 22. Congressman Cline writes to Mr. Smith as follows: "I want a part in the noble work now being pushed in the city of Fort Wayne for a Y. M. C. A. I am subscribing $100 under conditions named in newspapers. I trust that this amount will be received in the spirit in which it is given."

Vienna, Sunday, May 28.—(Via Berlin and Wireless to Sayville.)—Austro-Hungarian troops have captured a fortified position west of Arsiero, Italy, the war office announced today.

SAYS ASSAULTS FAIL.

Paris, May 29.—11:45 a. m.—Two attacks were made by German troops advancing last night from Corbeaux wood, on the Verdun front. The French war office report of today says these assaults resulted in failure.

East of the Meuse the night was comparatively calm except for heavy artillery action in the vicinity of Fort Vaux.

Fifteen aerial encounters occurred and two German machines were brought down, one of them falling in flames.

WERE EASILY REPULSED.

Berlin, May 29.—Violent artillery duels are continuing on both banks of the Meuse, on the Verdun front, the war office announced today. French troops made two weak attacks on Cumieres village, taken last week by the Germans, but these were easily repulsed.

NEWS OF FORT WAYNE'S NEIGHBORS

WAS MILKING HER BOSSY.

Woman Near Montpelier Injured When Thunderbolt Strikes.

Montpelier, Ind., May 29.—Mrs. Dan Schuller, a resident of this city, narrowly escaped death when lightning struck the barn in which she was milking a cow. The cow which Mrs. Schuller was milking, a horse and a calf were all killed. Mrs. Schuller was burned. Mrs. Schuller was thrown into one corner of the barn, but was not apparently seriously injured. Today she is in a rather dazed condition, but seems little the worse for her experience this morning. The barn was only slightly damaged by the bolt. Montpelier was hard hit by the rain and considerable damage was done. Streets were overflowed with water and lightning damaged a number of trees.

SOUTH WHITLEY CITIZEN DIES.

South Whitley, Ind., May 29.—James Menaugh, an old resident and citizen aand a civil war veteran, aged 73, passed awaay Saturday at his home. Mr. Menaugh had been in quite poor health for several years. He was born in Lancaster county, Penn. He grew to manhood there and was united in marriage to Miss Mary Shuttle. To this union were born four children, all of whom survive to mourn his death. In 1880 he, with his family, moved to this state. Soon after their removal here his wife died. He located in Cleveland township and bought a farm there, later moving to South Whitley, and living a retired life. He was united in marriage a second time to Martha Glower, of Churubusco, who still survives. The surviving children are Albert, of Goshen; William, of Warsaw; Mrs. L. H. Wrigley, of Albion, and Mrs. Ralph Lancaster, of South Whitley.

DECATUR CHILD SCALDED.

Decatur, Ind., May 29.—Little Richard Parrish, son of Mr. and Mrs. Frank Parrish, was painfully scalded yesterday morning. The little fellow, who is about two years old, was playing about the home, while the mother was busy attending to her household duties and in his childish ignorance of consequences pulled over a vessel containing boiling water on himself. The hot waer caught both legs, inflicting ugly burns. The injury was most painful, and the child's screams were pitiful. A physician was hastily called who dressed the injuries.

MYSTERIOUS STRANGER LEAVES.

Portland, Ind., May 29.—Clarence Sherwood, alias Wilbur Smith, the tramp mason who was found on the streets here and whose account of a brutal assault on board a fast freight train on the L. E. & W. railroad startled local police officers and others, left the city unceremoniously. The injured man arose from a cot in the office of Dr. F. W. Mincks, where he had been permitted to stay during the night and where Policeman Ed Wingate had ministered to him, and departed.

DYNAMITE WAS STOLEN.

Montpelier, Ind., May 29.—It has just been made public that the dynamite house at the Baltes quarry, east of the city, was broken into recently. The theft occurred a few days before the Van Buren dynamiting and a number of the sticks were taken. The stuff taken before Dr. Derbyshire's residence at Van Buren, northwest of here, was blown up, looks as if it might have been taken from the local plant by persons perpetrating the cowardly act at Van Buren.

FORGOT TO CHASE THE FUMES.

Huntington, Ind., May 29.—George (Doc) Burley was severely burned, and his room in the Johnson block on South Jefferson street was gutted by flames wheen Burley struck a match to light his pipe after giving the suspected bedbugs on his bed a bath of gasoline. Burley must have seated himself on the bed before striking a match, as the back of his coat was burned almost entirely away.

VAN WERT BACCALAUREATE.

Van Wert, O., May 29.—The first of the commencement activities occurred last evening when the baccalaureate sermon was delivered before the 1916 graduating class of the Van Wert high school by Rev. Jesse Corley, of the First M. E. church.

FIRST REHEARSAL AT RESERVOIR PARK

Pageant Actors Will Take the Stage There This Evening.

SPECIAL NOTICE.

Everybody who takes part in the pageant will observe a change has been made in the printed schedule, held in accordance with the following schedule:

Monday, May 29—At the pageant grounds, everybody in scenes 1, 2 and 3.

Tuesday, May 30—No member of the cast will be required. The evening will be spent in rehearsing the scenes, lights and properties. Enjoy your Decoration day holiday.

Wednesday, May 31—Everybody of scenes 4, 5 and 6.

Thursday, June 1—Everybody—Full rehearsal.

Friday, June 2—Everybody—Full rehearsal.

Saturday, June 3—Everybody—Dress rehearsal.

Monday, June 5 (the night before the opening date)—Line rehearsal, a brief rehearsal of lines, after which the cast will be excused for rest before the opening of the pageant series.

The first rehearsal for the great Fort Wayne pageant to be held on the pageant grounds is announced for this evening. Heretofore all rehearsals have been held at Shrine hall. Seven closing rehearsals will be held on the monster stage, where the production will take place, closing with a "line" rehearsal the night before the pageant opens.

While the stage is as yet in an uncompleted state, it is near enough to a completed condition to allow the company of 1,100 actors to become thoroughly acquainted with the place and its surroundings.

As announced in the above schedule, scenes 1, 2 and 3 will receive attention this evening. Tomorrow, Memorial day, the actors will be given a rest from their labors, while the lighting, properties and scenery are tried out to see that everything "works" properly.

The participants in scenes 4, 5 and 6 will be summoned for the evening of Wednesday, May 31. Full rehearsals will then be held every night, with a full dress rehearsal on the evening of Saturday, June 3. On Monday evening, June 5, everybody will assemble for the final rehearsal, which will be cut short to allow the cast to enjoy a rest before the first presentation of the pageant.

THIRTY MEN REQUIRED.

One Company is Using That Many on Street Decorations.

Eleven different decorating firms are now busy adorning Fort Wayne for the great centennial celebration. One of these, the Gastoff company, represented by Wolf & Dessauer, to whom was awarded the contract for the decoration of the streets, is on hand with a corps of thirty men. Their work will be done with a rush.

By the end of the present week Fort Wayne will hardly recognize itself. While the work of last week consisted largely of the stringing of invisible wires spanning the side streets,—from now forward the archings of brilliant colors will go on with rapidity.

The adornment of the buildings has already begun, and the end of the week will show very few bare walls in the down town district. Many of the homes will take unto themselves a liberal supply of the national colors, especially those located along the route of the home-comers' parade.

Calhoun street, from the Nickel Plate tracks to Creighton avenue, will be one fluttering highway of patriotic color, and many of the side streets will be converted into a gay archway of brilliancy.

The night illuminations will convert the thoroughfare from the industrial exposition to the pageant grounds into one great glaring highway of color.

TELL OF ITS SIGNIFICANCE.

Robertson and Rice Speak at Centennial Mass Meeting.

Addressing the mass meeting at the Commercial club Saturday evening, Donald Robertson, the pageant master, and Wallace Rice, the author of the Book of the Pageant, "The Glorious Gateway of the West," enthused the audience with the deep significance and the high valu of the coming production.

Author Wallace Rice, Supt. J. N. Study and General Chairman E. C. Miller added to the value of the program.

Mr. Miller enthused the audience with the statement that the work of the various committees is so far advanced that if necessary the entire celebration could be opened by Thursday of the present week.

Rr. Rice stated that the Fort Wayne pageant is modeled on the same lines as Shakespeare's Henry V., in which the episodes are introduced and connected by the spoken line.

Mr. Rice predicted that the people of Fort Wayne, through the seeing of the pageant, would see the marvellous beauties of Fort Wayne history as they have never seen it before. The creation of civic pride, a great and valuable asset to any community, must inevitably follow.

Superintendent Study told of the work of the school children in adding to the success of the centennial program with their great chorus of Thursday morning and the exhibition drill of Friday afternoon.

The entire session was one of splendid boost for the celebration.

Peter Henkenius, who was oversome by the heat while working at the base ball park Friday, is reported as improving. He is still at St. Joseph hospital.

Captain T. W. Blair spent Memorial Sunday at his boyhood home in Antwerp, Ohio. He was one of the speakers at the memorial services held in that city.

IT OUGHT TO CURE HIM.

Ten-Day Castor Oil Diet for This Wife-Deserter.

Milwaukee, May 29.—Because Roy T. Baxter abandoned his wife at a time when she wanted him with her during her approaching motherhood the court has ordered that he be put on a ten-day diet of castor oil. Roy, in court, said he had left home because he was not well. He admitted smoking many cigarettes and having a bad liver. The court then ordered that he be given treatment which would clear the nicotine out of his system effectually and make him able to work and support his family.

E. F. Delagrange, carpenter contractor, was operated upon Monday at St. Joseph's hospital for appendicitis. Mr. Delagrange was taken to the hospital Sunday.

Trolley Car Crashes Into Automobile Near Shelbyville.

Shelbyville, Ind., May 29.—Peter Straub, 55 years old, and Charles Veatch, 35, are dead; Will Hulshart, 41, a grocer, is in a precarious condition, and Harry Fritts, 30, suffered a broken leg as the result of the collision of an automobile driven by Hulshart and an Indianapolis and Cincinnati traction car here last evening.

The accident occurred at a crossing near the traction car barns as the men, all residents of Shelbyville, were starting for a ride in the country. The view was obstructed by a house and the barns and the men did not know of the approach of the car until a few seconds before the automobile was crushed.

DAILY BIBLE READINGS FOR THE HOME

Romans 3:21-31.

21 But now the righteousness of God without the law is manifested, being witnessed by the law and the prophets;

22 Even the righteousness of God which is by faith of Jesus Christ unto all and upon all them that believe; for there is no difference:

23 For all have sinned, and come short of the glory of God;

24 Being justified freely by his grace through the redemption that is in Christ Jesus:

25 Whom God hath set forth to be a propitiation through faith in his blood, to declare his righteousness for the remission of sins that are past, through the forbearance of God;

26 To declare, I say, at this time his righteousness: that he might be just, and the justifier of him which believeth in Jesus.

27 Where is boasting then? It is excluded. By what law? of works? Nay; but by the law of faith.

28 Therefore we conclude that a man is justified by faith without the deeds of the law.

29 Is he the God of the Jews only? is he not also of the Gentiles? Yes, of the Gentiles also:

30 Seeing it is one God, which shall justify the circumcision by faith, and uncircumcision through faith.

31 Do we then make void the law through faith? God forbid; yea, we establish the law.

And that kind of faith works out in righteousness. It remembers the pit from whence it was digged. Believing in the redemption which is ours in Christ, we let Lots choose and take cheerfully what is left—with God.

Help the Centennial

Fort Wayne's contribution to the celebration of the centennial anniversary of Indiana statehood is now but a week distant. The results of weeks of planning and of effort upon the part of many thousands of people and the generous outlay of funds in order that the event might be in keeping with the occasion which brings it forth are to find fruition next week in a program of unusual magnitude and of commaning excellence. Several Indiana cities have already held these celebrations and many more are yet to do so. Splendid as these have been, none of them has approached in extent or in splendor the entertainment which Fort Wayne is preparing for its uncounted thousands of visitors next week. Indeed, it is doubtful if the celebration in any other Indiana city will seriously rival the offering which Fort Wayne s planning to enjoy with its guests.

All this is but preliminary to the urgent request that every man, woman, boy and girl in Fort Wayne get behind the big enterprise and give it undivided interest and support. Perhaps you have failed as yet to grasp the tremendous bigness of the public-spirited enterprise. It will profit you immensely if you will get in close touch with the scope of the celebration and come promptly forward with an offer to be of assistance in every way possible. It is in no sense a money-making enterprise for anybody. Rather it is a serious attempt to portray in serious yet attractive fashion Indiana's progress during the century that has elapsed since the terriory became a state in 1816, and to place emphasis upon Fort Wayne's part in that development. We are going to know more about Indiana and more about Fort Wayne as a result of the centennial, and the information will be of distinct benefit to us. Let everybody pull in these coming days for the success of the centennial celebration. Help it. Encourage it by your interest and your assistance. It is another great Fort Wayne accomplishment in which you will desire to have some definite part—in assisting in the arrangements, in the rendition, in patronage for it, in gracious hospitality to visitors who will gather within the city's gates and in demonstrating your civic spirit once more. Get in line to help the centennial.

Indiana democrats are preparing to send a big delegation to the democratic national convention at St. Louis, and the Hoosier contingent there is now expected to be larger than that of any other state with the possible exception of Missouri. The Indiana democrats propose to take no chances. While at this time it seems that Vice President Marshall's nomination is assured, you never can tell what an eleventh-hour move by some of the gifted political strategists will bring forth. The Indiana democrats are going to adopt the preparedness policy and see that nothing happens that might edge Tom Marshall off the ticket.

The state park centennial memorial commission has succeeded in purchasing as the first unit in the proposed system an Owen county tract that has been heralded as the Grand Canyon of Indiana. and that is said to possess much scenic beauty. Moreover, the purchase prce is said to have been extremely reasonable. Turkey Run was lost because timbermen had more money than had the state park commission, but it is gratifying to know that at least a start has been made toward this permanent monument to Indiana's centennial year.

Secretary McAdoo confidently declares that the government's receipts from internal revenue this year will reach the tidy sum of $500,000,000—a figure far in excess of all previous records. Still, there appears to be no occasion for worry lest Uncle Sam will be unable to spend it all without undue exertion. The government is singularly human in its propensity for spending money.

Dr. Waite, the New York dentist found guilty by the jury of poisoning his millionaire father-in-law, is opposed to appealing from the verdict or of seeking a new trial on any pretext whatever. Measured by the ethics of criminal practice, this is extremely irregular, but since Dr. Waite seems to be satisfied, is there occasion for anybody else raising objection?

Dime novels and cigarettes are blamed by the youth arrested for stealing some $10,000 from the offices of J. P. Morgan & Co. There never has been much doubt of the efficacy of that iniquitous combination, anyway.

"In compliance with your directions, I assure you that there will be no prize fight at the Federal park in this city on the night of May 29," Sheriff Coffin, of Indianapolis, writes to Governor Ralston. The governor and the sheriff clearly have the last guess on the thing, and they appear to be remarkably conclusive guessers.

THE NOTE TO THE ALLIES.

(Pittsburg Dispatch.)

The new note to the British and French governments formally registers our protest against the violation of American mail on the high seas and promises to press claims for the losses resulting therefrom to American interests. The tone is one of vigorous remonstrance but the strength of the language is weakened by the knowledge in London and Paris as well as in Washington that nothing further is intended.

Secretary Lansing writes that the United States can no longer tolerate the wrongs which American citizens have suffered, and continue to suffer, through the lawless practices of the Allied governments, and that only a radical change in their policy assuring the United States of its full rights as a neutral nation will be satisfactory. These "onerous and vexatious abuses," it is charged, have inflicted grave injury on American commercial interests and violated the rights of property. Virtually, through their control of the sea, the Allies have established a piratical censorship on American commerce with neutrals as well as belligerents. Their answer, of course, is that the effects on American interests are not intentional, but merely incidental to their efforts to wage war on their enemy. But exactly the same answer was returned by Berlin in the submarine controversy. Neutrial rights in each case have been disregarded flagrantly as secondary to the necessities of the belligerents. The most that Great Britain has offered in extenuation has been the promise that the injury to neutrals would be reduced to the minimum. Nothing more can be expected in response to the presnet note. Washingon has simply placed its protest on record as a basis for adjustment when the war ends. With international law flouted on every hand we again proclaim our faith in it, although practically none of the neutral nations, including ourselves, have felt it worth risking being drawn into the maelstrom to champion it by force.

But when the time comes to reorganize civilization our protests filed in Berlin and London and Paris will have preserved the figment of international law and offer a basis for restoring its principles in a more enduring structure that may guide and govern the world in the years to come.

TRAINING CAMP ORGANIZES.

Will Encourage Military Training for Schoolboys.

Sulver, Ind., May 29.—To encourage military training for high school boys and to promote a system of camps for that purpose, the 500 boys at Camp Newton D. Baker have organized the Culver Military Training Camps association of the United States. Colonel L. R. Gignilliat, of Culver, was made honorary president. The active president is Harry S. Lotta, of Goshen. Paul L. Morrison, of Hartsville, Ind., is secretary, and Joseph F. Sharp, of Greenwood, treasurer. Each state represented in the Culver camp will have one vice president. Any boy who has spent two weeks in an approved high school training camp will be eligible to membership in the organization.

Recommends Chamberlain's.

"I take pleasure in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it in my family for the past thirteen years. I have tried other remedies, but Chamberlain's is the only one that ever gave me permanent relief. We are never without it even when on a visit or summer outing, and I cannot say too much in praise of it," writes Emerson Demeree, Harpursville, N. Y. Obtainable everywhere.—Advertisement.

Albany Club Women Walk Twelve Miles to Do Shopping.

Muncie, Ind., May 29.—The Albany Woman's club is composed of women who do more than read essays. Hikes at regular intervals are part of their program. Five of the members walked from Albany to Muncie, twelve miles, this week for "suburban shopping day" here. They walked the distance in about four hours, did their shopping and returned home by interurban.

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism: others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

CHICAGO MUNICIPAL PIER THROWN OPEN

Blends Commercial Utility and Social Recreation on Unique Scale.

Chicago, May 29.—Commercial utility and social recreation facilities are combined on a large and unique scale in the Chicago municipal pier, at the foot of East Grand avenue, and just north of the mouth of the Chicago river, which was opened to freight traffic for the first time today when the Northern Michigan Transportation company received an dshipped freight there.

The first social feature to take place on the new pier and which will occur before it is entirely completed, will be a meeting to be held June 8, under the auspices of the Illinois Equal Suffrage association, and which will bring together prominent suffrage workers and orators from all sections of the country, it is expected.

The United States government spent nearly a million dollars to erect a break-water to protect the pier. The pier itself runs out three thousand feet into Lake Michigan and is 292 feet wide. It was built on a bond issue of $4,750,000, under authority of the City of Chicago, and its erection began about four years ago. It was the development of plans on the part of James A. Pugh, of Chicago, for a pier of private ownership which should combine utility and amusement features. The Pugh plans were not permitted by the city, on the ground that such an enterprise should be wholly planned, owned and controlled by the city in order to give the greatest benefit to the public." Although the original private ownership plans were not allowed to mature they served as the nucleus of the city's development of the enterprise.

When the city first took up the work of erecting the great pier some opposition came froni government officials who disapproved of the amusement features of the scheme, holding that it should be a purely business enterprise. This opposition, however, finally was overcome to such an extent that the recreation feature of the work was allowed to be retained to an extent that was satisfactory to the city.

The pier as it now stands, almost entirely completed, is built of concrete and steel. There are five buildings on the structure. The "Head-house," as it is called, stands at the western, or shore-end, and contains the administration offices, large public accommodation rooms and walks leading to the floors of the freight and passenger buildings. These last mentioned buildings are each 2,340 feet long, each is 100 feet wide, and there is an eighty foot roadway in the center. On the east or lake end of the pier is the recreation pavillion and there is a building just to the west of it which will be equipped with furniture costing $32,000 and which will be used for restaurant, rest rooms, and small shops, catering to buyers of flowers, confections and similar small wares. The recreation pavillion is to be used as a place for dances, concerts, lectures and conventions and will seat 3,000 persons.

Outside the main pier structure there is, on each side, a six foot dock. The main floors of the pier are on the dock level, have an area of 456,300 square feet and are to be used exclusively for freight and package handling. Immediately above the dock level are floors to be used by passengers only, who will board and leave steamers by that way.

Street cars ultimately will run through a covered way the entire length of the pier.

The landing at the lake end of the pier will be for the exclusive use of passenger steamers, particularly for the large fleet of excursion boats that ply the lake all summer.

One of the most popular features of the new pier is expected to be the great promenade way, leading all the way from the west end to the east end. It will be uncovered, admitting the full sweep of the cooling lake breezes, as it will be high above the freight dock level.

Among the equipments of the east end of the big structure will be police and life saving stations, a telephone station, various accessories that make for comfort and "safety-first," and an emergency hospital and a playroom for children.

At the land end are two water tanks with a capacity of sixty thousand gallons each, equipped with a water sprinkler system which is designed to protect the freight houses from fires.

PLANS COMPLETED FOR MEMORIAL DAY

Fitting Tribute to Be Paid to Soldier Dead by Fort Wayne Citizens.

Appropriate tribute will be paid anew Tuesday to the soldier dead who have passed on to their reward. Business will practically be suspended for the day and both morning and afternoon special exercises will be held under the auspices of the various patriotic organizations of the city.

The graves in the various cemeteries will be decorated in the morning and at 10 o'clock services will be held at Lawton park. Rev. C. E. Boyer will deliver the address. The principal service, however, will be held at 2:30 o'clock at Lindenwood cemetery. Rev. O. E. Tomes will deliver the Memorial day address.

Memorial Services Sunday.

Two memorial services were held Sunday, in the morning at the Salem Reformed church and in the afternoon at the Majestic theatre. Rev. F. W. Knatz, at the Salem Reformed church, took his text from the thirteenth verse of the fifteenth chapter of John: "Greater love hath no man than this, that a man lay down his life for his friends."

"The old spirit of '76—the warm love of '61 for our country and its star-spangled banner has not died out in the hearts of our people, nor shall it die out as long as the youth of our land are taught the history of our blood-bought freedom, and every schoolhouse has its flagstaff, from which on stated occasions, the stars and stripes are wafted by heaven's breezes," Rev. Knatz said. 'The result of your fidelity to truth and right is a united country, bound more firmly together than ever before." Special music was rendered by the choir.

At the Majestic Theatre.

Rev. D. H. Guild, pastor of the First Methodist Episcopal church, delivered the address at the afternoon meeting at the Majestic theatre.

"We are here to revere the memory of those who have departed," Rev. Guild said. "The roll of twenty-two has been called. At this rate there will not be any of you here in a few years, but be assured that these services will continue to your honor and the glory of the republic."

Members of both posts of the G. A. R. and affiliated organizations attended the two services in a body.

Decorating Committees.

The decorating committees for the various cemeteries are as follows: St. John and Prarie Grove: William Engle, William Kennerk, Joseph Corlett and Louis Zollinger.

Catholic: S. S. Kelker, John Ryan, Charles Parr.

Concordia: C. P. Josse.

Lindenwood: James E. Graham, Joseph Kickley, John Koak, Louis Koak, Luther Birley, Isaac d'Isay, John Kress, Hiram Ward, Samuel Bacon, Charles Thomas, William Engle, John Shuler, S. M. Hench, S. M. Curtis, Jasper Edsall, William Kennerk, Charles Fairfield, Fred Brodt, M. Kramer, D. L. Beaber, William J. Bright, Smith Corbett, Frank Gibson, L. W. Johnson, Ambrose Kintz, Henry Sayner, Joseph Schrack, Friedman Voight, Enos White, M. Mallott, H. L. Stephens, Lloyd Whiteman, W. G. Sink, Ed C. Close, M. A. Current, G. B. Place, J. W. Squires, Walter Felger, Ernest Felger, T. W. Blair, C. P. Josse, Frank Chalfant, A. F. Archibald Leslie Hills, E H. Bookwalter, Walter Thomas.

After decorating the graves in the different cemeteries the various patriotic societies will assemble on East Berry street at Sion S. Bass post headquarters and at 9:30 o'clock headed by the Citizens' band will march to Lawton park where after strewing flowers on the water for the sailors and marines who lie in watery graves a formal program will be carried out at the monument in memory of the unknown dead. All those unable to walk will be provided with transportation.

Freight service has been annulled on all traction lines in Indiana Decoration day.

BUT WHO'S HER SWEETHEART.

Note Signed "Ella" is Dropped When Henhouse is Robbed.

Nashville, Ind., May 29.—Philip Weddle, a farmer in Johnson township, Brown county, will file an affidavit against George Somebody for larceny, if he can find out who he is. A few nights ago forty hens were stolen from Philip's henhouse, and the thief came again Wednesday night and carried away twenty-five more. On this trip the thief dropped a pocketbook which contained the following note:

Dear George—I am anxious to see you at once. They are telling me that you was the one that took Weddle's chickens. Pa and Ma are on their ear, and says that you will have to quit coming here to see me. George, you had a date with me and did not come the night the chickens were stolen, and this leads them to believe it is so, you must see Pa and explain before I can go with you any more. Yours, ELLA."

Mr. Weddle says he knows the girl, but is anxious to learn the name of her sweetheart.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The Fort Wayne Rifles will soon receive new uniforms.

Hon. and Mrs. R. C. Bell are in Muncie at the bedside of Mrs. Bell's father, who is critically ill.

Miss Julia Emanuel, formerly of this city but now residing in Payne, Ohio, is visiting here for a few days.

Secretary H. C. Rockhill is sending announcements of the summer trotting meeting to be held in this city July 14 to 17.

The congregation of the First Presbyterian church of this city will give an old-fashioned basket picnic at Rome City June 5.

Col. James Geary, manager of the World's Museum, started out today with his tent show for the summer campaign.

E. F. Yarnelle, of the firm of Mossman & Yarnelle, has gone to Nokomis, Ill., to visit his parents for a few days.

Three committees of the city council are at loggerheads on the question as to what fund shall be drawn upon to pay for a drinking fountain on Calhoun street, near Dock street.

The $10,000 bond of Hon. Frederick J. Hayden, of this city, as treasurer of the Indiana World's Fair Commission has been filed with the secretary of state.

Prof. Dornbush, the artist, is handsomely decorating the room formerly occupied by the Boston Tea Store, on West Berry street, which is to be occupied by Bob Hammond's "Home" saloon.

The lamp-posts and telegraph poles on Hanna street, south of Wallace, are irregularly set, and give the thoroughfare a lop-sided and very unmetropolitan appearance. Councilman Charles F. W. Meyer is exerting his influence to have the poles reset.

The body of the aged German who committed suicide at Sheldon, several days ago, was buried today in Lindenwood by Undertaker James C. Peltier. The remains have not been identified. On the remains was found the sum of $188 cash and a decent burial was given the old man.

A number of the members of the Wayne Street M. E. church are taking steps for the opening of a free reading room at the church, where young people of the congregation may have access to good literature. It may be that the benefits of the place will be extended to the general public.

The Great Fort Wayne Pageant

A Review of the Spectacle to Be Presented at Reservoir Park for Three Evenings, Tuesday, Wednesday and Thursday, June 6, 7 and 8.

ARTICLE II.

The first article in this series, dealing with the great Fort Wayne pageant, "The Glorious Gateway of the West," revived the physical arrangements of the pageant grounds and gave specific information concerning tickets, reservations and other matters of importance. Today, is introduced a review of Scene I:

As a general thought, running through the entire production, the patron will imagine each scene opening with the music by the great pageant orchestra and the appearance of the prophet, "Thunderhead" (Donald Robertson) who announces the scene and gives the people the sentiment of the succeeding action of the play.

The first scene of the great pageant of Fort Wayne opens with the picture of a broad expanse of ground on the bank of the St. Mary's river on a bright spring day in 1680. This scene is laid within the limits of the present city of Fort Wayne. The huts of two French traders are on the edge of the primeval forest, with Indian wigwams on both sides, brightly decorated with uncouth signs and figures. Near the river an Indian youth is teaching smaller boys to dance. A group of Indian girls in games and dances, together with groups of Indian braves and chiefs and the squaws preparing the food, form a scene of confusion which takes on new animation with the coming of the French traders who display their wares.

The story of the first scene is that of the wild life of the village of Kekionga, "The Glorious Gateway of the West." It introduces the confusion in the village upon the display of the beads and trinkets from the land of civilization, the coming of the first missionary priest, and the power of the Jesuit father over the murderous savage who seeks the life of his enemy within the camp of the Miamis. Here is erected the first altar for the worship of Him who came to bring peace upon earth. The closing picture of the scene is a beautiful grouping; with the savages gathered about their protector and friend, while the visiting Frenchmen depart on their way to Montreal.

Following is the cast of characters for Scene 1, the first named being principal, and the second understudy:

A-Sayphon (The Raccoon), Sachem of the Miamis..E. H. Kilbourne..A. J. Brink.

At-Cheepong (The Snapping Turtle, War-Chief of the Miamis..Walton H. Ingham..Leo Behler.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NO INDICATIONS OF OFFENSIVE THERE

Russians Unlikely to Begin Operations on Galician Front.

Strusoff, Galicia, May 19.—(Correspondence of the Associated Press) There appears to the civilian observer here no immediate prospect of a Russian offensive on the Galician front. Meanwhile the Russian have made good use of the several months which have passed since they have occupied their present advanced positions. Trench work has been accomplished and wire entanglements constructed. An aeroplane flight which the Associated Press correspondent made over a section of the Russian front disclosed an amazing network of trenches and wire.

Several Russian generals declared that never before since the beginning of the war has their army been so well equipped with munitions, and that the army is ready to a man to advance when the orders come.

Across the flats the Austrians trenches can be seen with the aid of field glasses. Now and then an Austrian solider climbs out of a trench and strolls to a strip of woods in which white smoke patches suggest camp fires. In the immediate ofreground Russian soldiers expose themselves with seeming disregard for the proximity of their enemies, who are well within rifle range. An officer explained that because it was the lunch hour the troops relaxed their precaution to some extent. A sort of truce, it appears, has become a feature of operations, and it was, he said, quite certain that until after two o'clock no shot would be fired by either side.

Only the artillery failed to observe the truce, but that activity was limited to the firing of an occasional shell. On all sides, however, were caverns worn in the soft earth, deep enough to hide a mounted horseman—showing what might be expected after lunch.

Back through the muddy fields to regimental headquarters extend for miles roads which resemble rivulets of ink. The ruts in these trails are hub deep, revealing why the Russians offensive was brought to a standstill.

A journey of fifty miles from the Russian frontier at Husatin carried the correspondent through a fertile and highly cultivated prairie country. Tilled fields already turning green with sprouts of grain stretched away to the skyline in every direction. Women and old men were performing the labors of cultivation, but there was no sign of neglect.

Here and there were villages where dozens of wrecked cottages showed where the tide of battle had ebbed and flowed, but in most instances, these structures were being rebuilt to some extent.

The Galician peasant either smothers his hatred of the Russian conqueror or feels none at all. Directions are given freely when asked for. Provisions are readily offered and the Russian soldiers quartered in Galician villages appear to be on the most friendly terms with the people. One reason for this attitude, it was explained, may be found in the kindness with which the Russians have treated the population. For example, in a field hospital not far from the front, a pale little girl of perhaps ten years occupied one of the cots, surrounded by wounded soldiers. Other civilians are similarly given required medical attention. It is the common practice of the Russian army surgeons to take these people in for treatment free of charge.

Miss Pauline Ebersole was honored on Friday afternoon by a delightful company which Mrs. Don Evans, of Washington boulevard west, gave. Music was a feature of the entertainment which was enjoyed by ten close friends of the honor guest. A tempting supper was served the company at 6 o'clock.

The hosts in charge of canoeing at the Country club on Decoration day evening will be Mr. and Mrs. Arthur E. Smith, Mr. and Mrs. H. G. Keegan, Mr. and Mrs. Hugo Yarnelle, Mr. and Mrs. H. Brook Sale, Mr. and Mrs. John Hoffman, Mr. and Mrs. Walter Seavey. Franklin's orchestra has been engaged for the dance.

There will be a meeting of the Twentieth Century club on Thursday at the home of Mrs. H. E. Orbert. A talk on "The Immigrant in Fort Wayne," will be given by Mrs. T. P. Potts, there will be a reading by Mrs. Hughes and a discussion of welfare work for the current year. This will be the last study program for the year.

Misses Lorine Thieme and Martha Tolan gave a surprise party at the Anthony hotel on Saturday at 1 o'clock at which they did honor to Miss Irving Lutz, formerly Miss Carrie Stitel, and Miss Eva Smith, who is to soon become a bride. The bluebird was frequently suggestive of wishes for happiness and appeared in the design of tiny baskets of nuts and on favors that came in new rose and forget-me-not linen, formed the decorations of the table and colonial style bouquets of red and white sweets, which also and yellow candles in crystal holders completed the color idea of the table.

One of the prettiest and prettiest of children's parties of recent date was the one given for Little Miss Alice Overmyer at the home of her grandmother, Mrs. Ida Overmyer, on the Bluffton road. Miss Alice is here on a visit with her mother, Mrs. Bud Overmyer, from St. Louis, Mo., and there were a host of little friends, some of whom have helped Alice celebrate other birthday anniversaries, who gathered for the merry time of playing games, while many pleasant hours and some very sweet things, including a beautiful birthday cake that was lily and pink and white, were some of the things that made all the children happy.

Little Helen Margaret Pressler, daughter of Mr. and Mrs. Willard E. Pressler, of 1224 Webb street, had a birthday party on Saturday afternoon at her home all because she had reached the ten-year-old mark. The guests spent a happy time playing games indoors and out and later in the day there were just such goodies as ice cream, cake and candy served to them by Misses Guyanna Pressler and Ruth Shuster. Lilies of the valley and snowballs decorated the table prettily. The children who were present at this anniversary good time with Miss Helen were Thermeda Osborne, who won the prize in a contest, Lois Flashbaugh, Catherine Fletcher, Katherine Madden, Geraldine Follis, Lucille Sebring, Mary Sebring, Mabel Timmons, Belle Timmons, Aletha Littlefield, Eleora Follis, Harriet Shoemaker, Dorthea Cook, Thelma Shola, Catherine Amanda Pressler, Robert James Shuster.

About thirty young people helped Beatrice Madara, of Woodland avenue, celebrate her birthday anniversary. A merry game of red letters occupied the young folks a part of the time and other games followed. Miss Blanche VanBuskirk and Miss Lola Lawton earned the prizes. Refreshments were served in a dainty manner by Mrs. Madara, who was assisted by Miss Phyllis Madara and Mrs. Acne. There were present at this good time George Shivers, Lawrence Lawton, Joe Barber, Robert Barber, Horace Smith, Joe Cook, Roy Cook, Wilson Lawton, Chester Jacobs, Raymond Stonecifer, Philip Townman, Howard Stewart, Earl Hudson, Paul Smothers, Fred Humbrecht, Beatrice Madara, Geraldine Cress, Juanita Whitaker, Blanche VanBuskirk, Winifred Howard, Lela Lawton, Hazel Gren, Velma Pfeil, Thelma Clark, Irene Smith, Ruth Blackwell, Bonnie VanBuskirk, Violet Bauer, Margaret Willis, Myrtle VanBuskirk.

One of the prettiest parties of this week was given by Mrs. Ray Deahl, on Thursday evening, at her home in High street to honor Miss Edith Shiffer, whose wedding will take place in June. The rooms were beautifully decorated with flowers in pink and white coloring. A bouquet of spires crowned the center of the table and pink candles in crystal holders and daintily painted place cards were other attractive things of the decoration. The menu for the supper expressed the same colors of pink and white as much as possible. Progressive bunco was enjoyed and prize winners were Misses Evelyn Wertman and Opal Welkert, who in turn gave the gifts to Miss Shiffer. A shower of linen gifts was a surprise also that Miss Shiffer enjoyed. A bouquet of roses marked her place at the table. Miss Evelyn Wertman, also a bride-elect, was presented with a lovely bouquet of lilies of the valley. The guests were Misses Edith Shiffer, Evelyn Wertman, Opal Welkert, Edna Stevers, Mrs. Ralph Hardesty and Mrs. Ernest Baumgartner.

Kedrowicz—Doelling.

Miss Edith Doelling and Mr. Frank Kedrowicz were married in Detroit, Mich., on Monday morning, May 29, at the Holy Redeemer church by Rev. Father Prenchel. Mr. Kedrowicz was located in Fort Wayne for three years with the Fleischman Yeast company but went to Detroit four months ago.

Preble—Hake.

Miss Clara Hake, a daughter of Mr. and Mrs. Henry Hake, of Allen county, and Mr. George Preble, of Detroit, Mich., were married on May 24, in St. Joseph's church, at Hesse Cassel, by Rev. Max Fleischer. Miss Marie Preblemeier and Mr. Andrew Hake were the attendants. The bride made a charming appearance in a blue suit with a large hat and her flowers which were pink roses. The bridesmaid was dressed in a green gown and she wore a white hat. The bride and groom left the day of their wedding for Detroit, where they are to live. Mr. Preble is interested in an automobile factory.

Schible—Nierman.

Miss Lois Nierman, daughter of Justice and Mrs. A. C. Nierman, and Mr. Joseph Schible, an employe of the Fort Wayne Electric works, were united in marriage on Thursday, May 25, at 4:30 o'clock by Rev. C. O. Shirey. The wedding took place at the bride's home. The Wayne quartet and mandolin club furnished music. The house was tastefully decorated for the occasion. The wedding guests included Mrs. J. Schible, Mr. and Mrs. W. Martin, Mr. and Mrs. Knuth, Mr. and Mrs. P. Schible, Mr. and Mrs. John Schible, Mr. and Mrs. G. F. Day, Mrs. Elnora Byers, Mr. J. Beach, Miss Anna Scanlan, Misses Ruth, Fannie and Ruby Schible, Mary Nierman, Lohrine Day, Katherine and Lohrine Knuth, Charlotte and Celeste Nierman and Gladys Thomas and Messrs. Jim Schible, Dean Johnson, William Day, Herbert and August Nierman, Isaac Smith, Edward Martin and Morris Day.

AT KEITH PALACE

SPECTACULAR CLOSING BILL.

George Damerel, of "Merry Widow" Fame, and Others at Palace.

George Cohan, the supreme philosopher, sings "Always Leave Them Laughing When You Say Good-bye," and certainly the New Palace management has taken home to itself the lofty incident to that song hit in the selection of the valedictory bill of the Orpheum vaudeville season at the wonderful playhouse. Headlined by George Damerel, with Myrtle Vail and company in the lyrical subway, "Temptation," the current bill is a program so united to leave everyone with a yearning for more vaudeville. Mr. Damerel, fresh from his triumphs in "The Merry Widow" and other musical comedy successes, is a great arrival in vaudeville. With the assistance of Miss Vail, the beautiful dancing trick, Howard Haines as the exploitative hobby, and a half dozen fetching girlies, Mr. Damerel is presenting one of Will B. Hall's latest songs as an original of its kind, music by Wilbur Templeton, is typified by woman—Myrtle Vail. How Stanley the story-hearted Murray Hill, secretly Tamale-ing wants to, and learns what she affords to a man, small minded to be introduced to the sensations of a kiss, is a pretty story made as pretty as the subject can be, also done by Miss Vail and Mr. Damerel and by Howard Haines with the usually storms of smiles.

The remainder of the bill is all of very high grade.

IN THE CHURCHES

Rally is Well Attended.

The annual rally of the Christian Endeavor societies of Allen county, Lord Sunday afternoon at 3 o'clock at the First Presbyterian church, was well attended and it is estimated that 600 were present. The Harlan society was awarded the banner for having the largest percent of its members present. Miss Martha Hardine, superintendent of the Tenth Legion and the Quiet Hour, spoke on the subject, "The Good Things in Life."

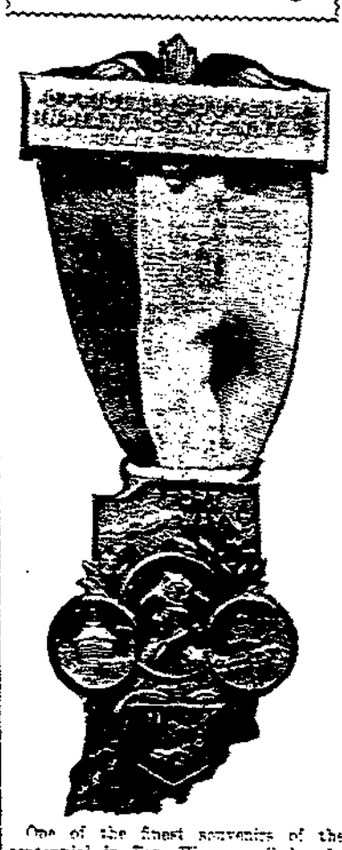
Distribute Flowers to Sick.

May day was observed at the Sunday school of St. John Reformed church Sunday morning and many of the scholars brought bouquets of flowers which were distributed among the sick of the congregation later in the morning.

Here's Official Centennial Badge



One of the finest souvenirs of the centennial in Fort Wayne will be the official badge, shown above. It is made up in copper at 25 cents and in gold plate at 50 cents. Byron H. Somers is chairman of the committee which selected the design.

THREE LADS HELD FOR TAKING AUTO

Ran Away April 1 With H. H. Rogers' Car and Then Abandoned It.

Roy Uhrig, Jay John Potts, 18, and Elvedor Mansfield, 16, were arraigned in the city court Monday on a charge of criminal complicity in the theft of the automobile of Herbert H. Rogers, the Anthony hotel spotman, the night of April 1, when the car was taken from the Harrison street side of the hotel, driven to Avilla, twenty miles north, and abandoned after it had stuck in the mud. The car was a new Overland that had been delivered to Mr. Rogers the day it was stolen and was the second car he had lost by theft. The three lads are not charged with theft of the car, but with being in the company of one "Shorty," true name unknown, and alleged to be the actual thief, and occupying a vehicle known to have been unlawfully taken. Elvedor Mansfield, being under 16, was certified to the juvenile court, and Potts and Uhrig were continued until Tuesday morning, their bonds being fixed at $100 each. The trio appear to be a gay lot and little worried by the fact of their arrest. They will admit riding with "Shorty," but declare they do not know the car had been stolen. The youngsters were arrested by Detective Sergeant Peter Funk.

House Mistress Sent to Jail.

Clara Balls was fined, guilty in the city court Monday of keeping a house of ill-fame and was sentenced by Judge H. Wayland Kerr to pay a fine of $25 and costs and to serve ten days in jail. She had pleaded not guilty, but Motorcycle Officer Jack Lee gave testimony that Jack Baum and Mary Evans had been caught in the house under circumstances that allowed no doubt of its character. Baum testified to paying Mrs. Balls $5 for a room. The raid was pulled Saturday night by Captain Richard Heller, Sergeant William Zwick and Officer Lovell. Raymond was fined $1 and costs and the Evans girl $10 and costs on charges of specific immorality. The home of Mrs. Balls is at 1602 Rome street and neighbors here lately made many complaints against it.

Other City Court Cases.

Oliver Lindner, alias McMahan, McMann and Mann, pleaded not guilty to obtaining goods by false pretenses and was continued for judgment until Tuesday morning, after testimony had been taken. He is alleged to have procured a $25 rug from T. J. Cummings, agent for the Fort Wayne Sales company, paying down a dollar and alleging that his home was at 611 Fairfield avenue, where the transaction took place. He was arrested by Detective Sergeant Pappert.

Beer drunks were dismissed of: Tom Sullivan, 56 and costs; William Bellos and John Doe, turned loose.

Elmer Smith and Herman Brown, two train climbers, arrested by Nickel Plate railway officers, told conflicting stories. Brown declared they were genuine; Smith denied it. Brown was fined $3 and costs and went to jail and Smith was allowed to go.

George Harris and William Murray, two constabouts, who were well soaked with whisky and alcohol when Officer Paul arrested them Sunday, drew $10 and costs each on loitering charges and went to jail.

Edward Link, charged with petit larceny for stealing a gold watch from George Siegner, a boarder at the home of Link's parents, was found guilty and given $10 and costs and seventy days at the state farm, all of which will keep him there three months.

The cases of Martin Wright, charged with assault and battery, and Orville DeLong, charged with wife desertion and petit larceny, were continued.

Our store will be open until 10 o'clock tonight and closed all day Tuesday, Decoration day.

FORD MAY RETURN TO EUROPE.

Detroit Arm Man Likely to Renew His Effort for Peace.

Detroit, Mich., May 29.—Henry Ford, who organized the Ford peace expedition which sailed for Europe last winter, may return to Europe to renew his efforts to bring about peace among the warring nations. This possibility was made public by Theodore Delavigne, who is in close touch with Mr. Ford. He said Mr. Ford may sail for Stockholm about June 15. Gaston Plantiff, who was left in charge of the peace party when Mr. Ford was taken ill last winter, has been here for some time. It was said he will sail for Europe June 12.

JAMES J. HILL PASSES AWAY

(Continued from Page 1).

Toured the Country.

As a mere roustabout lad of 18, Mr. Hill toured the country from Maine to Minnesota, finally locating in St. Paul. He found a job here as stevedore and clerk. He studied river transportation and then the problem of rail transportation. Year by year he climbed in the railway world. In 1883 he undertook the extension of the St. Paul, Minnesota and Manitoba railway to the Pacific coast.

With the line to Puget Sound once laid, he turned empire builder. He introduced the live stock industry into vast areas of bunchgrass plains, and developed them by importing blooded stock; he sent demonstration trains through the country with men who showed the people how to raise more wheat to the acre; he made an outlet for the grain by establishing a cheap rate by rail and steamship to Buffalo, where he built great elevators; in fact, for upwards of twenty years he left nothing in his power undone to develop the country where he had staked out his claim as the great common carrier.

American Export Products.

It was Mr. Hill who got American wheat and flour into Japan and China.

While Mr. Hill built up for himself and his associates an immense fortune, he also helped to create for the settlers along his lines a wealth of over five billion dollars in real property, which is represented by the value of the 400,000 farms and their 65,000,000 acres of improved land.

Upon his retirement at 69, the "streak of rust" he had bought thirty years before, had expanded to more than 6,000 miles and it was earning gross profits of more than $66,000,000 a year and carrying 15,000,000 tons of freight annually. He still retained a hand in the Great Northern's policy as chairman of the board of directors, while his son, Louis, who had worked up from the humblest position of his father's railroad, became president.

The secret of Hill's success was no secret at all, according to Mr. Hill, and he had no new recipes to offer. "The man with the big opportunity today," he said, "is the man in the ranks." But the secret of failure he frequently declared to be extravagance. He regarded this as a national tendency, against which he strongly set himself, particularly as concerned the natural resources.

During his active supervision of the Great Northern system Mr. Hill oversaw almost every detail, to the wonder of all employes with whom he came in contact.

Active to the Last.

For several years James J. Hill had been in the habit of insisting both to his friends and to the public that he was not actively engaged in business.

Just how active he was during the last two years of his life can be judged only by little evidences of his master hand in questions affecting the Great Northern railroad and the First National bank of St. Paul, and by three outstanding accomplishments in which his will and genius asserted themselves.

From a world viewpoint it would be hard to say whether his staunch support of the Belgian people, following the invasion of the Germans, or the part played in the negotiations for the $100,000,000 loan to the allied governments is the more important. From the time the work of succoring the Belgians began, Mr. Hill took a leading part in the movement. It will probably never be known how much money he sent to King Albert, an old personal friend, and how much he induced others to send.

An International Figure.

His place as an international figure was never more prominently displayed than when the representatives of the allies came to New York in quest of a huge loan. One of the first men to be sent for by J. P. Morgan was Mr. Hill and his assurance that he and the people of the northwest were prepared to do their share in taking up the foreign bonds is believed to have contributed largely to the success of the negotiations. From a local viewpoint his upbuilding of St. Paul stock yards principally through the decision of Armour & Co. to come to the suburb, claims first rank.

His claim to being the original advocate of live stock development in the northwest is unquestioned, and since the retirement of A. B. Stickney, he has been the most ardent proponent of the upbuilding of the industry at this center, a work which has been taken up by his son, Louis W. Hill.

NEWS ON WALL STREET.

New York, May 29.—The news of the death of the man who for two generations has been a dominant personality in the financial community, was received in Wall street today with many expressions of sorrow and a feeling of almost personal loss, for James J. Hill had not only many intimate friends among foremost financiers, but was a familiar and popular figure with Wall street workers.

The financier's death did not cause the slightest disturbance in the stock market.

BABY BOY ARRIVES.

A son was born Monday morning at St. Joseph hospital to Mr. and Mrs. Jerry Strayer, of Los Angeles. Mrs. Strayer was Miss Zoe Long and she has been visiting her mother, Mrs. Mason Long, for some weeks. The baby is to be named Baron William.

SHE'S A STAR; ALSO A GOOD COOK.

VIVIAN MARTIN

You know her as a charming movie actress but her husband, the son of the late Joseph Jefferson, and friends, know her as the film world's best cook.

Mrs. Jefferson is Vivian Martin on the film. There was a time not many years ago when Miss Martin, in the days of her real Missbood, used to divide her time between the Martin kitchen and the theater. Now she divides it between a moving picture studio and the Jefferson kitchen.

GREEK NEWSPAPERS ESCAPE THE CENSOR

But Rigorous Watch is Kept on Press Stuff to Foreigners.

Athens Greece, May 15.—(Correspondence of The Associated Press.)—It has been one of the revealing circumstances of the political situation in Greece since the formation of the Skouloudis ministry that the censorship of press cablegrams to other countries has been not only rigid, but double and sometimes triple. There has been no censorship at all of the Greek newspapers.

To jealousy and mutual mistrust among members of the cabinet is attributed the manifold censorship of cablegrams. Four former premiers sit in the present ministry, held together solely by their common hatred of Venizelos and their desire to keep him out of office.

Premier Skouloudis, as minister for foreign affairs, exercises the ostensible censorship. Telegrams are brought or sent to the ministry and submitted to a young diplomatist, formerly Greek charge d'Affaires in Montenegro, who either passes them, or himself in turn submits them to the premier. The latter process is a long one; as Mr. Skouloudis is in no hurry, and often the sender of a message must wait two or three hours to learn whether his message may be sent. He generally must wait in person, as the minister frequently requires the alteration of a word or two. If the sender of the message is not present to accept the alteration, the message is killed as a whole.

But though bearing the premier's red-pencilled authorization, the message is by no means sure to go. Former premier and present minister of communications, Rhallys also has a say about it. He does not always agree with his colleagues, and if he does not, the signature of the regular censor becomes meaningless. No one sees Mr. Rhallys' censor. The messages are sent to him, he works his will with them, and they are returned. There is no appeal and no possibility of explanation or alteration.

But Former Premier Demetrios Gounaris has no great faith in the judgment of either of his colleagues. He is minister of interior, and as such is head of all the police, and of the secret police in particular and any messages reflecting on him fail to arrive at their destination. And requests for investigation prove fruitless waste of effort.

Duncan Slugs Umps; King Dick Works

Score of Police Break Up Riot on Central League Field at Muskegon

Umpire Schuster, of the Central league, was assaulted and rendered unconscious by Outfielder Duncan, of the Grand Rapids club, at Muskegon Sunday, in the midst of a riot that was broken up by a squad of twenty police.

President Dickerson, of the league, was in the stands and saw the fruits of his policy to give the players more power and tie the hands of the umps. This policy was proclaimed by good King Dick amidst the blare of trumpets and a shower of confetti, the day he was elected, and a lot of baseball old heads have been sitting tight and waiting ever since.

Dickerson ran into the field as soon as the crowd swarmed around the player-thug, and asserted the big squad of police in restoring order. He then proved his good sportsmanship by getting out without any preliminary fuss-making, and umpired the game himself. He announced that Duncan never again would play in the Central league.

Shuster was unconscious for several hours, but his condition is not considered dangerous. The assault took place on a close decision, and Duncan ran up to the umps, delivering a horrible mallet wallop on the jaw. Shuster dropped and the crowd rushed in. However, the situation was rather trying earlier in the game, and the management had a big reserve of police officers on the grounds.

HILLINGER DRIVES SIX COUNTS ACROSS

Homers Twice While Alberts' Homer Counts Three More.

(Special to The Sentinel.)

Kendallville, Ind., May 29.—With the bases full and Bill Hillinger up in the third round, the score stood an even blank. Then old Bill connected, one of those old-time, whole-hearted connections, and the ball landed over across the left field fence and four scores trotted in—one—two—three—four—just like that.

In the fifth there was only one bag to get, and Charley Alberts went to the plate, slapping over another homer, and bringing in the pair from the sacks. Again in the eighth with but one man on, Hillinger pushed one over the fence and completed the Fort Wayne scoring.

The only Kendallville scores were made in the fourth round, when one pair came across. The line-up and score:

MORTON IS GUNNING FOR NEW RECORD.

Guy Morton, bell wether of the Cleveland pitching flock, is on his way to a record for consecutive victories. The lanky Alabaman now boasts eight straight dating from April 23, when he toppled St. Louis. Morton was at the helm in Philadelphia when the Indians regained their grip on first place.

Manager Fohl has been working his star in his turn and thereby hangs the tale of Morton's success. The latter given two or three days rest between contests is one of the most effective slabbists in the major leagues. His winning record follows:

April 23—St. Louis, 14 to 2.
April 28—Chicago, 2 to 1.
May 2—Detroit, 5 to 1.
May 6—Chicago, 4 to 1.
May 10—Boston, 6 to 2.
May 15—New York, 6 to 4.
May 19—Washington, 7 to 1.
May 24—Philadelphia, 5 to 4.

Sixteen runs have been scored off Morton in the eight games, none of which was a shutout.

WOMEN ATHLETES PROVE THEIR ABILITY BY FAST WORK IN THE FIELD DAY CONTESTS.

(By M. C. Larkin.)

Los Angeles, Cal., May 28—Demonstrating that women are as capable of participating in athletics as men, the girl students of the university of southern California recently held a field day in which all but the most strenuous sport events were on the program.

The meet was directed by Miss Edna Cocks, physical instructor for girls. The only events omitted were the shotput, hammer throw and discus heave. With the exception of the 100 yard dash all the running races were staged in modified form. The hundred was eliminated because Miss Cocks considered the fifty a sufficient speed test for girls.

"It would be foolish for women to attempt to enter sports in as strenuous a manner as men do," said the physical director. "Such a practice would only result in great harm to them physically, since the muscular structure of the woman is much frailer than that of a man.

"However, when women enter a field meet it should not be the signal for all the newspapers in the land to ridicule the event with cartoons and silly, meaningless stories, for women are just as sincere in their athletics as men. Great benefit can be derived from vigorous, healthful exercise, providing it is not severe enough to be a strain. Girls' sports need to be encouraged and not scoffed at. To encourage the girls was my reason for holding the recent field day."

The star feminine athletes of the university represented their various classes in the meet. In all twenty girls participated. Honors of the day were carried off by the sophomores, who won the sprints and the hurdles and sufficient other points to make them victors in the meet.

The finest spirit pervaded the contests, the girl losers showing the same game sportsmanship displayed by their stronger brothers.

Left to Right: Dorothy Lachman, Augusta Muller and Anita Schlotte Taking the High Hurdles in Exciting Race at Feminine Track Meet. Miss Schlotte Won the Race.

Fred Kelly, world's champion high hurdler, was much interested in the girls' meet and was surprised at the earnestness with which they entered the various events.

"If right physicial training is a good body builder for men, why is it not equally good for women?" speculated the king of the high sticks. "I believe that if women will not overdo athletics they can greatly improve themselves physically."

The most spectacular race of the day was the hurdles, won by Anita Schlotte, a star of the meet.

The girls cast off skirts for the field day and entered the different events in bloomer costumes. "It would be ridiculous to attempt athletics in our ordinary attire," said Miss Schlotte, "and for that reason we went into the field meet in our gymnasium suits."

Field meets for girls are fine to stimulate their interest in athletics, according to Miss Cocks, but the most beneficial exercise that can be indulged in by women, she says, is tennis.

"It is not too strenuous and has the advantage of calling into play practically every muscle. Field meets as a stimulator but tennis for greatest benefit."

BOWSER AND WESTERN GAS WIN AND TAKE LEAD IN SHOP LEAGUE

Bowser's and the Western Gas won in the Saturday shop league games and the Turners were ejected from their lead in the Cleary circuit. The Dudlo team won its first game of the season, and the Pennsy still keeps a clear record—clear of games won.

The games Saturday were probably the best amateur exhibitions over staged in this city, al. the scores running close, and in each case the lower team came out on top and the several thousand wild-eyed bugs howled themselves into a frenzy.

The Dudlo team defeated the Pennsy after eleven innings of play by a 10 and 9 score, and the Western Gas was the victor of a 5 and 4 affair with the Electric works. The Bowserites defeated the Turners and exchanged first place with them in a 7 and 4 battle royal.

ONE-LEGGED BOY IS STAR JUMPER.

Another promising one-legged athlete has forged to the front. He is Russell Kriss, of the Shaw high school team of Cleveland, and he has done 5 feet 6 inches in the high jump this spring. He forces his body up to a greater height with one leg than do most boys with two.

ALL READY FOR RECORD SMASMING

Indianapolis, May 29.—The annual flood of automobile race fans was pouring into Indianapolis today from every direction. The sixth annual running of the international sweepstakes on the Indianapolis motor speedway tomorrow is the attraction.

Scores of workmen were busy today cleaning the big brick oval. The drivers were making the final adjustments.

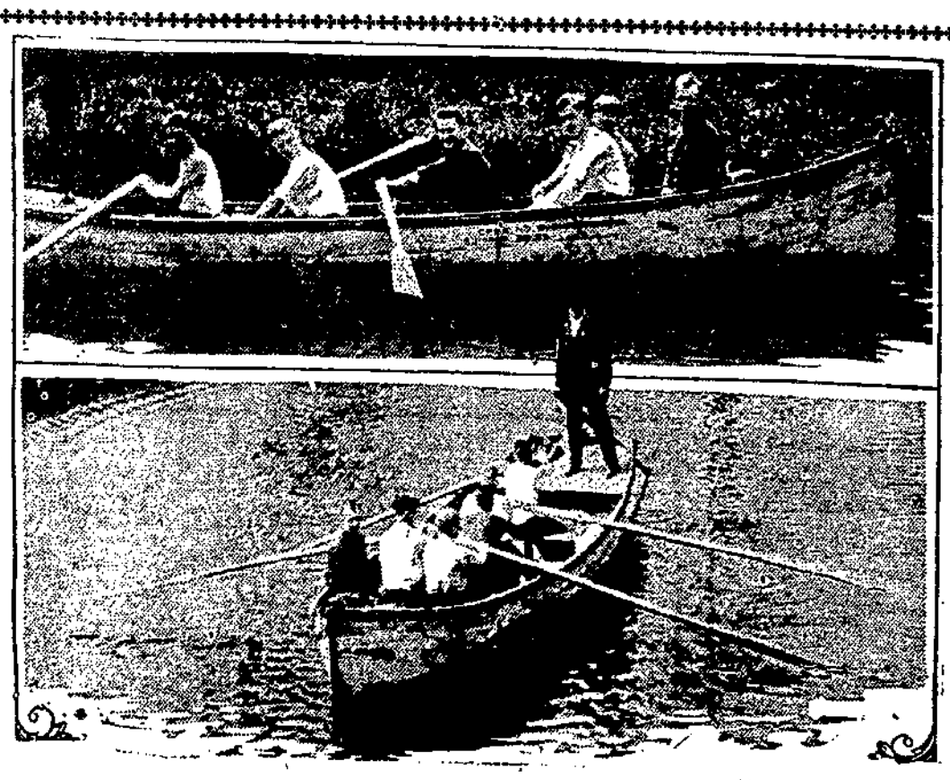
If it is cool and calm tomorrow a record breaking performance is anticipated. Ralph De Palma's average of 89 miles an hour, the record established last year, was made under nearly perfect conditions. As the field of starters is fast and the race has been cut from 500 to 300 miles, it is considered probable that his speed will be surpassed in the 1916 race.

TOWEL NO LONGER AID TO FIGHTER.

Towel tossing, long accepted as a token of defeat, has become passe in Australian prize rings. Hereafter referees will not be required to recognize the action of a second who pegs in a sponge signalizing a willingness to call off hostilities.

Another thing that referees will not disqualify a boxer for is when one of his seconds enters the ring. Formerly this was considered an act that lost for the boxer immediately. Both changes were ordered to safeguard against frauds being engineered by gamblers.

SHIP AHOY! NEW YELL AT HIRAM COLLEGE WHERE STUDENTS TAKE COURSE IN BOATING.



HIRAM BOATING CLASS ON PRACTICE SPIN.

(By Harold Johnson.)

Students at Hiram college, which isn't many miles from Cleveland, are training to become life boatmen. They want to hold good jobs on passenger steamers during the summer vacation.

Under a new law it is compulsory that all seamen shall be able-bodied and that a certain per cent undergo training in the handling of lifeboats. Hiram college, through Prof. Colton, interested itself in this order. Through one of the Lake Erie transportation companies a lifeboat 21 feet long, weighing 1,800 pounds, and containing five oars with room for two persons at each oar, was shipped to a small village three miles from the college and launched on a mill pond.

Capt. McLaughlin, of the steamship State of Ohio, running between Cleveland and Port Stanley, Ont., met eleven of the Hiram boys and gave them their first preliminary instruction in the handling of the craft. Two of the student boatmen are Calvin and Peterman, former star athletes of West high, Cleveland. William Hunt, Hiram, was elected captain and Harlan Bright, Warrensburg, Pa., chosen stroke oar.

Capt. McLaughlin will meet the boys three more times before June 12, after which he will take them to Cleveland for actual training aboard one of the lake steamers. An examination will then be given and the lucky ones assigned to positions aboard the steamers.

According to President Bates if this experiment proves successful the Hiram faculty will probably put a course of life boattraining on the college curriculum. In this event Hiram will be the first school in Ohio to offer such a course to its students.

PORT DOPE

The Fort Wayne Mags lost to the New Haven team yesterday 3 and 2.

Milwaukee, Wis., May 29.—Asserting that he is in the best physical condition of his ring career, Ritchie Mitchell, local lightweight boxer, matched to meet Charley White, of Chicago, here Monday, June 2, in a ten-round no-decision contest, predicts that he will give the Chicago boy the most severe drubbing he ever has received in a ten round bout. Mitchell in declaring himself takes exception to the alleged remarks of Nate Lewis, White's manager, that he (Mitchell) feared to meet the Chicago battler, and backed out of a match scheduled for May 9, when in reality an attack of blood poisoning necessitated a postponement. The fight again was postponed from May 29.

The Badger Juniors defeated the South Side Juniors Saturday afternoon 9 and 5. Huth and Welsh working for the winners and Huth whiffing seventeen of his rivals. Inability of the Badger Juniors to collect their team for Tuesday causes the postponement of their game with the Maroon Juniors.

The Rexalls defeated the Badgers yesterday 6 and 1 at Weisser park.

The Concordia Walther leaguers were winners over the Magonlias 11 and 8 Saturday afternoon.

The Ward White Sox went down to a 15 and 4 humiliation before the Giants yesterday.

The Colts defeated the Blaucers 15 and 4 and the Federals 15 and 10 on Yale grounds Sunday.

The Fort Wayne Senecas won a right good battle from the Butler team at Butler yesterday, 4 and 3.

St. Louis, Mo., May 29.—The popularity of tennis and golf in St. Louis is evidenced by the fact that 15,4700 permits for the municipal courts have been issued this spring by the city park commissioner and that 4,856 persons have given cards granting them admittance to the public golf links. There are sixty municipal tennis courts in St. Louis.

PORCELAIN CHINA VALVE HANDLES
STANDS UP FROM FLOOR. EASY TO CLEAN UNDER AND AROUND

And, as they say in Battle Creek—"There's a Reason"— which we'll tell you when you meet the A-B gas range at our store.

This model is most often chosen by those housewives who want everything that modern ingenuity can place in a gas range, and at the same time permit of a size to fit every kitchen and take care of every requirement of sanitation, convenience and economy. It is just like the picture, being of white porcelain half way up to the top. Has four top burners with simmering burner; and separate burner for baking and broiling oven. If you haven't examined the A. B. Gas Ranges here, you should be sure to do so before you buy; and be particularly certain to ask to see this one.

Rugs--Carpets--Linoleums--At Old Prices

Last opportunity to buy Rugs, Carpets and Linoleums at old prices. We placed orders last fall with the big mills for double our usual quantities. Some of the shipments have been delayed by the oversold condition at the various factories; other shipments have been delayed by extreme congestion in the eastern freight yards. The result is our heavy buying in the fall is reflected in the great number of rugs, carpets and linoleums sold this season to wide-awake buyers—who grasped the opportunity.

A delayed shipment of about $1,500.00 worth of Rugs, in 9x12 size have just arrived. They were placed on sale Monday morning at extremely low prices, compared to what you will pay in the fall. Note the prices. Note the savings.

SMASHED AN AUTO ON BUCYRUS CROSSING

Pennsy Freight Demolishes Taxicab and Wrecks Five Freight Cars.

Both tracks of the Pennsylvania were blocked an hour or two Saturday night at Bucyrus when the emergency brake caused a double-header freight train with over sixty cars to break in two and upset five or six cars on the right of way. As the train was passing through the city westbound the engineer noticed a taxicab stalled on a street crossing, and in his efforts to stop lest there be some one in the taxi the engineer applied the emergency brake and the wreck resulted. The momentum of the train was so great that it was carried over the crossing and the taxicab was smashed into smithereens. The occupants of the taxi, realizing their peril, got out of the machine and left it to its fate, not even stopping to flag the train. There were no lights on the taxi that could be seen by the engineer and he did not know of its presence on the crossing until he was too close to it to stop. Nobody was hurt in the wreck, but the property loss was considerable.

WILL MEET GOMPERS.

Every Labor Union Will Be Represented at the Reception.

A representative from each labor union in the city and all of the officers of the Fort Wayne Federation of Labor will turn out tomorrow afternoon to meet Samuel Gompers, the president of the American Federation of Labor and one of the best known labor leaders in the world, who is coming here to meet the members of the Indiana State Federation of Labor in conference concerning labor legislative matters and escort him from the Pennsylvania depot to the Baltes hotel, where the conference is to be held. In the evening Mr. Gompers will be the chief speaker at a mass meeting at the Library hall and the indications are that the big auditorium will be inadequate to the demands that will be made upon it for seats on that occasion, for in addition to his prominence as a labor leader, Mr. Gompers is an orator of recognized ability by all and many not connected with labor organizations want to hear him. The reception committee as compiled by the federation officers is as follows: President Joseph D. Shaw, Vice-President Lester A. Schwanz, Corresponding Secretary A. C. Berger, Financial Secretary J. J. Perrey and Treasurer John C. Werkman, of the Fort Wayne Federation of Labor; J. E. Wolf, of the Stationary Engineers; E. F. Brokaw, of the Plumbers' union; Charles Rundell, Sheet Metal Workers No. 156; Secretary Martin, Sheet Metal Workers No. 383; Edward Kibiger, of the Grocery Clerks; C. B. Huston, of Union No. 682; D. G. Steger, Pressmen's union; H. F. Swartz, of the Meat Cutters' union; Mrs. C. E. Kreider and Mrs. Winifred Redding, of the Fort Wayne Union Label League; Mrs. Donnelly, of the Cooks and Waiters' local; Miss Wynekin, of the Grocery Clerks; Jerry Crowley, of the Steel and Iron Workers' local No. 17; Joe Wiedemeier, of the Tailors' union; William Doctor, of the Stereotypers and Electrotypers' local; Cary Stumpf, of the Photo Engravers; the officers of the recently organized Laborers' Protective union; C. W. Felts, of the Carpenters' union; Clayton H. Johnson, of the Machinists; Henry Hoeltje, of the Cigarmakers; Al Reeves, of the Bakers and Confectionary Workers; Joe Cordes, of the Brewery Workers; Ben Davis, of the Iron and Steel Workers No. 14; P. R. Bell, of the Typographical union; Geo. Kiefer, of the Beer Drivers' union; Al Lamont, Bartenders' local No. 365; William Worland, of the Piano Workers; E. T. Drew, of the Painters' union; E. C. Carter, of the Cooks and Waiters; President C. W. Kroener, of Friendship lodge No. 70, Machinists; Charles Butler, of the Knitters' union; Joseph Seaman, of the Moulders' union; J. J. Coolican, of the Electrical Workers' local No. 723; Lee Norford, Electrical Workers No. 305; Carl Becker, Blacksmiths' local.

Mr. Gompers will be introduced to the audience by John C. Werkman, one of the oldest and most active of Fort Wayne labor leaders, and other speakers will be Charles Fox, president of the Indiana State Federation, and some of the local labor leaders.

INSPECTING THE G. R. & I.

Pennsylvania Officials Making Trip Over the Line.

The annual inspection by the Pennsylvania officials of the G. R. & I. is being made. A special train bearing Vice-President J. J. Turner, Vice-President G. L. Peck, General Manager Benj. McKeen and some other officials of the Pennsylvania and the G. R. & I. passed through the city over that line yesterday morning, en route to Mackinac, the northern terminal of the road. It will again pass through the city on the homeward trip about 5 o'clock tomorrow evening. Vice-President E. B. Taylor's private car was a part of the special train as far as this city, where it was cut out and sent back to Pittsburg. General Manager E. B. Wood will accompany the officials tomorrow. Supt. B. H. Hudson will also accompany the party over the line from Grand Rapids to Fort Wayne.

EASTLAND TO BE REBUILT.

Horror Ship to Make First Trip Since Disaster Last Summer.

Chicago, May 29.—The steamer Eastland tomorrow will make its first trip on Lake Michigan since it turned over last summer in the Chicago river, causing the death of more than 800 persons. The boat is to be towed to a shipyard in South Chicago to be rebuilt and equipped as a training ship for the Illinois naval militia.

CITY BREVITIES.

"The country has never shown greater indifference to a presidential campaign than that which will be formally launched this month," declares the monthly letter on business conditions just issued by the First National bank. "Notwithstanding this, however, the tendency of business men everywhere is to proceed cautiously and not to take undue risks."

The case against W. C. Rastetter, charged with employing Elmer Weitzman, a boy under sixteen years of age, during school hours, has been continued until next Saturday afternoon at 2 o'clock. The affidavit was filed in the court of 'Squire C. W. Rayhouser. George H. Buck, proprietor of a fish market on Harrison street, was fined $10 and costs for the same offense by 'Squire Rayhouser.

James M. Barrett, jr., of this city, was one of ten men to be initiated into the "Woolsack" at the University of Michigan last week. The "Woolsack" is an honorary law society, new members being selected according to class standing and campus activities. Mr. Barrett is a senior in the literary department of the university.

ESTABLISHES SCHOOL FUND.

Will of Mrs. Annie M. Barker of Terre Haute is Probated.

Terre Haute, Ind., May 29.—St. Joseph's Roman Catholic parochial school was the chief beneficiary of the will of Mrs. Annie M. Barker, which was admitted to probate yesterday in the disposition of an estate estimated at from $15,000 to $20,000. Mrs. Barker who died this week, was the widow of Samuel C. Barker, formerly a wholesale merchant. Bequests were made to the Sisters of St. Frances for furnishing a room at St. Anthony's hospital; to St. Ann's Home for Orphans, and to relatives, and the residue of the estate was bequeathed to the bishop of the diocese of Indianapolis, in trust for the creation of the "Barker memorial fund," to be used for the benefit of St. Joseph's school. A proviso is made that if any of the legatees contest the will any provision to them is rendered null and void, and the bequest reverts to the memorial fund.

CHICAGO GRAIN AND PROVISIONS.

Chicago, May 29.—Rain in Oklahoma and Kansas brought about material declines today in the prices of wheat. It was said moisture was plentiful in the drought-stricken territory that needed it most. Opening quotations, which ranged from ¾c to ⅞c lower, with July at $1.03⅛ to $1.01½ and September at $1.08 to $1.09½, were followed by an additional setback and then a moderate rally.

The close was unsettled, ¾c to 1⅛c net lower, with July at $1.07⅞ and September at $1.08⅞@1.09.

Corn swayed with wheat. Trading was mostly in small lots. After opening ⅛c to ⅛c lower, the market recovered virtually in full.

The close was strong at ½c to ⅝c net advance.

Weather of a kind to favor growth made the oats market easy. Selling was general.

Plentiful receipts of hogs carried down provisions. No support developed when the sharp breaks had taken place.

THE DAY ON WALL STREET.

New York, May 29.—Aside from such specialties as the automobile group, in which gains of two to five points were recorded, no striking changes from last week's final quotations were noted on the resumption of trading today. Other shares, such as Crucible Steel, Mexican Petroleum and some of the metals were lower by a point. There were fairly large initial offerings of United States Steel, Reading and Kennecott Copper at minor change, but otherwise dealings were light and narrow.

Prices hardened later, the strength of Reading and Lehigh Valley, especially the latter, forming the basis of general improvement. Motors continued to head the special list although the movement in that group was light. Among inactive issues Loose-Wiles first preferred was prominent for its rise of seven points. Business fell away noticeably on the better tendency. Bonds were firm.

ROTARIANS WILL ENTERTAIN LADIES

Members of the Fort Wayne Rotary club will have as their guests next Thursday evening at their monthly banquet at the Anthony hotel their wives aand sweethearts at which time the innermost secrets of Rotary are to be exposed. It will be the first ladies' night ever attempted by the club.

Elias Day, director of the Lyceum Arts conservatory at Chicago, will be the chief entertainer. He will render a program consisting of a series of impersonations.

A number of songs will be sung by Mrs. Edith Nickell Bailhe, wife of Rotarian George Bailhe.

Rotarian Maurice Niezer has been delegated to expose the inner secrets of Rotary. He will speak on "What Is Rotary?"

OFFICIAL FORECASTS.

For Fort Wayne and vicinity (radius 20 miles): Thundershowers this afternoon or tonight; Tuesday partly cloudy.

For Indiana: Thundershowers this afternoon or tonight; Tuesday partly cloudy.

For Ohio: Thundershowers this afternoon or tonight and probably Tuesday.

For Lower Michigan: Unsettled tonight and Tuesday, probably showers except generally fair west portion Tuesday.

WEATHER CONDITIONS.

The pressure is generally low in the central sections of the country, and the weather is somewhat unsettled as a rule. During the last twentyfour hours showers occurred in the far northwest, and in northern and central districts to the eastward of the Rockies. Moderate temperature conditions prevail but the weather is somewhat cooler than the normal in the western states, and generally warmer than the seasonal average over the greater portion of the eastern half of the country.

P. M'DONOUGH,
Local Forecaster.

AUTOMOBILE OVERTURNS.

E. Rosenthal, a wholesale grocer at Muncie, suffered a broken arm and other minor injuries when the automobile he was driving turned over in the road near Maysville, Sunday evening, about 5 o'clock. Rosenthal lost control of the car. His companion, whose name could not be learned, was badly bruised about the face and shoulders.

The two men were brought to Fort Wayne in a passing automobile and after having their injuries dressed took an interurban for their home in Muncie. A bent axle and badly bent fenders was the extent of the damage to the automobile.

Baby Bonds Build Wealth and Character

Baby Bonds are endorsed by many of the local business men, not only because they cultivate savings habits, which they realize is highly desirable in any community, but also for the fact that these savings habits never fail to mold character. Little extravagances, which frequently lead to bad morals, are displaced by a habit of denial which makes character of a higher quality.

Baby Bonds are in $10 denominations, secured by first mortgages on local real estate and bearing six per cent. interest. For further information call the Wildwood Sales Company, Shoaff building.

A Ten Dollar Bill Secures One Of these Ideal Home Sites For You!

Located out on South Calhoun street, with pavements all the way to the addition from Fort Wayne's business center.

On a tract that nature made ideal for a homesite, and which was laid out by that famous landscape artist, Mr. Arthur Shurtleff, of Boston.

On ground that is 50 feet higher than the level of the courthouse, with a gently rolling surface, and with just enough of the original growth of forest intact to make it really beautiful.

Could there be a choicer spot upon which to lay plans for a future home?

Lafayette Place

the addition with positive possibilities

Restrictions For Your Protection

Every possible undesirable feature has been eliminated from Lafayette Place by the rigid restrictions which have been placed upon it. Every single lot has its own building line. There can be no stores, saloons, livery stables, or business houses of any kind to encroach upon the beauty of this addition. Unsightly fences, advertising signs, etc., are all tabooed. The company reserves the right to refuse the sale to anyone whom they may consider undesirable. All this guarantees a select neighborhood and a rapid increase in values

All Improvements Within Three Years

The Lafayette Place Company has contracted to co-operate with the property owners to secure all improvements within three years. By this plan you are saved the additional cost of sewers, pavements, light, gas, water, etc., which would otherwise have to be added to the cost of each lot. You also save the amount that would have to be charged to interest on these improvements, as well as the amount the improvements would depreciate before they were really used. The total saving effected on each lot by this plan is at least $125.

Squarely In The Path of Fort Wayne's Southward Growth

Remarkable increases in value have taken place in all of the restricted additions of the south side within the last five years and Lafayette Place, laying squarely in the path of Fort Wayne's great southward growth, is predicted to increase at least a similar percentage. There is no more promising investment to be had today than such real estate. And the lenient terms on which Lafayette Place property may be purchased make it an investment that every man or women in Fort Wayne should thoroughly consider.

You Can Afford One of These Lots If You Will

The man who says, "I can't afford to spare the money," is not the man who is progressing in this day and age. In a few years' time if you wished to sell out, you would find that the $10 a month that you had invested have not been missed at all, and your original investment, together with whatever increase in value had taken place, would then be "velvet," then you will realize the real possibility for saving afforded by the "Ideal Home Site Addition."

MANY AT ROBISON PARK FOR OPENING

Ideal weather and a tremendous crowd marked the formal opening of Robison park, Sunday, for the summer season. Three minute service was provided by the traction company for the greater part of the day.

The opening of Fort Wayne's popular summer resort was featured by two concerts by the Elks' band, the first from 2 until 5 o'clock in the afternoon and the second from 7 to 9 o'clock in the evening.

A spectacular balloon ascension was made at 6 o'clock by George Huebner, who ascended into the clouds in a gas balloon, cutting loose with a parachute 6,000 feet above the earth.

There were large crowds at all the city parks Sunday. The various country roads were kept hot with automobiles. Many Fort Wayne people attended the formal opening of Tri-Lake resort, near Columbia City, where Aviator Heth and his aeroplane were the principal attractions. Aviator Heth left Tri-Lake Sunday night for Warsaw, North Manchester and Huntington, where he will advertise the Fort Wayne centennial.

TARIFF YARNELLE'S THEME AT PITTSBURG

E. F. Yarnelle, of this city, was one of the speakers at the recent convention of the American Iron, Steel and Heavy Hardware association at Pittsburg. In the course of his remarks Mr. Yarnelle said:

"We are living in a very peculiar time. We have got to admit that we are in a very materialistic age. We are doing our part to carry on the great scourge across the water. We must not forget that we have had some part in that struggle, and we have been taking no small part. We are blessed in this, that the war has saved us from worse trouble. Had it not been for the war in Europe there would not be the smiling faces in this convention. The lowering of the tariff would have meant many idle mills in New England, because of the fierce competition from abroad. I firmly believe we have been saved from a great disaster. I have perfect confidence in the American people that whether the war ceases or continues, they will be able to take care of themselves.

METHODIST GENERAL CONFERENCE AT END

Adjournment is Taken to Meet at Call of Board of Bishops.

Saratoga Springs, N. Y., May 29.—The sessions of the general conference of the Methodist Episcopal church held here during the last four weeks were concluded today with a meeting at which practically all of the business transacted was of a routine nature. The final roll call, which every delegate was required to answer, consumed nearly two hours. A large number of committees previously authorized to administer plans for various activities adopted by the conference were appointed.

For the first time in the history of the conference adjournment today was not final. The delegates adjourned to meet at the call of the board of bishops at a time and place to be fixed by them. This action will permit, if it is deemed available, of a session in 1918 to consider the plans for the unification of Methodists, which will be presented to the southern Methodist church at that time.

Seven new bishops and two missionary bishops were consecrated yesterday. Those consecrated and the stations to which they have been assigned were: Herbert Welch, Seoul, Korea; Thomas Nicholson, Chicago; Adna Wright Leonard, San Francisco; Matthew S. Simpson Hughes, Portland, Ore.; William Fitzjames Oldham, Buenos Ayres; Charles Bayard Mitchell, St. Paul, Minn.; Franklin Hamilton, Pittsburg.

The missionary bishops were Eben Samuel Johnson, Africa, and Alexander Priestley, Camphor, the only negro chosen to the Episcopacy this session, Liberia, Africa.

GERMANY NOW SAYS IT WAS BAD MISTAKE

Berlin, May 29. The introduction some years ago of an exchange professorship system between Germany and America was a tremendous mistake, for it led America to the false belief that her educational institutions are as good as those of Germany, according to Prof. Eduard Meyer, himself one-time exchange professor and now as then, professor of history at the University of Berlin.

"The exchange of professors," says Prof. Meyer, "which the government called into being against the warning of the Berlin philosophical faculty, was a failure. In reality we sacrificed the hitherto recognized superiority of our universities, and awakened in the Americans the energetically exploited belief that they are equal, even superior tous. It is clear that the question is now settled and that it will not arise again. Should an effort be made to revive it I am firmly confident that it would collapse under a storm of indignation.

Prof. Meyer, who holds the degree of LL. D., from the University of Chicago, went to Harvard in 1909 as an exchange professor. He holds honorary degrees from Oxford and St. Andrews universities in England, and from a number of German institutions.

CLAIMED AS NEW RECORD.

Gun Crews of Cruiser San Diego Do Remarkable Shooting.

San Diego, Cal., May 29.—What was claimed today as a new record for accurate and rapid fire long range shooting was established by gun crews of the cruiser San Diego at elementary practice off this port Saturday night. The official number of hits will not be known until the target screens are examined by the umpires, but it is reported the six-inch gun crew scored 29 hits in forty shots, while the men behind the three-inch batteries achieved 15 hits in 27 shots. The firing range was 2,400 yards.

TELLS OF RETURN OF LONG LOST GRIP

Cal West is Able to Carry Objects Since Taking Tanlac.

The words of a well known retired farmer of near Fort Wayne, Cal West, who lives on rural route No. 10, have been added to those of hundreds of others of this vicinity who praise Tanlac, the Master Medicine, because of relief they derived through its use. Mr. West said:

"For a long time I have suffered from rheumatism in my shoulders and arms. I had severe rheumatic pains and twinges in my arms and shoulders. The rheumatic trouble was of such a nature that I couldn't pick up anything or carry an object very far until I'd drop it, my grip giving way.

"I have taken four bottles of Tanlac and now am on my fifth bottle. The rheumatism in my arms and shoulders has been greatly relieved. The pains are not nearly as severe as before and the grip has returned to my hands so that I can pick up objects and carry articles.

"I believe Tanlac is a fine medicine. It has helped my rheumatism and, therefore, I recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like and is a fine blood purifier.

Tanlac is now being introduced in Fort Wayne at the Wayne and Calhoun streets store of the Meyer Drug Co., where the Tanlac Man is explaining the new remedy. It also may be obtained at the other Meyer stores, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor.—Advertisement.

TOBACCO MAN NOW DEMAND SQUARE DEAL

Merchants Say Some States Are Giving Them the Worst of It.

Washington, May 29.—Demand for a "square deal" at the hands of the legislators for the tobacco industry was voiced by Jacob Wortheim, of New York, president tof the Tobacco Merchnts' association of the United States in his first annual address at the opening session of the organization here today. In this connection the speaker referred to anti-tobacco legislation in the various states, including restrictions against smoking, which, h esaid, if enacted would result in unnecessary loss of business to the industry.

Mr. Wortheim protested against the proposal to levy additional taxes on tobacco, and contended that the industry already is taxed to the limit. Statistics were presented to show that additional burdens in the way of taxes would virtually amount to a confiscation of property.

Body of Angola Student Recovered From Fox Lake With Fishhooks.

Angola, Ind., May 29.—"So long, boys; I'm going to see how far I can swim," exclaimed Walter Quigley, 18, a student in the Tri-State college here, as he leaped from a boat into the waters of Fox lake, Sunday, disappearing beneath the surface and was seen no more alive. When Quigley did not come up within a reasonable length of time after his dive his companions became alarmed and shouted to the shore for help. The body was recovered an hour after Quigley went down, a strong fishing line and a multihook artificial bait being used to drag the bottom of the lake. Joe Hollicker, 1117 Wall street, Fort Wayne, who tends bar for Chris Hegerfeld, a saloonist at Broadway and Taylor streets, that city, furnished the line and hook and caught the body. Quigley's home was with his parents at North Liberty, Ind.

LOSES FOOT UNDER WHELLS OF PARK CAR

Falling under a park car Sunday afternoon about 2:45 o'clock, Conductor Simpkins had his right foot so badly mashed that his toes had to be later amputated at St. Joseph's hospital.

Simpkins was making his way to the front of the car grabbing each post at the end of the rows of seats as he went. A girl had her arms around one of the posts and as he grabbed for it she jerked her arm away, causing him to lose his hold. He was thrown under the car, the wheels passing over his right foot. The accident occurred near stop 10.

The conductor was brought to the city in a traction car and rushed to St. Joseph hospital. The operation was performed by Dr. J. Frank Dinnen. Simpkins is twenty-five years old and came to Fort Wayne about six weeks ago from New York state.

FORTY MORE MEN NEEDED BY CO. E

In view of the fact that under the reorganization bill passed by congress, the Nation Guard is a part of the regular army, service in the guard is more attractive to young men, enabling them to get, without loss of time from their ordinary pursuits, a military training, fitting them for higher positions in the event the country ever need them. Company E will recruit one hundred men at once, so as to prepared when July 1 comes. To that end the company needs about forty good, clean young men, eighteen years of age or over.

The pay provided by the new law makes an object for enlistment. The officers will be in the armory, Flick building, West Berry street, on Monday, Wednesday and Friday nights and Saturday afternoons to receive applications for enlistment.

NEW MEXICAN NOTE DUE TO COME TODAY

Washington, May 29.—The new note from the de facto government of Mexico to the government of the United States, believed to contain renewed demand for withdrawing of American troops from Mexico, was due to arrive here today. Manuel Mendez, General Carranza's personal messenger, is bringing the communication. It may be laid before Secretary Lansing during the day. Officials still were without definite information concerning the exact nature of the communication early today, although it was generally believed to suggest again the withdrawal of American troops. Signs were lacking that the administration was prepared to acquiesce in such a proposal.

Dreadful Cough Cured.

"Following an attack of pneumonia I had four years ago, I had a dreadful cough that hung on for months," writes Mrs. Owen Caruthers, Wabash, Ind. "I lost in weight and became alarmed about my condition. I doctored with a number of remedies without benefit until taking Chamberlain's Cough Remedy. It helped me almost immediately and by taking one bottle of it I was cured." Obtainable everywhere.—Advertisement.
